# *An Act Of Faith...*

## *Releases your Faith!*

One day, during His travels, Jesus came across a man who had been blind since birth. Jesus could have simply spoken "the Word" and God could have opened the man's eyes with the Word of faith Jesus spoke! Instead, Jesus spat upon the ground, making clay of the dirt and spitte, and then rubbed it in the man's eyes.

Jesus sent him to wash in the Pool of Siloam (Siloam means "sent"). (John 9:7) The act of faith with MIRACLE WATER would wash the spitte and clay out of his eyes. Some people might think this method of healing to be strange and peculiar. In truth, I believe the story is even more fantastic! I believe the man had no eyeballs at all, and Jesus made eyeballs out of this spitte and clay and put them on the man's empty eye sockets. Now, go and use some miracle water! The man was able to see for the first time in his life as he obeyed the ACT OF FAITH Jesus gave the blind man to do.

Jesus used the method of an ACT OF FAITH throughout His ministry to heal the sick and bless people with prosperity! As Mary, the Mother of Jesus said to the disciples, "Whatsoever He saith unto you, do it!" (John 2:5) On that day Jesus was turning water into the best wine of the feast. I will tell you to do what Mary said, "Whatever Jesus tells you to do, go ahead and do it." He is speaking an act of faith for you today! Don't fail to use this great tool God has given us to receive His best blessing!

To the ten men afflicted with leprosy, Jesus gave them an ACT OF FAITH without even praying for them. "Go show thyself to the priest." (St. Matthew 8:4) In those days, a leper was an outcast and only the priest in the Temple could pronounce you cleansed of leprosy. While they still had the disease, Jesus told them to go show themselves to the priest. It required an ACT OF FAITH to make the journey to see the priest. As they were fulfilling the act of faith, as they were going, they were healed! If they had not completed the ACT OF FAITH, but merely went on their way, they would not have been healed.

An ACT OF FAITH has always been God's plan. In the Old Testament, the Syrian Captain named Naaman was also a leper. When he came to the Prophet of God, he was given an ACT OF FAITH. He complained that Elijah didn't even come out and "smite his hand" over the place. The ACT OF FAITH was, "Go dip seven times in the Jordan River." As Naaman completed the ACT OF FAITH, he was cleansed of the leprosy. He was not cleansed the first dip in the MIRACLE WATER, nor the second dip, nor the third. Even on the sixth dip into the MIRACLE WATER, Naaman was not cleansed. Oh, but on the seventh time! When he completed the act of faith, not part of the way, but all the way, that's when the leprosy disappeared.

"Faith, if it hath not works, is dead, being alone." (James 2:17) In other words, your faith is not faith at all until it completes the ACT OF FAITH. Now is the chance for you to release your faith as did the blind man, the lepers and the great Captain, Naaman. Find the page in this special HEALING AND BLESSING EDITION of Revival of America where you see the hand. Read all the faith building testimonies along the way. Get some MIRACLE WATER! Order it by mail, but on the page where you see the hand, I want you to write your financial worries, family troubles, grief's, sorrows or callings. Write the desires of your heart on the palm of the hand. Then, place your hand right on top of it and draw the outline of your own hand on top of it, saying "In the Name of Jesus" before mailing it back to me.

Remember: complete ALL the ACT OF FAITH before mailing it back to me. Enjoy the Magazine and let the testimonies build your faith.

New Sermon by Rev. Leroy Jenkins

## The Amazing Minister With Faith Healer's Miracle Touch

**FREE OF PAIN:** Officer Charles Raisor found relief from fractured elbow after meeting Rev. Jenkins

...Thousands Flock to Him - And His Cures Astound Doctors "The power of God flows through this remarkable man," declared a stunned doctor describing the incredible faith healing abilities of the Rev. Leroy Jenkins. Thousands of desperately ill people have flocked to this astonishing miracle worker - and many walked away completely cured by his prayers or the magic touch of his hands. "This man is remarkable. I'm amazed by the cures I've seen him perform," stated Dr. John Giatrakis of Columbus, Ohio, a physician who examines military recruits for the Dept. of Defense. "I'm convinced the power of God flows through him." Added Dr. C.T. Richardson of Bellefontaine, Ohio, an osteopath whose wife was cured by Rev. Jenkins: "His work is incredible. I've seen him diagnose and cure illnesses time and time again."

Dr. Richardson and his wife recently attended a Sunday service at Rev. Jenkins' non-denominational church in Delaware, Ohio. "He came up to us, looked at my wife and told her that her left leg was a few inches shorter than it should be because of a contracted Achilles tendon. "I was amazed. He was right. Rev. Jenkins looked at my wife and said, "Your leg will be all right now." "In two days, her Achilles' tendon had straightened out completely."

One of Rev. Jenkins' most fervent disciples is veteran screen tough guy George Raft - who was helped to overcome a severe case of emphysema. "I was in constant pain with labored breathing," Raft, 80, revealed. "I struggled along until 1973 when my friend Mae West directed me to the Rev. Jenkins. "We sat and talked, then he prayed and said my breathing would be much better from that moment on. I instantly

noticed a change. My breathing returned to normal, and I haven't had any trouble since."

Mrs. Ione M. Fleisher was told that her right foot might have to be amputated because of a severe infection called osteomyelitis. "I was scared to death, and my daughter took me to see Rev. Jenkins," recalled the 71-year-old woman. "He said I would be healed before the day was over. By that night, the puss that had been running from my foot had disappeared." Exclaimed Mrs. Fleisher's amazed physician, Dr. Russell Platt of Akron, Ohio: "This is a miracle. Her foot is completely healed." The astonishing 39-year-old faith healer - a full-blooded Cherokee Indian - told THE ENQUIRER he became a self-ordained minister after he was cured of a badly cut arm in 1957. "Doctors said I would never use it again. I was in the depths of depression and lost a lot of my faith in God." He was persuaded to hear a local evangelist in Atlanta, GA. "The evangelist said I would be healed that night. He took the cast off - and the useless arm came to life. "I raised it, then raised it again, flexing my fingers over and over. From that day on, I knew I had special powers flowing through me." Married and a father of eight, Rev. Jenkins conducts Sunday services before throngs of up to 2,000.

One Sunday a year ago, Charles Raisor - a 10-year veteran of the Kentucky State Police decided to attend. Four days earlier, Raisor, 35, had suffered a severe fracture of his left elbow. "After services, Rev. Jenkins walked up to say a few words," Raisor recalled. "He looked at my elbow, then very gently put his hands around my arm for about five seconds. I heard a loud snapping sound. "In a matter of minutes, the swelling had gone down. By the next morning the pain was all gone. Five days later, I was lifting furniture again."

This article relating to Leroy Jenkins' ministry of healing appeared in the NATIONAL ENQUIRER on June 15, 1976.

### Dear Rev Jenkins,

You said in your letter that I would get money from unexpected sources. By that evening I had \$300. I quickly put \$50 in the mail to you this morning. As soon as I did, the Lord blessed me with another \$470. Praise the Lord. I quickly got another money order for \$50 and am sending it to you. Thank you Rev. Jenkins, and thank Jesus.

**WHEN SOMEONE TELLS YOU  
'MIRACLES DON'T EXIST'  
TELL THEM THE WONDERFUL STORY  
OF NICK PAPPAS**

The story of Nick and his father Bill Pappas, has been reported in two major magazines, **SPORTS ILLUSTRATED** and **REVIVAL OF AMERICA**.

This story is told in a famous sports magazine because now, Nick's son was in the Olympics in Athens and is a world champion decathlete. A decathlete (**deca means ten**) has to appear in and also win ten events against every other athlete in the world.

Here is part of the original news story as told by Nick's father Bill Pappas, "It happened in the Santa Barbara crusade when I asked Bro. Jenkins one night to pray for my son Nick. He asked Nick to come up to the front of the audience. There was some discussion and Bro. Jenkins asked for chairs to be placed opposite each other. Now Nick had previously suffered from polio and for ten and a half years has been walking on the toes of his right foot; his right leg withered and drawn. When Bro. Jenkins prayed, the **LEG INSTANTLY JUMPED TO EQUAL LENGTH** with the other. Then Nick arose and walked perfectly on the soles of his feet! He cried, "**GOD IS RESTORING MY LEG TO NORMAL**."

Then 39 years later, *Sports Illustrated* carried the same story of the miracle healing and in the words of Nick, it was pronounced a miracle. "God is restoring my leg to normal!"

It happened when Rev. Jenkins laid his hand on the soles of Nick's feet. God has sustained the miracle for a lifetime and passed this great faith to every member of the family. It has become a miracle dynasty of God's power to a faith filled family.

God commands a blessing on all you set your hand unto (Deut. 28:13) and in this very special healing and blessing edition of Revival of America, you may place your hand on Rev. Jenkins hand and trace it before sending it to Rev. Jenkins to do the same. Or, you may simply trace your hand on a piece of paper and mail it to Rev. Jenkins. Write your needs in the palm of your hand and Rev. Jenkins will lay his hand directly on top of your hand. And if "any two of you agree, touching anything in my name, I will do it" (Matthew 18:19) You will be agreeing and touching for your miracle.

Do it to today and remember, It is no secret what God can do!  
What He has done for others, He will do for you!

Rev. Jenkins lays hands on the face of Mrs. Blackwell; cancer is prayed (above). After prayer, a large hole remains in Mrs. Blackwell's face (below left) as dirty cancer falls into tissue (below right)

# *A Cancer falls at the command of the Holy Spirit as Evangelist Leroy Jenkins prays the prayer of faith...*

## **"LORD, IF I BE YOUR SERVANT, LET THIS CANCER FALL OFF IN MY HAND..."**

**MRS. WILLIE MAE BLACKWELL** of Pensacola sat twelve rows back on the left side of the tent...in pain. A small bandage was visible on the right side of her face just below her ear, between the cheek and the jawbone.

Mrs. Blackwell had been bothered with a mole-like growth for the past five years and in just the past month the growth had grown angry looking, red around the edges, causing her a lot of discomfort.

She had come to the crusade feeling this was her night for healing.

"Mam," Brother Jenkins called as he identified Mrs. Blackwell. "The Lord has shown me that you have a cancer on the side of your face." Then motioning for her to come up front he said, "Do you mind if I take a peek at that thing?"

"You can take the bandage off" she said, "but there's a terrible odor."

"That's alright. I'm used to odors."

The removal of the bandage revealed a gray looking growth about the size of a half dollar. The audience strained forward to get a better look.

"Mam, it's going to take a while for that thing to get well after I pray. It is going to leave a hole in your face, and it will take time to fill in and heal. But that cancer is going to be in my hand after I have prayed."

Then turning to those in the front row, he directed "Some body, please hand me a clean handkerchief." One woman offered the evangelist several Kleenex tissues.

Placing his hand with the tissues over the growth, Brother Jenkins spelled out the situation for everyone to hear. By faith he laid his whole ministry on the line...in his prayer. "Lord, if I be your servant this night, I ask you to let this foul thing fall off in my hand...and God, if I am not, then I ask you not to let it be removed. In the name of Jesus Christ."

"There it is...There it is..." he shouted in victory. A ball of black slimy substance lay in the middle of the Kleenex, leaving a large hole in the right side of her face.

"Mam, you say the doctors have been trying to cut this out? I don't try. The Holy Ghost has done it. I didn't pull it off. My hands didn't move. It just fell off in my hand. You can praise the Lord for the miracle!"

"Now I want everyone who has a need to come up here and look at this. When you do, raise your hands and believe God for your own miracle."

**Four months later in a telephone conversation, Mrs. Blackwell gave this report:**

"When Brother Jenkins said it was going to take a while to heal over, I wondered why it would take time when the Lord heals, but I soon found out. That open hole in my face became a testimony. People would meet me in the street and ask to see where the cancer had fallen off. Total strangers came by my house to see the miracle. They knew the Lord had done it, but they just wanted to see a miracle close-up."

"One doctor asked to see it. I told him, 'The hole was left there for unbelievers.'" He quickly replied, 'O, I believe!'

"As soon as the cancer fell out, the pain left immediately. In two weeks time the skin healed over and all that is left now is a small dot

where it had been.

"I have never seen anything like the gift that God has given to Brother Jenkins. It puts everything on the line, makes you take notice, and get right with God."

"My sister had backslidden, and after seeing my miracle, she has gotten right with the Lord. My husband had been seeking the baptism for twelve years and a week after my healing, he received."

"This has brought me closer to the Lord. I have been testifying in several churches. It's just wonderful what the Lord can do."

### **Does Rev. Leroy Jenkins have "healing hands"?**

This magazine is dedicated to your healing and blessing! Your hand print with your needs written upon it must be returned to Rev. Jenkins for him to lay his hand upon yours. (See page 11)

Hands are very important to God. He commands that you have "clean hands and a pure heart" to ascend to the hill of God. The "Laying on of Hands" is a fundamental doctrine in both Old and New Testaments. It is neglected in the modern church world because of lack of faith. If the church and its leaders do not have enough faith, they will never pray a prayer putting their faith on the spot. If the ministry today does not have this kind of faith, why are they in the ministry at all?

Join your hands of faith with Rev. Jenkins by mailing in the outline of your hand after you fill out your needs on page 11. Remember, "If any two of you agree, it shall be done!" (Matthew 18:19)

# An Act Of Faith

Recently in one of services I felt inspired by God to tell the people to draw the outline of their hand and write their requests on the drawing and mail these requests to me. The following testimonies are just a few of the ones I received in my office telling me how the Lord heard and answered our prayers.

Dear Rev. Jenkins,

Greetings and all good wishes to you in Jesus' Name. Since I wrote to you and placed the palm of my hand on the letter before mailing it off to you as my point of contact, I have seen great changes in my financial life. Thank God, I can manage to straighten out my bills. I was in a real mess before I wrote to you. My bills were piling up, and so was my blood pressure. Now I found out that with God all things are possible.

G.R.

Brooklyn, New York

Dear Brother Jenkins,

I thank God for people like you who are such a blessing to people like me. I had a stroke 5 years ago and another one about one month ago. I sent my hand drawn on paper to you for prayer. When I went back to my doctor, I was able to walk instead of being in a wheel chair. My kidneys and heart were better, and my blood pressure was down to normal. Most of all, the swelling was gone from my feet and legs. Thanks for your prayers. I am 79 years old, and I know God answers prayers.

A.G.

Knoxville, Tennessee

Dear Rev. LeRoy Jenkins,

I received your wonderful letter yesterday which you sent to me in reply to my letter where I had asked you to pray and enclosed the outline of my hand. I am sure you remember. I am the young 28-year old medical doctor with a mental illness. The Lord healed me yesterday as I read the prayer you had sent. I am feeling great and I pray that God will give you a long life so that you may bring peace to many more. I had been suffering for 11 years and miraculously I am now healed. I thank you immensely.

S.S.
