If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

2 CHRONICLES 7:14...

The days of the credit cards are upon us! "No money down!" "Pay later!" These words stare us in the face constantly. Without realizing it, thousands of people have been habitually ensnared by the word "credit". If this credit system in our nation somehow failed, the bankruptcy courts would never get caught up with the cases. Yet, we as a nation are living below our means. Do you realize that during the depression years of the '30's our nation was in better shape than it is right now? That statement doesn't seem to make sense to you does it? Well, it's true. During those years we had the same "head count" of church members as we have today, almost 40 years later. With this population explosion we are having in this country, church membership has never caught up, in fact it is on the decrease.

I guess you are wondering what church membership has to do with your being up to your ears in debt and never seeming to have enough income to meet the demands of life. Well, it has a great deal to do with it. This is proof that Satan's promotional program is more effective than the one our churches seem to be using. I don't claim to be an expert on the shortcomings of the churches but my travels across this

MESSAGE BY LEROY JENKINS

below your means?

nation have proven to me many times that the church and its people are living beneath their means. Here we have the greatest commodity ever presented for the benefit of man-kind; eternal life, and an Almighty God who will accept us into His family and promise faithfully to keep and protect us throughout our earthly existence and beyond. That's the greatest news anyone could hear and learn about but we as Christians just haven't been able to put it over. This is one of the battles that I fight personally each time I minister in the Crusades. I never have to exaggerate about the mercies of God or His love for us because you can't fence in something that is limitless. Yet, when I tell congregations what promises God has expressed in His Word, the majority of them just look at me, smile sweetly, and think quietly to themselves about how gullable I am to accept these words at face value.

What Satanic deception! We've been playing right into the Devil's hands. He's been pushing this thing about "eat, drink and be merry" for years. Oh, that's scriptural alright but he just never goes far enough, for the next words are "But God said unto him, Thou fool, this night thy soul shall be required of thee: Then whose shall those things be, which thou hast provided? So is he that layeth up treasure for himself, and is not rich toward God." Luke 12: 20,21

How about it, do you find yourself in this predicament: too much month at the end of your money . . . or experiencing "exchange day" instead of a "pay day"? Satan really knows where to hit us where it hurts, right in the pocketbook. My question is, how come we don't do it God's way, the proven way? Are you in the habit of putting self first and then if you have time or space perhaps a little of God in your life? God has demanded "thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind". Matthew 22:37

It is either God being first in your life with

guaranteed benefits or else allowing Satan to hoodwink you into taking "pot-luck" and a guaranteed life in hell. (This can be found in fine print in the Devil's contract for your life, but in bold print in God's Word, "for the wages of sin is death". Romans 6:23)

This message could turn into a good one on tithing and the giving of offerings but I'm not interested in saving your pocketbook, its your soul that I'm after. After you turn your life over to God completely that takes care of itself and all that you have is His without reservations. That little thought should take care of those who begrudgingly give God their tithes and think they are doing something. Friend that is one of God's requirements, your "offerings" above and beyond your tithes shows your expressions of love towards God. Have you been expressing yourself lately? If not, my address is on the back of this magazine.

The thoughts contained in this message pin-point to this, don't let Satan sell you short, read the facts from God's Word. Quit living "below your means". Rise above the clamor of life and detach yourself from the desires of this world, "knowing in yourselves that ye have in heaven a better and an enduring substance". Hebrews 10:34

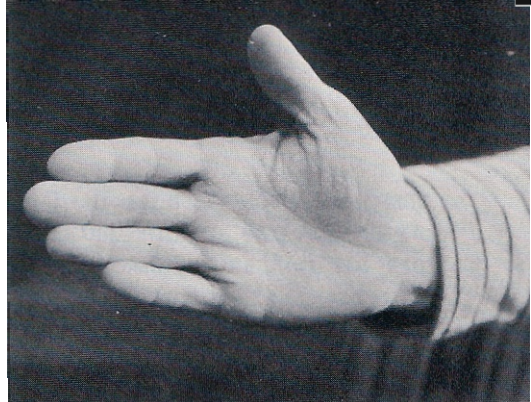

"Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth." 3 John 2

Father, I pray that this message will reveal to each reader their position with Thee. May Satanic deceptions be unmasked in their personal life and after weighing the facts may they give themselves completely to your charge and protection. Provide them with the assurance of knowing that you are ever mindful of their predicaments in life and will always be a very present help in time of need. In Jesus' Name.

Amen.

BEFORE PRAYER

TWO DAYS AFTER PRAYER

EACH DAY I COULD SEE A DIFFERENCE

I had a condition in my hands which caused them to split and crack. My doctor told me if the medication they prescribed didn't help that there was nothing more they could do for me.

Rev. Jenkins called me out and told me the condition I had was caused by something in my blood stream. My hands have peeled and cracked for eight years and they always appeared red and chapped. When I used hot water they seemed to get worse.

After prayer, Brother Jenkins told me that each day I would see a difference in my hands. A couple of days later I saw my hands going back to the way they used to look eight years ago. I know God has healed me.

BRAD POWELL, CALIFORNIA

SOMEONE TOOK TIME AND PRAYED WITH ME

Brother Jenkins called me from the audience and told me that I was on dope and that God was going to deliver me and I would never have the desire to take it again. I had spent a great deal of money to fulfill the desire I had to take dope. Whenever it wasn't available to me I would go out and get drunk because I had such a craving, I felt like I was drying out inside and had severe headaches. After Brother Jenkins prayed for me, I felt a cloud come over me and I lost consciousness. After I came to myself, I was led to the back of the stage where someone took time to pray with me. I prayed through and received the Baptism of the Holy Ghost. I know this is all real and I know this is the power of God in my life.

IN A WHEEL CHAIR FOR 4 YEARS

MARY FORWOOD CALIFORNIA

I had crippling arthritis which put me in a wheel chair for four years. Doctors told me I would never be able to walk and I would just have to live with my condition. I had no control over my legs and when I would try to walk I would fall on my back and it would leave me very dizzy. I would have to have everyone help me for I was completely helpless.

Brother Jenkins called me out of the audience and asked me how long I had been in a wheel chair. He then told me everything that was wrong with me and told me God was going to heal me and that I would be able to do my own housework. Before Brother Jenkins prayed for me he said, "if you don't get out of that wheel chair and walk, I'm a false prophet!" After prayer, I jumped to my feet and started praising God and running down the aisle. I felt the spirit of God go through me, this was an answer to prayer and I thank God for my healing.

PRAYED FOR MANY TIMES

**MRS. LYNN TOWNE
CALIFORNIA**

I've had psoriasis for nine years and doctors told me it wouldn't be cured but could be arrested by medication. Psoriasis causes your skin to be red and scaly with much irritation caused by itching. It was on my head and throughout my body.

I went up to Rev. Jenkins with doubt because I had been prayed for by many and each time my condition seemed to have gotten worse. After prayer, Brother Jenkins told me to go home and wash my hair and to come back the next night to testify what God had done for me. That night I went home, washed my hair as he told me and the next day every bit of the psoriasis was gone and I know I'm healed. I know too through my own experience, that Brother Jenkins is a man of God.

I FEEL WONDERFUL

**JESSIE GUTIERREZ
CALIFORNIA**

I couldn't move my neck because of a deterioration caused by arthritis. Doctors told me it would get worse and I would never be able to move it. My neck caused severe pain throughout my body. After Brother Jenkins prayed for me the pain left my body completely. I believe with all my heart God healed me and I feel wonderful.

Dear Reader,

Well, another issue of "Revival of America" has come your way. I trust that its contents have been a blessing to you and helpful in strengthening your spiritual as well as physical life.

In compiling this edition, there has been a "method in my madness" as the saying goes. Every picture that you see in this issue was taken in one Crusade just a few weeks ago in San Jose, California. Please note that I wish to emphasize the fact that all testimonies and events took place in *one Crusade*, not last year or down through the years, but *within a few weeks*. This does not mean that the San Jose Crusade has been the greatest this year either because God has graciously blessed in every Crusade in recent months.

What I'm trying to say is, it's worth it to come to a Crusade. Even though you are physically and spiritually fit, a Crusade can be the inspirational experience you need to be a benefit to your entire community.

I just finished reading a glowing letter from a lady in Oakland, California who shared with me her experiences after being in one of my recent Crusades in California. She told how the Lord had inspired her and another friend to conduct prayer meetings. This had resulted in the salvation of quite a few people already and many have received the Baptism of the Holy Ghost. These prayer meetings are still continuing on with the Lord blessing these ladies in a gracious way for their efforts. All of this resulted from the spark received while attending the Crusade.

Oh, I know, I've heard it said, "you don't have to go to a Crusade to be blessed," but do me a favor, look over these testimonies again, look at the pictures of those receiving a touch from God. Have you experienced this lately?

Check my Crusade schedule on the back of this magazine and make plans to come to one as soon as you can.

My plans for the remainder of 1969 will carry me throughout the nation and Canada. Watch the schedules for the Crusade nearest you. Summer is here, spend your vacation in a Crusade. Our Camp Meeting at the Boy's Ranch in Ohio is already taking shape.

If you can't attend, continue to pray for these meetings and support them with your finances the best you know how.

I know this has been a "plain" letter but you know that's the way your evangelist is. Be sure to write to me, I'll be looking for your letter.

Your evangelist,

Leroy Jenkins
