God Delivers a Man from Narcotics

(A testimony of deliverance received at our main office in Tampa, Fla.)

Dear Brother Jenkins:

I thank God for sending a man of faith like you to Northridge, Calif. I thank God a hundred times a day for my deliverance. When I was 7 years old I was filled with the Baptism of the Holy Ghost but as I grew older I went my way instead of God's way.

I started using dope at an early age and this resulted in my turning to crime. I spent many years of my life in jail and prison and in 1959 went to prison for 5 years. In there I was furnished professional help (N.A. & A.A.), group counseling, therapy, and this lasted for a while.

I was released in 1963 and allowed to come back into our so-called society. I thought I could accept life and make it on my own but before I even realized I was right back in the same old environment doing the same old things. I tried to fight the urge but it was bigger than I was. I was bound by the devil, and I gave in and didn't know what to do about it. I really didn't want to do these things and the devil had me thinking I was going to die a young man.

But GOD set me free. The devil was just a plain liar. Oh! how I thank God that you came to Northridge. I feel the anointing of the Spirit as I write this letter.

One evening as I came home from work I stopped by Dad's house for a cup of coffee. My sweet Mother said, "Son, go take a shower and put on some of Dad's clothes because you are going to church tonight. This is your night." I asked, "My night for what?" She said, "You know for what." I said, "I'm not going, so you might as well forget it."

Well . . . as we sat under the big tent I saw things that amazed me and I felt the Spirit of God there. It was Friday night and I was back the next night without coaching. The next night (Sunday) was the last service and you said that you were going to dig a big hole down in front and we were going to bury something alive in it. I really wondered what was coming off but as I was leaving for church something prompted me to go back into the house and get my hypodermic needle which I used to take my heroin.

During the service you asked for everyone who wanted to get rid of a habit to come down to the front and throw it into the hole. As they were throwing in their cigarettes, tobacco and snuff I dropped my needle into the hole. But, Praise God, more than my needle went into that hole. My dope habit left me. Praise God, I feel the Spirit so strong on me now I want to shout. You said God would set us free and He surely did! My habit so completely left me that I don't remember even how it felt.

God gave me such a double portion of blessing that since that time I have prayed for many people and they have been healed. One preacher got a new eardrum who hadn't heard from that ear for 20 years. I am dedicating my life to God's work. Bro. Jenkins, you are doing a great thing and I would love to see you again.

You have my prayers. Keep up the wonderful work.

We Miss DAD!

**Danny is now twelve...
old enough to wonder
why his dad is not at
home more than he is.**

THE TRUTH IS: there are six little youngsters at home that see their dad hardly once a month.

But Danny, being the oldest, seems more concerned, and is beginning to make a stir about this thing called evangelism that makes such demands on dads. I enjoy my children and miss their love and affection, but I guess we can't have everything we want. When there were only two or three of them, Ruby was able to travel with me in the crusades, but since more have come along it makes it too difficult. And, too, there is school to think about.

Now and then I have the family appear in the meetings, and recently Danny has been with me for several days at a time. It was then that he realized what was keeping me from home. As he witnessed suffering humanity being delivered from sickness, and burdens lifted from weary souls, he began to understand the real meaning of this ministry. He began to see my side of the matter. Then, in his own thinking, he decided that if the people would give more support to the ministry, possibly I could take more time off and be with them. The thing disturbed him so much that he decided to write a letter to the people asking for their help. But, of course, he had no way of sending it to so many. I thought maybe you might be interested in how a child, under these circumstances, might approach this problem.

*Dear Friends of Daddy,
My brothers and sisters and I miss our daddy very much. We want him to be home with us more times, but he says he can't come too often because it takes so much money to continue the ministry and he has to stay in the crusades all of the*

time so the people will continue their support.

I am writing this letter because I just thought if you knew how much we miss daddy you would help him. I also wish you would write and tell him you think it would be nice for him to be home with us for Christmas. Thank you a lot.

Danny Jenkins

I have had great plans for Danny. Many times I felt that he would grow up to take my place in the ministry. He loves people, and I want to encourage him all I can to seek God for the true purpose in his life.

Do you have children who are growing up without an aim in life? Are you teaching them about the things of God? They, too, may learn of their inclinations to be a blessing to suffering humanity. They may find fulfillment in life's calling by just being caused to know the deep satisfaction found in a dedicated Godly ministry. By all means, see that your children have the opportunity to get acquainted with Jesus. He never made a one that He doesn't have a place for.

I walked with Jesus

SERMON ON THE MOUNT OF OLIVES PREACHED BY

JESUS LOVED the hills and mountains of Palestine. He spent many hours of prayer and meditation in them and even performed some great miracles there. On this very Mount of Olives, Jesus and his disciples gathered together many times and at the foot is the Garden of Gethsemane where Jesus sweat great drops of blood in a life and death struggle to win our atonement and our redemption.

Many places of interest can be seen from the top of the Mount of Olives and on a clear day even the area around Jericho which is 25 miles away. From here one can see many of the old landmarks around Jerusalem, including the gate Beautiful and the street down which Jesus carried His cross.

In another mountain, near the Sea of Galilee (Mount of Olives) we shall find the setting for our story today. For those of you who have your Bibles please turn to St. John, chapter 6, verse 1. "After these things Jesus went over the Sea of Galilee, which is the Sea of Tiberias. And a great multitude followed him, because they saw his miracles which he did on them that were diseased. And Jesus went up into a mountain, and there he sat with his disciples. And the passover, a feast of the Jews, was nigh. When Jesus then lifted up his eyes, and saw a great company come unto him, he saith unto Philip, where shall we buy bread, that these may eat? And thus he said to prove him: for he, himself knew what he would do."

Jesus wanted to see how much faith Philip had. But like so many people today, Philip tried to figure it out in a natural way. He said, "Two hundred pennyworth of bread is not sufficient that every one of them take a little." But Jesus knew what to do. He knew that there was going to be a miracle, and that these five thousand people would witness to thousands of other people about the miracle working power of God. He knew that these people would say that they saw what happened and that they ate the bread and they were full. But the important thing was that Jesus gave them Spiritual bread as well as natural bread.

One of his disciples might have shown a little faith when he said, "Lord, here is a lad that has five barley loaves and three fishes." Jesus never performed a miracle from something he, himself, possessed. He took from a poor person, like a widow or this lad. This made the miracle even more real. Then Jesus took the bread and fish and gave it to his disciples to distribute among the people. It just kept multiplying until five thousand people were fed and there was some left over. And Jesus says that God can't heal today. They say that God can't raise the dead, grow out, and cure cancer and he can't cure diseases, when He actually created that bread for the people.

God is still on the throne and performing miracles today. The same Jesus that stood right here on this Mount of Olives still heals today. The miracles are even greater now because we don't even see the Lord.

We'll need to be working for God night and day. The time is short and Satan is trying to take over by legal means. In order to work for the Master we must live in the Spirit. He wants us to be ready and willing to say "yes" at any time. We must be led by the Spirit. "Not by might nor by power, but by my Spirit," says the Lord. We must stop our looking, our finding and back-biting and live in one accord in the Spirit.

REVEREND LEROY JENKINS PRAYS FOR ALL THE PEOPLE.

Not too far from here is the gate called, "Beautiful." About 2000 years ago a poor crippled beggar lay there asking for alms. Peter and John happened by one day and the man sought them for an offering.

Peter looked at him and said, "I don't have any silver or gold to give you, but I do have something you need. In the name of Jesus, rise up and walk." I want you to know that this man did get up and walk. In fact, he ran and leaped, and the people all around still know about this great deed. Praise God, it was in this Holy Land that our Saviour went up to heaven and at the sound of the trumpet some day the skies will burst open and our Lord shall return in like manner as he went up. Hallelujah! He is not coming back just for a certain group, but He is coming for the elect in all creeds and colors. He is coming back for the elect from all denominations regardless of who they are.

Now take your Bibles and turn to the fifth chapter of Matthew. Recite

this with me, "And seeing the multitudes, he went up into a mountain and when he was set, his disciples came to Him, and He opened His mouth and taught them, saying: Blessed are the poor in spirit; for theirs is the kingdom of heaven. Blessed are they that mourn, for they shall be comforted." Jesus went on to pronounce eight wonderful blessings upon the people. These are called the Beatitudes, and many people believe they were given in the same mountain where He fed the five thousand. Now in all of these sayings, Jesus said, "Blessed are they." No matter what the devil says and no matter what the people say, Jesus said, "Blessed are they." When men shall revile you and persecute you and say all manner of evil against you, falsely, for my name's sake, rejoice — did it say cry? — no, it said rejoice, and be exceedingly glad, for great is your reward in heaven.

Now I want all of you that have a need and you want the Lord to do something for you to place your

hands on it, I want you, at this very moment to lay your hands on your affliction and your sickness. Right here where Jesus and His disciples stood, on the Mount of Olives, I will pray for you that you shall be delivered from all sickness and that God will supply all your needs. Father, we ask you, in the name of Jesus, to heal sick and afflicted bodies as we pray now. Father, thou knowest the need of everyone and we ask you to supply the need of this brother, this sister, this mother, this son and this daughter, whatever their problems might be. We know that thou canst do this and we pray in Thy name that it shall be done this moment. We accept it; we believe it; we receive it in the name of Jesus that the power of God shall fall upon them right now and they will be made whole in Jesus Christ name. Lift up your hands and praise God for the power of God; Praise Him! May the Holy Spirit descend upon you and comfort you.

Hallelujah!

Though He Was Rich He Became Poor

By Dr. Byon A. Jones

Bethlehem does not enter into the redemption picture, except that God was born in a stable there. In the person of Jesus He became one of us, so that we could begin to understand His love.

Jesus didn't seem to care one thing about His birthday or His birthplace. Though Jesus was several times within an hour's walk of Bethlehem, He never went back one time.

We are the ones who have all but gone wild over His birthday. We claim to celebrate the anniversary of His birth, but we exploit it. We do in such a way that no one could know we celebrate His coming into the world; we act as if it were our own.

Do you think that Jesus, our Lord, is pleased?

He absolutely cannot be pleased with our celebration, only as we make it speak of Him,

and as we use it as a vehicle to do things and bless others in His Name. Every greeting we send and every gift we make should speak of Him in some way. We should make sure as best we can that He is pleased on His birthday.

Take the matter of greetings. I remember several years ago I decided to go through the Christmas greetings we had received (something over 200) and see how many of them indicated that it was the birthday of Jesus. Only 40 percent of them said or indicated by word or symbol that it was His birthday. One of these cards that came from a very famous clergyman had the sleigh and reindeer on the housetop with Santa Claus about to go down the chimney. I could only feel that it was a travesty on the celebration of His coming to

Suggestions For Christmas

Christmas Day offers us a tranquility found in no other day of the year. If we approach this season of the year in its true meaning we shall experience a calm and peace that will lend itself to the restoration of the soul.

After the morning stir how wonderful to set aside an hour or two in quietness and devotion, bringing to memory the real meaning of this Holy Day. Focusing our attention on the One whose birthday we commemorate let's turn to the Bible, St. Luke 2:1-40.

The following suggestions will help us to visualize Christmas in its true perspective and purpose:

(1) Let a member of the family read aloud Luke 2:1-40. This beautiful Christmas Story will set the mood for the occasion and bring all minds together for further discussion.

(2) Then let someone lead in prayer, asking God to make real the true meaning of the birth of Jesus into the world. Pray for each person present, calling them by name, asking God to impress the redemptive plan of salvation so deeply into their hearts that their love and appreciation for their Saviour would remain throughout the coming year.

(3) All through this Christmas Day recall to mind how an humble peasant girl gave to the world Jesus—

our world to implement our redemption.

Several years ago a group of church friends decided to give me a surprise birthday dinner and party. Somebody who knew my tastes had done a masterful job in having the meal to please me. There were no tomatoes, no onions, no garlic—none of that Egypt stuff simply because it was my birthday and nobody else's. Every thing must please me. The greetings, the gifts, the whole party said plainly, "Byon Jones' birthday celebration".

That is the way it should be on His birthday.

Christmas is a time of exchanging gifts. Nothing wrong with that unless we give with the hope we may receive a better or more costly gift. Then that destroys the whole purpose of true Christmas celebration. We have not truly celebrated His birth unless we find some one who cannot repay, and make it a happy Christmas for that person, family, or some group.

So, I have decided that I want to give to Him, since it is His birthday. How does one do that? It is very simple - give to His work, His cause, to that which will bring blessings to needy souls.

Then you will know beyond question this Christmas **"It is more blessed to give than to receive."** Acts 20:35"

HOW GOD IS DIRECTING MY MINISTRY

About six and one half years ago I met with a tragedy that completely turned my life around and pointed it in the opposite direction. Some claim it was the hand of fate, others say it was the judgment of God, while many insist that I was spared for a purpose.

I met God at the crossroads and was confronted with a proposition. The Lord said, "I will spare your life under one condition. You must dedicate the rest of your days on earth to Me and My service." I had no alternative but to accept. You see, God called me when I was a little child but I constantly rebelled until He demanded a showdown.

The Lord made it clear to me that I was to minister to the unsaved and the sick. The going was very difficult at first, but He was with me. My ministry began to grow and the purposes in this work became clearer. I was to help fulfill the great commission, "Go ye into all the world, and preach the gospel to every creature." Over the past six and a half years I worked hard to develop a program to reach the people with God's saving and healing message. Today this program consists of **Evangelistic Crusades, Literature, Spiritual and Professional Care for the aged, Foreign Crusades, Foreign Literature Distribution, Television and our Prayer Band Ministry.**

Our crusades constitute the spearhead of this ministry. It is the front-

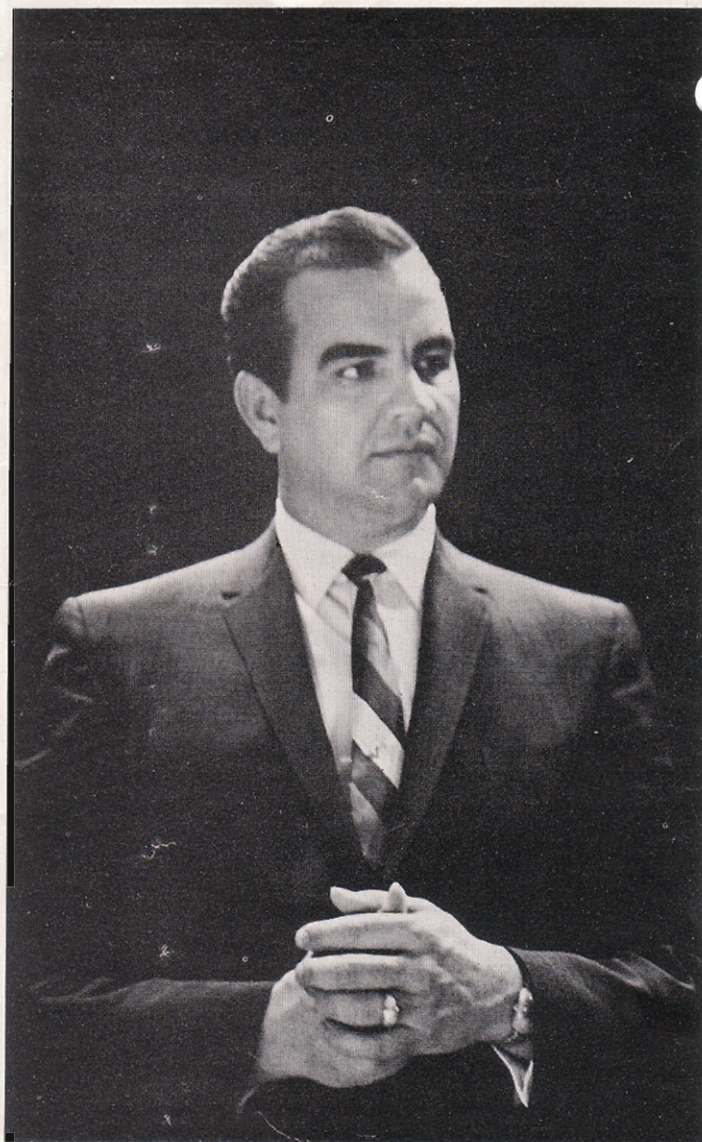

line attack against sin, sickness and poverty. Its purpose is to take God's salvation and healing message to the people, and explain God's plan for an abundant life. **"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth."** (III John 2).

Recently, I have felt a need to stress the plan of salvation to the people more than ever. The re-birth of a soul into the kingdom of heaven is, after all, God's greatest miracle to man.

In our crusades we are endeavoring, as never before, to work with the pastors of the community. At one time we established churches in Miami and Tampa, Florida. Since this is contrary to the calling of an evangelist we have transferred ownership and con-

trol of these churches to the pastors and a board of directors selected from the church body. It is our desire to co-operate fully with the local pastors and to help existing churches. This we believe is the calling of the evangelist.

Our official publication, **Revival Magazine**, reaches around the world and has been very effective in spreading this ministry to hundreds of thousands of souls. **Our catalogue of books and tracts** is now growing rapidly and this, too, is being circulated world-wide. Our policy is being altered to stress the sale of our publications and literature. This serves a two-fold purpose: the reader receives inspirational help for himself while the money will be used to expand this program to reach more people for God.

By Leroy Jenkins

Our Nursing Home is full and rendering a service to the aged which I believe is unsurpassed anywhere. The home has received compliments and excellency awards for its fine service and cleanliness. Visitors express their awareness of a Spiritual atmosphere. It is our purpose here to offer our senior citizens a home away from home and give them the love and Christian association they might not otherwise have.

I plan at least one **missionary crusade** each year. My most recent full-scale foreign crusade was in Sao Paulo, Brazil. The meeting continued long after we were gone and was hailed as one of the greater crusades of that country. Thousands received salvation and healing and through this effort we feel that we are fulfilling the purpose of taking this gospel "into **all** the world." Thousands of pieces of literature are mailed out annually to all the continents and the cry continues to be, "send more." Foreign reception of our ministry and literature has been overwhelming. Plans are in progress now to produce more reading material for foreign mailing and to translate it into the language of each respective country. We are going to increase our missionary efforts.

Our prayer band stands ready to help you through prayer. God has blessed the work of this group in their effort of faith. We receive many letters from those who have had their prayers answered through writing or calling the prayer band.

I feel that everyone should, periodically, re-dedicate their lives to the Lord anew. **At this time I am re-dedicating my life for a more powerful and significant ministry.** I have just returned from a trip to the Holy Land. While there we ministered in several places of worship and made many new friends. I feel the freshness of a divine touch from God. Walking the places where our dear Saviour trod has renewed my spirit and made me more aware of my responsibility to the lost and sick of the world. I want all my partners to stand behind me with their prayers and support for an all-out march against the evil forces of the enemy. We are re-dedicating Revival Magazine and all our books, literature and records to a service for God that we have not heretofore reached. The only way to fight the evils of communism, atheism and immorality is with the gospel of Jesus Christ.

I want you to join me in a special request that has been on my heart for some time. There is a wave of immorality sweeping our land like has never been in these United States. Ungodly sex literature and books are filling our store counters. There seems to be no shame or restrictions placed on these illicit publications. So pray with me against this evil lest its influence result in the judgment of God on our nation. The history of Israel repeatedly shows us what befalls a people who drift into ungodliness.

God has been dealing with me lately to speak about the Body, Soul, Mind and Spirit . . . the complete personality. God wants us to be completely given up to Him. With the closing days of time approaching, the forces of evil will be unleashed with increasing deception and fury. We shall all need a double portion of His Spirit to enable us to stand during this time. The Bible tells us that Satan will be giving his workers more power to work havoc in our midst and we must be ready to withstand him. His cohorts shall be working all kinds of miracles even to the bringing down of fire from heaven. I want to encourage everyone to seek the gifts of the Spirit. If our people are to cope with the increased efforts of Satan they must arm themselves with all the weapons of the Spirit — the whole armor of God. In or near our lifetime Satan will make his greatest thrust at defeating and destroying the children of God. Let's be prepared — Body, Soul, Mind and Spirit. I want you to join me in prayer for this great need.

Another thought that keeps recurring to me is that of the Dedication of Obedience. I believe that we are placed on this earth for a cause, and we of this organization are dedicating ourselves, our energies, our talents, our faith and our finances to this concept. I believe every person was created for a purpose and it is the duty of each individual to determine this purpose and be obedient in fulfilling this obligation. You don't have to feel like a slave in your practice of obedience. The children of God have great freedom. God gives His people more freedom than any other ruler or principality but at the same time everyone is expected to assume his own responsibilities. Complete freedom can be found only in dedication of obedience to the precepts of God. Because our constitution and laws call for adherence to the moral code, a high regard for religious worship and demands for justice and fair treatment, our country enjoys the greatest freedom ever given to the individual. Therefore, let us all be obedient to the program of God; not with reluctance nor a duty-bound attitude, but literally fitting into our places within the great body of Christ. Only in this place shall we find real happiness.

Starting now, I am purposing in my heart to be a greater blessing to more people. Why don't you come along with me and enter this new realm of blessing? We can start by getting on closer terms with God and being friendlier with people. Instead of complaining, we can speak words of cheer and encouragement. **We can be a blessing to each other. I will make a greater effort for you in my crusades. If you will write me, I can help you through counseling with you for your spiritual needs and praying for your healing and financial needs.** I can do this through the mail because there is no distance in prayer. Remember, when you are in my presence God reveals your needs to me, but when you are away I have no way of knowing what your needs are unless you write them down and send them to me. Prayer is the greatest service I can offer you and is one of the reasons for my ministry.

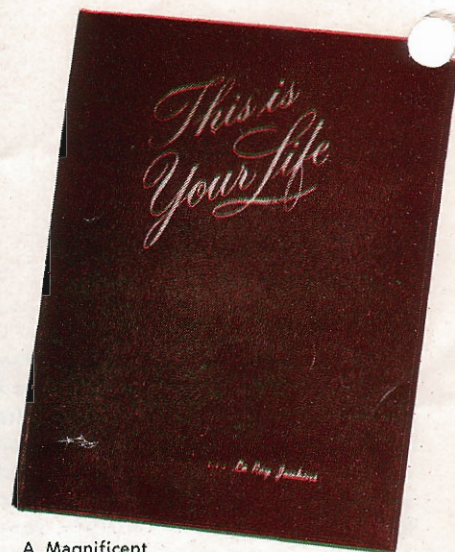

Just as I believe I was born for this ministry, I believe you were born for a ministry. Because you have your own background, talents and abilities you are well suited for a given work. There is a certain place for you and only you can fill that place. No one can do your work as well as you. So take that special gift and use it for the benefit of God and your fellowman. Let God direct your ministry. You will then begin to find the real purpose in your life, and the real enjoyment for which you have been seeking.

"God is Restoring My Leg To Normal,"

says Polio Victim NICK PAPPAS

*Nick's leg is filling out nicely
since Rev. Jenkins' prayer*

Wm. P. Pappas (father) - California

It has been over four months since Nick was prayed for and he is still going strong. Much improvement has taken place since the photo at the left was made and in a short time both of his legs should be the same size.

It happened in the Santa Barbara crusade when I asked Bro. Jenkins one night to pray for Nick. He asked Nick to come up to the front of the audience. There was some discussion and Bro. Jenkins asked for chairs to be placed opposite each other. Now Nick had previously suffered from polio and for 10½ years has been walking on the toes of his right foot; his right leg withered and drawn. When Bro. Jenkins prayed the leg instantly jumped to equal length with the other. Then Nick arose and walked perfectly on the soles of his feet.

Then I began to notice a quivering action in the areas of the leg muscles and I knew that nerve and muscle life was being restored. Immediately I saw some enlargement and filling out of that little shriveled leg, and this growth has continued until the present time.

We took him back to the doctor for examination and he said it had to be a divine miracle. He wanted to know how many times we had to take him for treatment and the amount of the charges. We told him just one treatment with no cost. Our family gives God the praise and we certainly appreciate this great ministry of Rev. Jenkins.

(A further wonderful effect of these events was the bringing of our whole family to the crossroads where several of us were faced with the reality of God for the first time in our lives. We have now all accepted Christ as our personal savior, and in the belief that he has called us to devote ourselves to the ministry of orphan children, we have sold our home and are moving to Oregon where we plan to build an orphanage. In the ever spreading influence of our new faith, my mother has been healed and born again, my athiestic brother-in-law now believes in God, and we are holding neighborhood meetings where many friends have been converted. We feel that the Lord is using LeRoy Jenkins in a miraculous way to show people that God is real today!)

I Was Healed By Writing In!

Dear Brother Jenkins:

I am writing to you to let you know, and I want the world to know, what God has done for me. During the month of August, I wrote to you about having trouble with my right foot which had a poor blood circulation. You wrote me right back and said that God had showed you that many people would be healed that month through the mail. I believed with you as I read the letter and did exactly what I was told to do, and God immediately healed my foot. Thank God for his wonderful healing power and for Brother Jenkins.

Our Investment In God's Work Brought Double Blessing...

Dear Brother Jenkins:

Early last spring we received a letter from you. It struck us a little different from that we expected. We had a feeling that God had something to do in connection with this. The highest amount asked for was \$100.00. From the way you stated the need, we felt you had faith and that you acted on it in obedience to God. We also had a need, not for ourselves, and I believe we also stated our need. We never had or owned very much of this world's goods, and now we are on pension and social security. We had already given our tithing and \$100.00 or more above our tithing for the month. We talked over whether we should double the amount of \$100.00, for a double blessing, and we did that.

The next day, I had a strange feeling to make a little investment, and we only kept this investment a month or little more, and made more than \$1,700.00 on it. Before all this, I had planned a trip to the old country, after a long time in USA, and this investment in God's Program more than paid for all. We give God the glory.
