# "WE STEPPED OUT ON FAITH"

We thank God that the ministry of Leroy Jenkins came to Northridge, California.

For the past four years I have suffered with a kidney and bladder disease. I endured much pain and never really felt good. I was spending more and more money with specialists. They informed me that I had malformed tubes and said I would just have to endure it. It was just a vicious circle of visits to doctors' offices and surgeries.

Prior to the Jenkins crusade I was having attacks every two to three weeks. I was taking pills which helped to relieve pain and infection and made it possible for me to go to the doctor. These attacks gave no fore-warning and within 20 minutes after the attack I would be passing great amounts of blood from my kidneys and the pain was unbearable. I lived in terror without the pills.

I was reluctant to disturb my husband about these attacks so when they came at night I would take a blanket and lie on the living room floor and roll and toss in pain until morning. I was afraid to tell the doctor because he wanted to send me to the hospital.

As a child I was taught to trust God and He always healed me. I went to the tent and saw the wonderful things that God was doing for those people. I wanted to be healed more than anything. Then I began praying for Bro. Jenkins to call me out for prayer. I went back two more days and the third I had an attack. I told God I wouldn't take any more pills and that He would have to heal me.

I was in pain when I went into the big tent that night, but I was ready to believe for my healing.

As I prayed for Bro. Jenkins to call me out I seemed to hear a voice say, "You are so selfish. There are others here who have cancer and those who are crippled and they need healing as much as you do. Since I made you don't you think I can heal you?" I was really asking God to heal me on my own terms. I was not called out and felt ashamed for seeming selfish. The night was growing short when Bro. Jenkins said he was going to pray a mass prayer. He said to place our hands over our afflictions and God would heal. I put one hand on my stomach and one on my back. As he prayed all my pain left and I knew I was healed. Oh, I was so happy and excited. It has now been five months and I have had no more attacks and I feel fine.

God also blessed us financially. We gave \$1300 in that crusade and really didn't have it to spare. In fact, it was all we had, but we felt that God was telling us to do it. We stood in prayer and asked God to give my husband a better job. He needed regular hours and an increase in pay. We both work. My husband is a butcher and I am a secretary.

The night the crusade ended my husband was awakened and said something kept telling him to go to Hughes Markets, Inc. He went to the Los Angeles headquarters and entered a room which was full of applicants. They said no applications would be given out on that Monday as they had plenty butchers at that time. But they gave out one application — it was to my husband.

In about six weeks my husband got a call from the Hughes Markets. They said, "Mr. Metzger, we have openings at five markets. . . take your pick!" Isn't that just like God. My husband now has the best job he ever had. It is the best paying and he only works 8 hours a day whereas he worked 11 to 12. God has now given us more than we've ever had and we never missed that \$1300.

My husband and I today are living testimonies that you can't out-trust God, and you can't out-give God. He always gives it back to us pressed down, shaken together and running over.

## ***“The Lord Gave Me Complete Healing!”***

Through a friend I was invited to the recent Tampa meeting of Rev. Jenkins. Since I was a child I had suffered with a throat ailment and at one time had lost my voice. At this time I also had a troublesome stomach condition, a heart mal-function and other things.

Rev. Jenkins approached me one Sunday afternoon during services and asked me to step into the aisle. I had never seen him before but I believed in divine healing. He told me about my condition and said God would heal me then. He prayed and I did get my complete healing for which I am thankful to God.

It has now been over three months since my healing and only this morning I had a check-up and the doctor said my examination revealed a perfect score.

I appreciate the way God is using Bro. Jenkins and would like him to return again to St. Petersburg.

## ***LOBE OF LUNG REPLACED DURING PRAYER***

In the Northridge meeting Bro. Jenkins said there was a man in the audience who had part of his lung removed due to tumor and if he would come forward he would be healed completely. I came forward and told him I was the man.

He told me that he would pay for the X-ray and for me to have my lungs X-rayed and report back on the findings. He prayed for me, and then told me I had to give up a habit. I had the X-rays made the next morning and praise God, they came out all-clear, and the lung had been made whole. The doctor said, “Whoever did that job did a good one.” I am real happy and thankful for both God’s goodness and Rev. Jenkins ministry.

E. B. GARDNER — CALIFORNIA

Sermon By LeRoy Jenkins

**P**eople all over the country are asking me why these things happen. We could say the devil is doing it and that he makes people do it. This, in a sense, is true. But just to blame all of our troubles, sins and social problems on the devil is not altogether sound reasoning.

I want to remind you that the devil could do none of these things if we refuse to give-in to him. Although Satan is full of evil, he does not, personally, commit evil in the world. Evil is actually committed when man allows Satan's evil influence to work through him. Just as God is the fulness of Love and Good, the devil is the fulness of Hate and Evil. But neither God's good nor the devil's evil can ever affect us unless we **yield** to one or the other.

This brings us to know that the creation of God, even though very wonderful and very marvelous, can be turned into vicious, dirty and vile creatures. Man was not made a sinful creature, but **he chose to be that way**. It is hard to understand how this marvelous creation of God can think and do the awful things which it does.

The Bible tells us in Genesis 1:27, "**So God created man in his own image, in the image of God created He him, male and female created He them.**" From this scripture we are made to believe that God created man in His own perfection. He was morally, physically and spiritually good. The Bible says that God saw that His creation was good. God gave man several basic desires . . . such as the desire to eat and drink, sleep, ambitions, sex drives, etc. God saw that all these drives within man were good. **He created them good.**

▶ Recently, in Tampa, Florida, a teen-age girl disappeared one night from a dance and was found the next day several blocks away . . . murdered, and in a semi-nude condition.

▶ Then there was a case in the newspapers of the mother who drowned her children. . . . she had previously done the same thing a few years ago.

▶ Again, there was the boy who destroyed several buildings by fire; and the boy who murdered his father.

# Power

When we talk about sin we frequently talk about the perversion and violation of the basic appetites and desires that God has given us. Think about alcoholism. Whenever a man becomes an alcoholic it is because he drinks the wrong things; and that to excess. In the sin of gluttony, we eat too much. Our health and welfare is further impaired by the use of tobacco, dope, etc. One of the most common of all sins is the immoral use of our sex drives. This was given primarily for the re-populating of the human race and designed to be kept under strict control according to the moral code.

Man was given ambition and the drive for success. If a wealthy person uses his wealth properly he can be a great blessing to society, his church and his fellow man. But if he so chooses he may use it for selfish influence, bribery, revelry, etc. Some people have the yen to pursue professional and artistic achievements while others desire political power. All these are, in themselves, good wholesome pursuits and can be used for good or evil. **Blessed is the man who, in his unselfishness, can devote his time and talents for the advancement of the Kingdom of Heaven.**

Now it becomes very clear to me that sin is a perversion or a turning around of the good traits in our lives. We yield to the wrong Spirit. The devil comes to our minds with the thought that we can be as God if we use these powers, talents or desires within our being in a way contrary to the law set up by God. When we do these things we run headlong into sin; into moral, spiritual or physical difficulty. God has set up His Kingdom in such a way

that if we would live by His law that all society, the family unit, our physical health, our government, everything would run right and properly. In fact, there would be no need for police forces and armies if every man would live according to the law that God has set down. But, instead, the devil has influenced man to pervert those good appetites and desires which God has so graciously created within us. The thing that mankind needs most of all appears to be power over those appetites and desires to control and use them for good. The world has prescribed a self-discipline which, in its own eyes makes a good moral person. However, it seems to me that in this generation it is hard to find a good moral person outside of Christ.

To realize this more fully let's take a look at the world today. Instead of seeking Christ for **peace of mind** they attempt to soothe this desire by the use of narcotics, alcohol, pleasure madness, etc.

They satisfy the lust of the flesh by illicit sex relations. They try to settle their nerves by nicotine addiction.

# Over Desire

The United States manufactures over five hundred and ten billion cigarettes each year. This is about ten cigarettes a day for every man, woman and child in our country. We manufacture over three billion gallons of liquor each year. This is an average of more than twenty gallons for each person in our country. In New York alone it is believed that five thousand of the city's three hundred thousand high school students are users of narcotics and, nationally, it is increasing yearly.

The Bible warns us that our time would be a time of pleasure madness. Baseball draws more than sixty million paid admissions each year. Professional fighters number over ten thousand, and there are over one hundred fight clubs. In America there are 3,000,000 golfers, 12,000,000 skiers, 10,000,000 table tennis players, 20,000,000 bingo players, 100,000,000 slot machine players, 20,000,000 bowlers, (in one season \$200,000,000 spent for balls, bags, shoes, fees), 450,000 juke boxes, 5,000,000 phonographs, (\$400,000,000 spent on records annually), 45% of the world's radios, the great majority of television sets, 11,000 professional actors, 7,000 professional actresses, 72,000,000 movie-goers weekly, etc. More people play Sunday golf than attend Sunday night church.

There are twice as many baseball and basket ball fans as there are church members. Nearly twice as many children go to movies than attend Sunday School. People average 18 hours per week watching television and less than 1 hour in Bible Study for the Sunday School lesson. **Do you think the Bible is right in stating that in our age people would be "lovers of pleasure?"** *or less as you say.*

During World War II delinquency increased in our larger cities by fifty percent. During this time there were 1,100,000 teen-age girls lured into immoral sex relations. Over 300,000 teen-agers were afflicted with social diseases and about 75,000 teen-age girls gave birth to illegitimate children. The figures are fast increasing and greatly due to the teachings of our corrupt-minded social science professors. With such terms and teachings as "free love" and "trial marriage" our boys and girls are entering into their marital contracts frustrated and filled with distrust for one another.

We could go on and on but it is time to consider how to **gain power over our desires**. Our desires are like an automobile. They are a great blessing when handled properly, but can become a death-dealing instrument if out of control.

In Romans VII we are shown the conflict between listening to the devil and listening to God. Paul showed the mighty struggle in his own life and that of every person. Speaking of the natural man he shows how the desire to do good is there, but the

power to do it is **not** there. Then, finally, we realize that **Jesus** is our power over desire. Going into the 8th chapter Paul shows how that Jesus is the answer to all our needs. He will fill our lives with His power and glory, and His Spirit is sufficient to keep us from perverting the good things that God has created in our lives. God realizes our inability to cope with our passions so He has designed a whole program to reconcile His people to Himself and restore His image into mankind today. This He had originally built into Adam and Eve but because they had listened to the wrong voice and by deception had been turned around, their desires became perverted.

**Why not invite Jesus to come into your being today?** Let His Spirit move into your soul and take complete charge. He can run your life much better than you can yourself. *Try Him*

In doing this you will find fulfillment, security and happiness. To let Jesus have control of your life will mean to have His wisdom, His power, His joy operating within you at all times. Let your daily prayer be, **"Jesus, I surrender my whole being to You. Take over my complete personality and continually increase in power and dominion within me."** **AND REALLY MEAN IT!**

**JESUS SAID, "WITHOUT ME  
YE CAN DO NOTHING."**

# I THOUGHT YOGA WAS THE ONLY

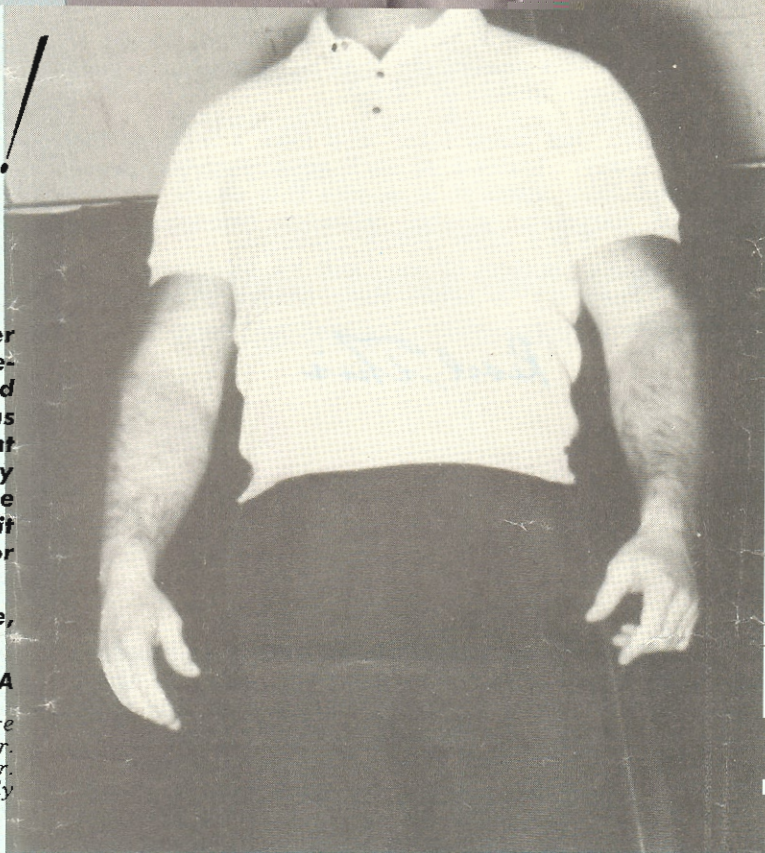

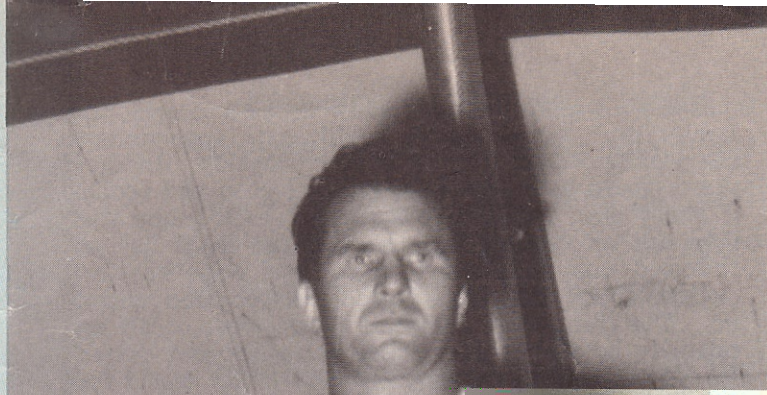

## Supernormal Experience!

Although I have travelled widely I had never seen such supernatural manifestation in religion. I attended the San Diego crusade and had my hands in the air when Bro. Jenkins approached me and said he saw the light of the Lord appear and descend down my right side and into my stomach. He told me my hernia was healed and sure enough it was. I had been troubled with this thing for two years.

This has been a great experience in my life, and I will ever be grateful for it.

ERIC PEDERSEN — CALIFORNIA

(Mr. Pedersen is well-known in physical culture circles and has some honors to his credit. He was Mr. California in 1947, tied one year for the title of Mr. America and voted as having the most perfectly shaped arms in the nation.)

## When He Touched Me, I Felt Victory In My Soul

I am Jewish and attend a synagogue in Los Angeles. I was sitting in the audience during a service in the Northridge crusade when Rev. Jenkins called me out for a little discussion. He seemed to know about my life and said that someone from Hollywood told me about this meeting. He said I had faith and said this was my night. He went on to tell me that I was deeply fearful down inside because of a condition which had existed down through the years. What he told me was true. My husband had divorced me earlier in life and I have had many hard trials in rearing my children.

Then he told me that my life would be entirely changed after that night. He then prayed for me and when his hands touched me I felt something powerful. It was an unusually strong and weird feeling. When I fell to the ground I had such a grand feeling of peace within that I just wanted to lie there. I thank God for this new strength and comfort.

## God Heard Your Prayers

At the time you were in Laurel, Maryland my wife wrote in to your office for prayer for our son. He injured his knee playing football and had to have fluid drained off every week by the doctor. He was also losing much blood in the fluid. The doctor said he may have to put it in a cast and that he might be a cripple the rest of his life. After your prayer he went back for treatment and the doctor said it had cleared up and it would not be necessary for him to come back. Thanks be to God for his love and healing power.

MR. & MRS. WM. J. HALL — VIRGINIA

## I Received A Bonus!

One night in a California crusade Bro. Jenkins asked for all who wanted a blessing to come to the front of the tent for prayer. When he prayed I fell to the ground and received a wonderful blessing. When I got back to my seat I suddenly realized that I had been healed. I had been near-sighted in my right eye. Praise the Lord!

BARBARA WILLINGHAM — CALIFORNIA

**DOCTOR SAID-**

**NO OPERATION NEEDED**

*Prayer Did The Job !*

For 10 years I have been almost completely blind. I was totally blind in my right eye and  $\frac{2}{3}$  blind in my left eye. The doctor had scheduled an operation to remove the cataract from my left eye.

Then I went to the Jenkins crusade in San Diego and Bro. Jenkins called me from the congregation and told me all about myself. The next morning I went to the doctor's office for an examination but I knew there was no use for I could see. God also healed the pain in my right side, the lump in my breast and my high blood pressure. With my pain all gone and being able to see I had the joy in my heart. The doctor examined me and sent me home. He said there was no use for an operation since that prayer. The nurse wanted to give me a shot but the doctor said, "she doesn't need any medication at all." I praised God with all my heart.

**MIRACLES!**

## Excess Weight Lost by Prayer

It was in the Cathedral of Tomorrow church here in Tampa that I asked Bro. Jenkins to pray that I might be relieved from an excess fluid condition from which I was suffering. This was before services and he told me that if God healed me I would vomit. Sure enough God led him to pray for me and I was healed . . . and vomited excessively. An infection on my right hand was also healed. Jesus is certainly the Great Physician and my faith has been strengthened greatly by this wonderful miracle.

MRS. WINNIE FORD — FLORIDA

## *My Nervous Stomach is Gone!*

For 10 years the doctors didn't know the cause of my trouble. They diagnosed it as nervous stomach. I also had growths on my eyes for this same period of time. But God healed me when Rev. Jenkins prayed for me and I am very grateful for it. He went on to tell me about how I was uncomfortable for 30 to 40 minutes after I ate a meal and that my nervous stomach would develop ulcers; to say nothing about the suffering and hospital bills that would be saved. But, praise God, my problems are taken care of and I have joy in my soul.

# A MIRACLE IN DIVINE SURGERY

## *It Happened During The*

● WHILE MINISTERING, REV. JENKINS SAID, "There is a woman in this audience who has extreme pain in her left side due to an extra rib in her bone structure. She can't bear for anyone to touch this side. Her right side also gives her trouble and the doctors have already X-rayed this and told her about it.

● MRS. LEOJEANNE NICKEL then walked up to Bro. Jenkins and said she was the woman. Also a Dr. Newman was present and was asked to verify her condition, which he did.

REV. JENKINS: Mrs. Nickel, the Lord showed me that your pain is caused from an extra rib which has grown in the bone structure around the neck area.

MRS. NICKEL: Bro. Jenkins, I have been suffering pain in my left side and there is a numbness in my left arm and a loss of feeling in the fingers of the left hand. My right side also gives me trouble.

Rev. Jenkins prays for Mrs. Nickel.

Doctor Newman, after prayer, re-examines Mrs. Nickel.

# e Northridge, Calif. Crusade

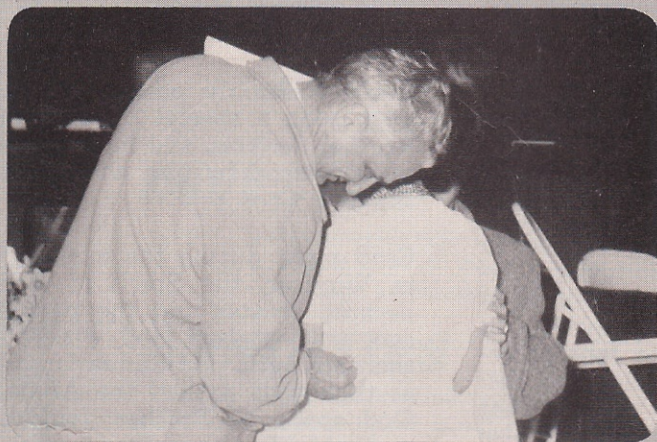

**MRS. NICKEL:** "The doctors had told me that I had an extra rib on each side of my body near my neck. I was suffering severe pain and was losing the feeling in the fingers of the left hand and my left arm was becoming numb. After Bro. Jenkins prayed for me all the pain and numbness left and I am now normal. I praise God for this miracle."

Leojeanne Nickel - Calif.

**Dr. Newman:** "By palpation (hand examination) 13 ribs were counted on this person's left side. After prayer 12 ribs were counted. This person also had extreme pain at the level of the 7th cervical vertebrae. After the Lord's healing, the pain was gone."

Robert K. Newman, D.C. - Calif.

## A MIRACLE IN DIVINE SURGERY

**Doctor Newman examines the rib structure of the left side.**

**Dr. NEWMAN:** I find 13 ribs on this person's left side.

**DR. NEWMAN:** At this point I find only 12 ribs in the left side.

**Mrs. Nickel:** The pain and discomfort is all gone and I am so happy for this miracle. Thank you Bro. Jenkins and to God be glory for this Divine Visitation.

# CANADIAN CRUSADES

Reported By Sandra Davenport

Four years ago, when we made our first visit to Sarnia, the people captured our hearts completely. With their slight British accent and their quiet dignified manner, they were always a welcome sight in the services. Sarnia, Ontario is a small city nestled at the foot of the blue-water bridge, which crosses between Michigan and Canada.

This year when we returned it was just like a home-coming. It seemed there was never enough time to talk with all our friends, who came from all over Canada, and from many of the northern states.

Our hearts were so thrilled to have **Brother Norcross**, pastor of **Bethel Pentecostal Assembly**, back in the services. **Brother Jenkins** prayed for him when the doctors had said that there was no hope. **But in Christ there is hope and Brother Norcross was praising God for complete healing.**

On Sunday afternoon, God was moving in such a special way, when **Brother Jenkins** asked for a skeptic, who didn't believe, to come forward. A young man rose to his feet and walked to the front of the auditorium, declaring that he did not believe in anything that was happening in the service. **Brother Jenkins** began to deal with him and tell him things about himself that only he and God knew, and also about a condition in his eye. Just then a young medical student jumped to his feet, said he didn't believe there was anything in his eye, and asked to verify it. Not only did the medical student verify the spot on the eye, but lifted his hands for prayer, and the young skeptic gave his heart to God and was healed. As he stood with tears streaming down his face, he took the microphone and stated that he wanted everyone to know that **God was real and Brother Jenkins ministry was from the Lord.**

This was one of our best Sarnia meetings and **God wrought many miracles through Brother Jenkins** and many were saved, healed and filled with the Spirit.

After closing the Sarnia crusade, we began services in Windsor on Tuesday, with our good friends and pastors. As the pastors made their way to the platform I observed **Brother Fitch**; for he, too, had been very ill with a stroke, and during our last visit to Windsor **Brother Jenkins had prayed for him, and he was now using his legs perfectly.** Doctors gave no hope but again God had come on the scene.

These Assembly pastors have been such a special blessing to **Brother Jenkins**, and have prayed and stood by him with their support.

Each night during the meetings in Windsor, the Spirit of God became greater and the people sang and praised God with all their strength. On Sunday night as thousands packed the Arena, **God spoke to Brother Jenkins and said, "Don't receive an offering. . . tonight is the night of deliverance."**

People all over the congregation received healing as the glorious Spirit of the Lord moved. Hundreds from **various denominations** rushed to the altar for salvation, and **Catholics** received the Holy Spirit by the scores.

Those Canadians may love their Queen, but I am convinced that their first love and loyalty is to the King, the One who rules and reigns in their hearts.

## BRAZIL CRUSADE STILL BEARING FRUIT

## CRUSADE REPORT

By Sharon Peck

In Brother Jenkins own words: *"This meeting is fantastic . . . different from usual, but great."* And great it was.

In spite of excessive rains and an apparent spiritual bloc which at first offered a problem, there came a "breakthrough" and things started happening. As I entered the tent that night I knew something was different. The air was filled with expectancy and there was a joyful and victorious Spirit.

All classes were represented but an unusual number of the elite were in attendance. The crowds grew each night until many were standing even though they braved the rain and mud to get there.

*The Spirit of God moved mightily and the Word of Knowledge was working beautifully through Brother Jenkins.*

One night Rev. Jenkins picked a man from the crowd and told him of his condition as an alcoholic. The man had no friends, loved ones or home.

After praying for him, Brother Jenkins was moved with compassion and gave him of <sup>his</sup> own personal money to get a room and food. The man was saved and delivered and returned night after night with a smile on his face and rejoiced in the services. He brought several men to the services and they found Jesus as a friend and Saviour. Many alcoholics were delivered.

One outstanding characteristic of the Charlotte, N.C. meeting was the response of the young people in coming to the altar for salvation. They held the highest percentage in accepting the Lord.

One night the anointing of the Lord was great in the service when Bro. Jenkins poured a bottle of oil on the ramp for the people to walk through. From the audience many reported that they saw flames of fire shoot upward from the bottle. The super-natural power of the Lord was so strong and visible that night that no one could fail to observe it.

Many people were healed of various diseases and deformities. One unusual healing was a man who was turning to stone. When prayed for he was instantly healed and ran all around the tent.

The seeds that were planted in Charlotte will continue to grow and while the natural rain fell in abundance the Spiritual Rain fell in greater abundance. Without a doubt the time will come when this harvest of souls is reaped and all will agree that the time and effort spent in this city was highly profitable for the Kingdom.

# GOD TOUCHES BABY'S MUSCLES

Little Donald is 2½ years old and has not been able to sit up properly since birth. The muscles affecting this had not developed and the doctor said that he might grow out of it but it would be very slow. But, praise God, when Bro. Jenkins prayed for him he suddenly jumped up from a lying position and sat up straight. We are rejoicing in the Lord for this miracle and we know nothing is impossible with God.

## Hollywood Stunt Man and Karate Expert Finds God Real

I had generally thought of ministers such as Bro. Jenkins as con artists. I was really shook-up when he revealed so many things to me which were true. Among other things he told me I needed salvation and that I had a crooked leg (which I had gotten from an injury) and that God would heal me. He said that if God didn't heal my leg I would become a permanent cripple.

This thing is real because something really got hold of my heart and with tears I surrendered my life to the Lord. And, too, I want to be in these services every chance I get. I appreciate having the opportunity to come in contact with this ministry.

## Doctor Said, "QUIT YOUR JOB!"

● I have had a nervous condition for 13 years and finally had to quit my job because of it. At the San Diego crusade I was called from the audience by Bro. Jenkins and he told me of my condition and other things and said that only God could set me free. All this had developed into a hurting in my chest but after prayer it left me. The future looks brighter and I praise God for His wonderful love and concern for us.

**Fannie Rippey - Oregon**

Bro. Jenkins:  
I wrote in to have you pray for a Bro. Geo. Anderson and, Praise God, he has been healed from tuberculosis. I am happy to enclose my monthly pledge of \$10 for your great work.

**B. E. Peters - California**

Leroy Jenkins Office:  
Accept my sincere thanks for the day I flipped on the T.V. to your wonderful program. It was then that my husband was shown the light of Christianity. He had suffered 4 heart attacks and was unable to work for some time. While watching the broadcast in Bakersfield, Calif. Bro. Jenkins laid hands on a person for a heart condition and as this person was healed my husband also received his healing. He felt a small pain during prayer but hasn't had any trouble since. He was an unbeliever but now he has a completely different outlook toward Christianity.

**Mrs. V. W. L. - California**

Bro. Jenkins:  
I had been going to the doctor once or twice a week for back trouble at the time of your Sacramento crusade. One night while you were praying for a lady I received instant healing. Later you prayed for my sinus congestion which was also instantly healed and I haven't been back to the doctor since. Thanks for your devotion to duty and to God's healing power.

Dear Bro. Jenkins:  
I was very sick with a chest cold and dropped a letter in the mail to your office for prayer. Tuesday morning I arose feeling as though I had never been sick. I also felt wonderfully blessed in my soul and I thank and praise God for His love.

**Mrs. Elva Hughes - Oregon**

Dear Mr. Jenkins:  
Your books have given me great inspiration. It seemed that my troubles were too heavy to carry until I began to pray and to read your books. Please pray that I will continue to courage and overcoming victory in my soul. May God richly bless you.

## DEAR PARTNERS AND FRIENDS:

In the course of a month's operations we receive many thousands of letters at our home office in Tampa, Fla. There is a wide variance in the content and nature of these letters but among them are hundreds that express faith, hope and appreciation experienced from this ministry. People have received this inspiration from the ministry itself; from our magazine, books and records; and now increasingly from our newest projection. . . . our T.V. ministry. Our television program is coming along nicely and enjoying steady growth. Our new series of film is being processed by Technicolor Laboratories and I am well pleased with the first viewing. We are now on **six** stations across the country and shall keep adding new ones as our budget permits.

For the month of **October** I am sending FREE to all new "Special Part-

Dear Rev. Jenkins:  
I am a widow on a pension and if it hadn't been for your prayers I would be blind and walking on the street with a white cane and a little dog. I appreciate what you have done for me and what you are doing for the world. I continually feel strength from your prayers and will continue to do what I can to help this worthy cause along. # and Friends

Rev. Jenkins:

We have just recently seen your T.V. broadcast on channel 12 in Portland, Ore. Our whole family enjoys worshipping God with you and all churches should have the demonstration of gifts as in your services. Please send us the record you mentioned on your program. (gift enclosed).

Bro. & Sis. W. E. Campbell - Oregon

Dear Bro. Leroy:

God is faithful to those who will trust Him. I wanted to receive the special benefits by becoming your Special Partner so I pledged \$100 on a \$10 per month basis. I am a part time minister and for the last 1½ years have not had job or meetings. The very next morning after mailing my first \$10 pledge I received a good job. Please mail me a brochure on the Holy Land Crusade Tour and let me know if I am eligible to go since I am now a partner. I dearly enjoy your "Revival" magazine. God bless you.

Rev. O. G. Lodge - Florida

Dear Bro. Jenkins:

I am writing you this letter because it might be of help to someone else. About 3 weeks ago my husband and I agreed to pledge you \$1 a week to help you win souls. At that time when I sent the first month's pledge for June, 1966 he was making \$1.67 per hour. This is June 20th and he is starting on a job for \$2.37 per hour; more than \$25 a week increase. Isn't that just like the Lord? I can tell everybody that you just can't outgive God. I can hardly wait to get my record of Sermons and Songs so I can take it all over the county and witness to others.

Mrs. Roy Sikes - North Carolina

Dear Bro. Jenkins:

One Saturday night we travelled 59 miles to be in your Northridge crusade. It was such a shock to think that God would lead you to call me from the audience and pray for me. You told me I had a gall bladder condition and that I would be healed, which I have. You also prayed for a sore in my nose that had been there for about a year and a half and that is why the delay in sending in this report. I have been waiting for a complete healing and now I am assured of that because even the tenderness is nearly all gone. I have seen all but two of your programs on T.V. and certainly enjoy them. One can feel the moving of the Spirit in the program; it's like being right there. I appreciate all those who are unselfishly putting so much into the Lord's work.

Gladys Reed - California

Rev. Jenkins:

For 31 years I have suffered with warts and callouses on my feet. After many doctors chopped on them or burned them with acids they were only worse. I have thrown away probably 100 pairs of good shoes for it felt like I was walking on nails and broken glass. But it was in your ministry in the Windsor crusade on June 5th that I was healed and I really am praising God for it.

Marie Caron - Michigan

Dear Bro. Jenkins:

I felt the presence of the Holy Spirit when I read your letter. I am the lady who sold my dishes and made and sold pillow cases in order to give you the \$25 for your ministry. Thanks for the receipt. Our pastor became upset when we went to the Windsor and Sarnia meetings. He is feeling better now. My husband took off Monday and we got two more cars full to attend the meeting. We had been 2 years in getting my younger sister to visit the crusades. One night I felt that it was my night to be healed. The doctors said I would never get over my kidney infection. I reached out to God when you were praying for another and asked God to give me violent chills if and when I was healed. Suddenly I had chills and my chin chattered and I couldn't control it. I love and praise God and appreciate your ministry.

NORMA AND DON TUTTLE - MICHIGAN

Tampa Office:

Brother Jenkins called me from the congregation in Windsor and told me of my condition. I was suffering from a pain in my side, terrible headaches and a nervous condition. I have gone to about 25 doctors and went to one that day for my headache. But after Bro. Jenkins prayed for me I got my healing. I am grateful to God.

Mary Greer - Canada

Tampa Office:

On May 11th, 1966 I was in a car accident and received a neck sprain and have been wearing a neck brace until June 6th when I was at your Windsor meeting and through Bro. Jenkins prayer was healed. I had been taking physical therapy twice a week but after prayer there was a complete change. Praise God.

Alveretta Schafer - Michigan

Tampa General Office:

Let me tell you about 2 healing miracles that happened to me in connection with using an anointed prayer cloth you sent me. Just before the Windsor crusade I was passing blood from what I believe was a bladder infection. Two or three days later I had severe pains in my right kidney. I placed the blue prayer-cloth next to my body on my right side and the next morning I was completely well. I have had no trouble since. I appreciate Bro. Leroy's ministry and his prophecy concerning the blessings to be received by supporting God's ministry. I thank God for my healing. I pledged \$1000 to be paid in the next three years and with God's help I am happy to do it.

H. Epperson - Indiana

Editor-Revival Magazine:

We were Methodist at the time we attended your Columbus, Ohio crusade in July 1965 and we learned more about God in that crusade than in 30 years of previous church-going. My husband was healed of throat cancer at that meeting and hasn't had a sore throat since. In December of 1965 my husband fell and had surgery in the hospital. The doctors thought his arm may have to come off but after contacting Bro. Jenkins office for prayer we received another miracle. He now has only a light scar from the doctor's scalpel. The doctors said the arm would be shorter than the other because of severed tendons but this is not the case. We cannot praise God enough for this.

Forrest and Kathleen Brunson - Ohio

Tampa Office:

Thank you for your letter. I wrote you while I was in the hospital asking for prayer for the horrible head and neck pains I have had for years. Well, I left the hospital June 1st (about the time you got my letter) for my head and neck pains were gone. I know that God answered your prayers and this is the first entire relief I have had from this in over 3 years.
