LOUS HEALING AS TOLD BY
HIS MOTHER MRS. KAREN
WEBBER

A CHILD IS HEALED

...MANY LIVES
HAVE BEEN CHANGED

Brett was born unable to swallow. Part of what he ate went to his lungs instead of his stomach because of a constricted muscle. He was being fed through a tube going directly to his stomach.

Here is a resume' of what happened three years ago:

Mrs. Evelyn Murdock, Brett's babysitter, called me at work one afternoon to ask me if she could keep Brett for a while that evening. There was an evangelist in town named Leroy Jenkins who was supposed to be able to help people be healed through prayer. I told her she could take Brett, as I couldn't see any harm in his going, although I was quite sure that Leroy Jenkins was a hoax. I had a feeling that I should go to the meeting also, but talked myself out of it. I convinced myself that there was nothing to it and going would be a waste of time.

When Mrs. Murdock brought Brett home that evening she told me that she had talked to Mr. Jenkins about Brett and he had told her to come back the next night with me and

Today, three years after his healing, Brett enjoys a happy, normal life and is a glowing testimony to God's healing power. Here he is visited by Rev. Jenkins in his parents California home.

Brett. . .and a sandwich! I looked at her in horror. "I'm not going to give Brett a sandwich—he could choke to death on the spot."

My husband, Paul, and I discussed the whole situation later and decided that it might be interesting to go see this fellow for ourselves, anyhow. And I did hate to hurt Mrs. Murdock's feelings—I knew she had her heart set on going.

We planned to go that night right after work without eating dinner first—that would give us a good excuse to leave early. We were all set to leave—without the sandwich—and stopped to tell Paul's parents about it on the way. They suggested we take a sandwich—just in case we decided we wanted it. So I tucked one away in my purse so no one would even know I had it.

We picked up Mrs. Murdock, her daughter, and Brett and off we went—Mrs. Murdock filled with hope and prayer, Paul and I filled with skepticism with just a faint gleam of hope. We arrived late at the auditorium and had to sit in the back row. Soon a man came to us and asked us if this wasn't the little boy who belonged in the

front row. They promptly made a new front row for us.

We were quite impressed with Mr. Jenkins' appearance. He was a captivating speaker. But whether or not he could perform miracles was another question.

It wasn't long before he came up to me and asked me to stand and briefly explain Brett's problem. He said he was going to pray for Brett that night and that he wanted me to take him back to the doctors and have

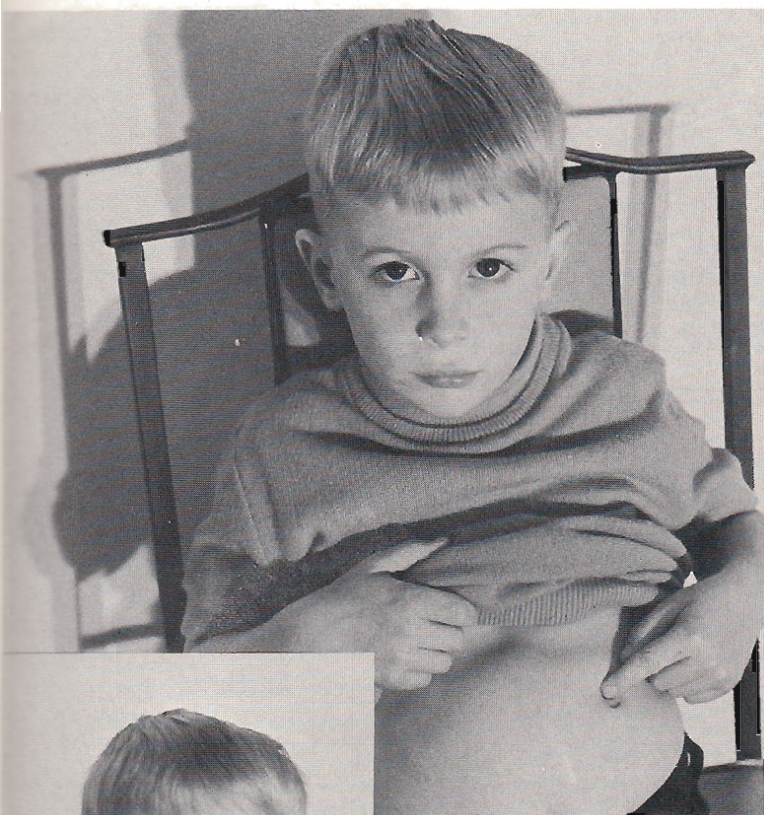

them run the tests they had before. I assured him I would, although he knew I was quite skeptical. He told me and the congregation that if Brett died he would bury him, give me a million dollars and take full responsibility. Obviously, he believed Brett would not die.

Much later in the evening after praying for many people in the audience Mr. Jenkins again approached me and told me to bring Brett up to the stage near the pulpit. I took the sandwich with me. He prayed for Brett. Brett was healed. The next day I took him to the doctor and he said his gag reflex, which had never worked properly, was quite active. They x-rayed him and found nothing wrong. His esophagus worked a little sluggishly, but this was to be expected since it had never been used.

It has been three years now since Brett was healed. Through this healing God has blessed us and others. Many have received encouragement and increased faith through knowing about this wonderful miracle of God. I have come back to the Lord and have received the baptism of the Holy Ghost. Brett is now 5½ and is growing up with the knowledge that Jesus healed him and is learning to trust him for all things. He even testifies to people about his healing on his own without us even knowing about it until later.

I praise God and pray that He will continue to bless Brother Jenkins and his wonderful ministry.

Brett shows the scar that still remains from the feeding tube that was inserted directly into his stomach.

Brett can now daily appreciate this miracle of God whenever he experiences the God given sense of "taste."

“SUCH AS I HAVE GIVE I THEE: IN THE NAME OF JESUS CHRIST OF NAZARETH RISE UP AND WALK”

MESSAGE BY LEROY JENKINS

There have been a number of people who have attended my crusades that were interested only in their physical welfare. Many times people's attitudes and motives have been wrong because of ignorance on their part. I know, I was in the same spot a few years back. When I walked under that tent in Atlanta, Georgia, I didn't know what I was getting into. I left the tent meeting that night healed both physically and spiritually by the power of God.

They say that you can't lead or guide anybody unless you've been there yourself; "experience is the best teacher" is also a good phrase to use. Well, I've "been there" and I've had the experience so let's see if I can be of help to someone who needs that physical as well as spiritual touch.

I'm going to use God's word as a guide and I want you to read the scriptures as I give them to you. Acts 3:6 is a good scripture to begin with. Peter was very bold when he spoke these words. Do you know why? Because he had already been there! In Mark 1:31 you will discover that Peter's mother-in-law had been sick and Jesus "took her by the hand, lifted her up and immediately the fever left her and she ministered unto them". Peter spoke these words to the lame man at the gate with supernatural power and authority. No doubt he remembered the words of Jesus when he said in John 14:13 "And whatsoever ye shall ask in my name, that will I do, that the Father may be glorified in the Son".

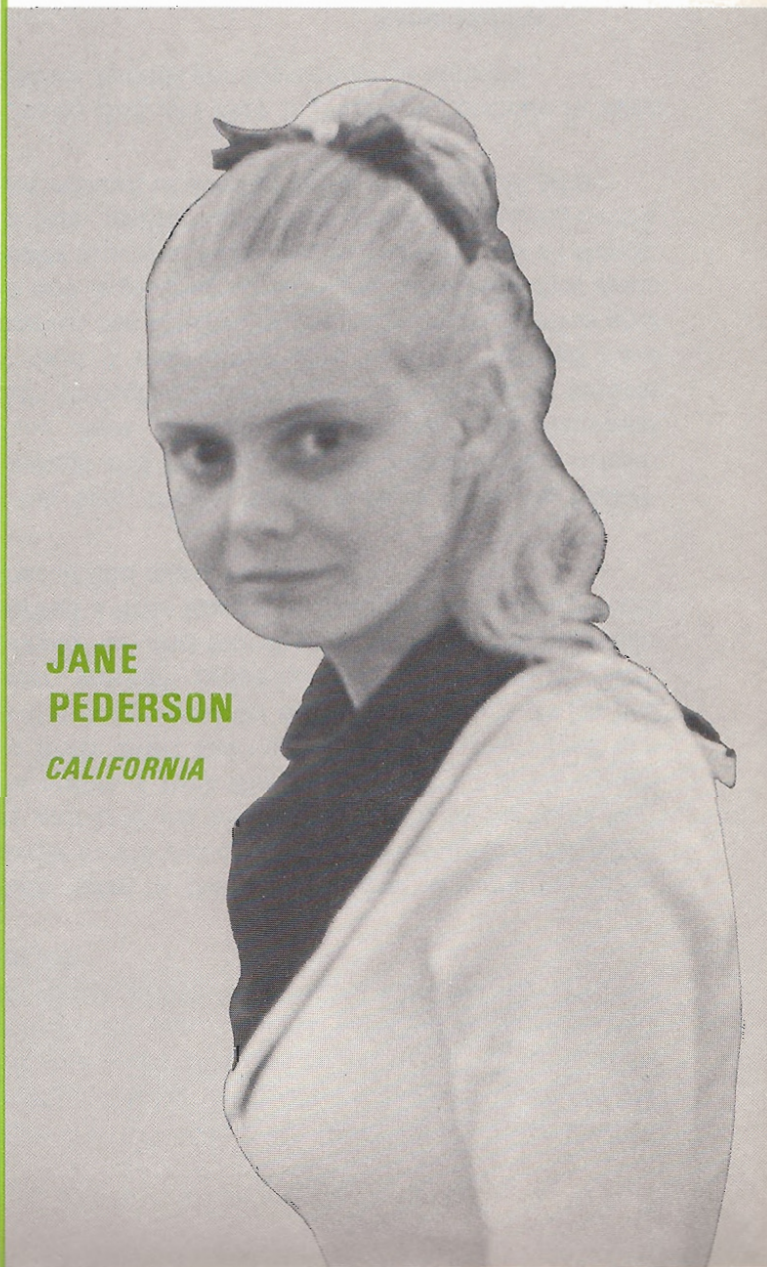

I would also like to bring in this thought too. Many people wonder why they are not instantaneously healed; why some healings are progressive and others are immediate. This man that Peter and John prayed for was lame from birth and he had been taken to the gate called beautiful daily for years. Investigation shows that the man was over 40. (Acts 4:22) How many times did Jesus, when he was in Jerusalem go past this man at the gate and he was not healed?

God has provided healing for everyone, have you received yours?

HEALED IN PRAYER LINE

I had a rupture in my side from childbirth. I decided before seeing my doctor to come to Brother Jenkins' Crusade. I had constant pain with this affliction. Brother Jenkins did not call me out during the meeting. At the end of the crusade he called for prayer cards and as I stood in the mass line, God healed me. I have had no pain or trouble since prayer. It was a wonderful experience.

"Thou shalt be saved, and thy house."

ACTS 16:31

I was born with a short leg, my right one. From the time the doctors started examining me my leg was 5/8 of an inch shorter; by the time I was ten years old it had gone to two and a half inches shorter than my left leg. The doctors made plans to operate on my leg. It was at this time, on March 1, 1967, that my family and I attended Rev. Jenkins crusade in San Jose. We went to the meetings every night but we didn't tell Rev. Jenkins about my condition. When Rev. Jenkins prayed for my leg, it grew out instantly. God not only healed me but I thank God 'cause He saved my soul and He saved my mother's soul, my dad's soul, and my brother's soul and we all thank God for sending me into this world with a shorter leg. That's how we found God two years ago!

I WAS TOLD THAT I WOULD HAVE TO LEARN TO LIVE WITH MY PAIN

For twenty three years I had experienced pain caused mainly by arthritis. For two years I could not walk and off and on I had seizures. My doctor provided pain pills and made the statement that I would just have to learn to live with my illness.

Rev. Jenkins called me from the audience, described my illness along with other conditions correctly and then prayed for me. Immediately the pain left me—as I was out in the spirit, I felt as if I were having surgery. I have no words to express my experience except—praise the Lord! I also want to thank the Lord for healing me of a short leg. I experienced this touch from God during a mass prayer in the crusade. Praise the Lord again!

MY EXPERIENCE IS REAL AND I'LL NEVER FORGET IT . .

Before coming to Rev. Jenkins' meeting, my doctor told me that I would have to go to the hospital for observation because my illness could not be definitely defined.

As I attended the crusade I experienced extreme weakness and I could not even walk up and down the steps at my motel. I wondered many times if I would be able to continue attending the meeting. I had to eat soft, plain food but I still had a bitter taste in my mouth. The fluid was so bitter that it would wake me up at night and cause me to use a mouth wash to try to overcome the vile taste.

Rev. Jenkins called me out of the audience on the third day of the crusade. He described my condition and told me about the in-decision of my doctor. After prayer, it felt like a heavy load was gone and I was set free. I'm so glad that man's extremities are God's opportunities. I no longer have the bitter taste and strength is building in my body. God has healed me for a purpose. This experience is real and I'll never forget it.
