"The effectual and fervent prayer Availeth much!"

(James 5:16)

This is the kind of prayer a man or woman of God should be praying in our churches, in auditoriums and by means of the media, radio and TV across the land. Too often prayers are made so that listeners can hear the one who is praying. There are people who know how to put their words together in a moving way. When we pray, it ought to be so God can hear the prayer from our heart.

Jesus prayed out loud at the tomb of Lazarus and said, "Father, I know you always hear me when I pray, but so that these who are standing by can hear me and believe." (John 11:41,42) Jesus had already prayed through and talked to God about Lazarus, but He made a prayer so people could hear it also, and they would know when Lazarus came forth that it was because of His prayer that it had happened. Jesus prayed specifically so the unbelievers would hear Him pray.

Today, many churches want to hide prayer for the sick in a prayer room in the basement. Ministers who are unsure or of weak faith won't pray publicly for the sick and disguise it as an "unspoken prayer request" so their faith won't be put on the spot, or so they won't be embarrassed. In these places, the Gifts of the Holy Spirit are non-existent and there are no testimonies of healings and miracles!

For the "prayer of faith" to "save the sick" and for the "Lord to raise them up" (James 5:15), we are taught by the very brother of Jesus, your prayer must be "effectual" and "fervent". The word "effectual" and the word "effective" mean the same thing... "producing a strong or desired effect". In order for the Lord to effectively heal the sick, you must pray with fervor or with PASSION! You must feel it and believe God will do it enough to pray in front of believers and non believers alike.

The reason Jesus prayed out loud with a loud voice at the tomb of Lazarus was because there were so many people who didn't believe in Him. Jesus prayed loudly with passion in His voice, "Lazarus, come forth." Jesus didn't sneak into the grave yard at night when no one was around to see. He had already prayed through about it and knew God would raise Lazarus from the dead. Faith preachers! Pray through to God, don't just get through praying. Touch God when you pray, and pray until you do touch God! Then, you will heal the sick also.

God has placed His wonderful Holy Spirit Gifts in my life to discern and see sicknesses and diseases in people. But if I didn't have enough faith to pray for them in public, in front of people it wouldn't do any good for God to show them to me. Believe me, everyone who comes to my services is not a believer. Some come to doubt and sightsee or find fault. Because God has given me this gift of faith and these Gifts of the Spirit, I go to the largest halls and auditoriums in each town we take the miracle crusade. I bring TV cameras to record everything God does, every healing, every miracle, every deliverance.

As you read these testimonies in this magazine, you will see the wondrous blessings God is bestowing upon us. The prayer of faith is effective! And when I pray, it is with my entire mind, body, soul and spirit! It is with my whole heart. Other ministries may be happy teaching about faith, but God has called me to put the faith into action. I hope to see you in a crusade service very soon, and remember "With God, all things are possible."

Be well in Jesus' name,

Rev. Leroy Jenkins

CHARLOTTE CRUSADE REPORT...

North Carolina Loves Rev. Leroy Jenkins!

The beautiful city of Charlotte was once again the scene of a great Leroy Jenkins Revival service. On a warm Saturday afternoon people began to gather about 4:30 to make sure they were able to get the most coveted seats in the Convention Center. These are the seats on the first few rows of the center section of chairs. The rush began as soon as the doors opened. People were running to get the best seats.

Inside, the TV crew had been working all day long to set up the instruments, lighting and the stage. A new addition was the two giant TV screens on each side of the stage so that the audience from the farthest seat in the back could see everything "up close and personal" that was being recorded for TV.

The first thing that always happens in a Crusade is people are called to the front to testify and tell what God has already done for them in the ministry of Rev. Jenkins. Many of these testimonies are on the next pages to let you know God is still healing the sick. At times someone will come up out of the audience Rev. Jenkins prayed for as far back as the 1960's and they are still healed. Many people told of miracles that had happened in one of the meetings, in the mail, while watching the TV program or after they had ordered their bottle of Miracle Water. Even in their home, while drinking the Miracle Water, God has healed so many.

The numbers of needy and sick people Rev. Jenkins prayed for were more than any service ever in Charlotte. The Holy Spirit was leading Rev. Jenkins to minister and as one lady in the back of the auditorium was heard to say, "Rev. Jenkins' gift of the Spirit is really working tonight! God is really using him."

Rev. Jenkins ministered by using the Miracle Water. Each person God sent him to pray for, he asked them to drink a small bottle of the Miracle Water. The testimonies were wonderful, for Rev. Jenkins would have them testify immediately! It is called a "miracle" when God heals them right there on the spot, and that is why so many people come to the Crusades. They are tired of people just talking about faith, they want to see it demonstrated by a prophet of God. They were not disappointed this night. Of the more than 3,000 people in attendance, Rev. Jenkins prayed personally for several hundred being led to them in the Spirit and telling them what "Thus saith the Lord." It was a great evening of faith.

One person said, "I never would have believed this, if I had not seen it with my own eyes. Real miracles of healing right in front of me! I saw it with my own eyes." Another thing someone said, "I thought all they would do is beg for money and try to take up a big offering like all the other evangelists that come to town. Rev. Jenkins spent so much time praying for people, he seemed to care more for the people than he did for money. I thank the Lord for a real man of God like Rev. Jenkins."

The Rev. Jenkins Crusade service has one more sweet memory for all the Jenkins family and those who have remained faithful to Rev. Jenkins through the years. God spoke to Rev. Jenkins and told him that every auditorium in every city that he had filled to capacity years ago, God would let him do the same or even greater in the days ahead. Look out Chicago! Look out New York City! The crowds are bigger and the people happier because there is a greater anointing now on Rev. Jenkins, than ever before.

Don't miss the Crusade schedule on the back page and come to the meeting nearest you this summer. Many drive for two and three days to get into these services, driving thousands of miles. The power of God is present to heal and bless like never before.

CHICAGO CRUSADE REPORT...

CHICAGO! CHICAGO! That WONDERFUL TOWN!

Not since Mrs. O'Leary's cow kicked over the lantern in the barn has there been such a "hot time" in the old town. Back then, the entire city burned down to the ground, but Rev. Jenkins did not come to burn the city down. He came to tear the devil's kingdom down.

Chicago, in these past few years the "town", (they still call it just a "big town" and not a city) has undergone a complete make over. McCormick Place, which is the world's largest exhibition hall under one roof, is even adding on to its size. But they weren't ready for the Rev. Jenkins Crusade.

Martin Malarkie, the general manager of McCormick place came running to find Rev. Jenkins four hours before the announced time the crusade service would begin. He said, "Rev. Jenkins, people have been here for hours waiting outside in the cold to get in. I hope its alright. I went ahead and opened the doors and the auditorium is already half full and we weren't even supposed to open the doors for four more hours."

More than one hundred people had arrived in wheelchairs, filling the aisles. Rev. Jenkins was pleased, but still took time to go visit his friend who owns the "Good Times" restaurant, attend Rev. Johnnie Coleman's church on a Sunday morning and still make a radio broadcast over WGN radio NBC news. The sun had broken through the clouds and it was going to be a wonderful day.

There weren't enough seats. By the time people began giving testimonies which is 45 minutes before the service begins, the Fire Marshalls would not let another person in the auditorium, and if you left, you couldn't get back in. It was jam packed with standing room only.

One of the Security Guards said, "Rev. Jenkins, you're going to have to get a bigger auditorium the next time you come back." Rev. Jenkins asked, "Is there a bigger one in all of Chicago?"

On the next pages there are just a few of the wonderful testimonies that were given for TV. Keep the magazine and watch for them on Rev. Jenkins' program.

You may also want to fill out the REQUEST FOR PRAYER FORM on the last page and bring it with you to the crusade that will be coming near you. God spoke to Rev. Jenkins, "You shall fill the largest auditoriums in the land, and I shall show the world that my blessing is upon you and your ministry!"

NEW YORK CRUSADE REPORT...

"START SPREADING THE NEWS..."

Not since Rev. Jenkins was at Madison Square Garden has there been such a service in Manhattan. At first people were saying that Rev. Jenkins has been forgotten since he hasn't been in New York for years, or they were saying he hasn't been on TV long enough to draw much of a crowd in a city so big and in an auditorium with three balconies.

A wonderful thing began to happen. Six hours before the scheduled time to begin the services, a crowd began to form outside the Manhattan Center. Two hours before the doors opened, there was a line waiting to get in that stretched around the entire block over to 9th Avenue, north to 38th Street and back down 8th Avenue. Buses from as far away as North Carolina were parked outside the entrance.

As usual, the rush began to fill the front rows first because people always think if they are closer to Rev. Jenkins during the service, there is a greater chance to be ministered to personally. More than 3,000 people were in the auditorium an hour before start time. During this service, Rev. Jenkins touched every person in the name of Jesus and ministered personally to more than one hundred people.

Two wonderful and memorable testimonies were given at the beginning of the service as Dr. Ross Collette interviewed them for TV. Sharif Mustafa testified that a tumor disappeared from his mother's body at the Brooklyn Academy of Music when Rev. Jenkins prayed for her. How long ago was that? It was the first time Rev. Jenkins came to the New York area in 1961. This miracle had happened 44 years ago at the very beginning of Rev. Jenkins ministry. Sharif was still praising God and wouldn't miss a Leroy Jenkins crusade.

Another testimony was of a man hit by a semi tractor and trailer and pronounced dead on the scene. His leg bones were protruding through the flesh and when they discovered he was still alive, they decided to amputate his crushed right leg. For some reason they delayed the surgery probably thinking he would die anyway, but someone gave him some MIRACLE WATER to drink and they anointed his leg. He danced in front of the audience on a leg that had no ill effects since God had worked a miracle for him. He said, "Rev. Jenkins has a miracle arm, but he told me I would have a miracle leg!"

If you've never just had "fun" attending a revival service, we have to tell you, everyone enjoyed the service so much no one wanted to go home and they were crying out from the audience for Rev. Jenkins to stay. Rev. Jenkins promised that he would return soon. What powerful services and God is on the move.

MY KIDNEY WAS GOING BAD... I SAID IT "WAS" GOING BAD!

Rev. Jenkins because of sugar diabetes, the conditions in my body and in my health have gotten worse and worse. They really can't find what's wrong with me since the time I was a little girl. I was going blind and every organ in my body was affected, especially my kidneys. They were going bad, but thank God, the miracle water has made a wonderful change. Rev. Jenkins gave me a small bottle of the miracle water to drink and I could tell the difference immediately. Thank you Jesus.

MY WIFE'S DIABETES IS HEALED BY DRINKING THE WATER!

Rev. Jenkins I came to Charlotte all the way from New York. Rev. Jenkins called me out and my wife to pray for her bi-polar condition. He also saw in the spirit that I had had a heart operation. I have to tell you Rev. Jenkins is a real man of God and he saw these things in the spirit, but my wife drank the Miracle Water and her diabetes is healed. Praise God for the wonderful power of healing through Rev. Jenkins ministry.

REV. JENKINS SAW AN ANGEL ON MY SHOULDER!

When Rev. Jenkins was walking down the aisle in Charlotte, he looked and me holding my cane and he said I had an angel on my shoulder. He asked me how long I had been on the cane and I said for more than four or five years. He gave me some Miracle Water to drink and then told me to stand up and stomp my right foot then stomp my left foot. I did exactly what Rev. Jenkins said and suddenly the pain was gone and I don't know what happened to the cane. I'm able to walk now, praise the Lord.

THE MOLE ON MY FACE IS ALMOST GONE BECAUSE MIRACLE WATER

When Rev. Jenkins walked my way, he looked at me and my sisters and didn't know which one of us to choose first. He spoke to me first and gave me a bottle of the water to drink and told me that God was going to heal the rare blood disease I had and the mole on the side of my face. He told me the mole was going to disappear. He gave me three bottles of water and told me to keep anointing the mole on my face. I have been putting the water on the mole and it has reduced in size to almost being completely gone. I'm healed. Thank you Jesus and I'm so happy we went to the crusade in Charlotte.

REV. JENKINS HELPED ME WITH FAITH ENOUGH TO FIGHT CANCER!

Rev. Jenkins, I am the one who reached out and touched you! You turned around like Jesus and asked, "Who touched me?" I had been in pain on the right side of my stomach for such a long time. The pain disappeared at once! In 1989 I was diagnosed with cancer and the doctor told me to get my affairs in order because I would have to have surgery. He gave me the strangest look when I told him I was not going to die because I believed in miracles. Rev. Jenkins helped me so much during this time. The cancer was removed and it never returned. I am so happy and have not been in pain since the crusade.

CANCEROUS TUMOR ON THE SPINE WAS GONE!

Rev. Jenkins prayed for my sister in the Charlotte Crusade. She has been suffering with cancer in the spine. A tumor had grown out, but when we got back home after the service, the tumor was gone! Now my sister is preparing for physical therapy to regain strength. I am happy to be in the Crusade and I praise God for the miracles we've seen.

PAIN IN SHOULDER SINCE THE AGE OF 11 IS GONE!

Rev. Jenkins I thank God I made it to the Crusade. You called me out and told me I had been in pain with my shoulder since I was 11 years old. Circumstances in my life had tormented me and you told me I had to do what God has called me to do. You prayed for me that God would anoint me with a new power of the Holy Ghost. I'm still being blessed. Oh yes, the pain is gone!

How To Pray And Wait

Praying while waiting becomes a real test of faith. You desperately want to see something happen and you want action. But often it just doesn't come as you want it. Heaven seems to be filled with silence. The days, weeks, and months may seem to pass without any great evidence that God is at work. Remember, perception and reality are not always the same. God may be in the process of answering your prayers at this very moment, but for one reason or another, the answer may be delayed. Consider the four methods for effective prayer while you wait.

First, recognize that you are in a spiritual battle. Paul informed his readers, "Our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms" (Ephesians 6:12). Daniel experienced a three-week delay in his answer due to Satanic opposition (Daniel 10:2), and so did the Apostle Paul (1 Thessalonians 2:18). The Christian life is not lived in a vacuum, but in a war zone. The greater the commitment to Christ, the more one can expect spiritual conflict to increase.

Second, pray for God's will to be brought forth. I know some people see this as a cop-out, and maybe we are guilty at times of covering up our lack of faith by praying, "If it is your will". On the other hand, this is the way Jesus addressed His Father when he prayed, "Yet not my will, but yours be done" (Luke 22:42).

When we fail to apply God's will in our decision making, we border on presumption, which James warned against when he wrote, "Now listen, you who say, 'Today or tomorrow we will go to this or that city, spend a year there, carry on business and make money.' Why, you do not even know what will happen tomorrow. What is your life? You are a mist that appears for a little while and then vanishes. Instead, you ought to say, 'If it is the Lord's will, we will live and do this and that.' As it is, you boast and brag. All such boasting is evil" (James 4:13-16).

We must come to that place where, after we pour out our hearts to the Lord and tell Him our desire, we unconditionally say, "Yet not my will, but yours be done". When we sincerely pray this way, we can be certain that God will answer according to His will (1 John 5:14).

Third, "Pray with perseverance". It is easy to become discouraged when you pray over a period of time and nothing seems to happen. You feel like giving up and even begin to wonder if God is really hearing you at all. A good example of persevering in prayer is Elijah. He prayed for rain, but rain did not come. He continued to ask God for the rain and sent his servant to see if clouds were starting to form in the sky. But still there was no sign of moisture. He prayed like this seven times. Soon a little cloud could be seen over the horizon coming toward the prophet. Elijah rejoiced that the answer was on the way and told his servant, "Go and tell Ahab, 'Hitch up your chariot and go down before the rain stops you'" (1 Kings 18:44). From that little cloud, the prophet could envision a massive thunderstorm, speeding its way to the land that had been plagued by a three-and-a-half year drought.

Is there some cloud forming over the horizon in your life? If you feel parched and dry because you have been praying for a long time and no answer has come, maybe you just need to look around. The cloud may be forming. Moisture may be gathering. Don't give up with your prayers. Keep at it. The rain of hopes may be on the way.

When you pray, expect results. Believe that God will do something in response to your prayer. James warns that faithless prayer results in nothing (James 1:5-7). On the other hand, Jesus promised, "Whatever you ask for in prayer, believe that you have received it, and it will be yours" (Mark 11:24).

Spending time in God's waiting room by yourself is almost unbearable. Having a friend by your side makes the waiting so much easier. And when you devote yourself to prayer while you're waiting, you develop the certainty that you are not alone. God is with you to, encourage, comfort, and strengthen you. He is at your side, guiding your decisions and filling your mind with His thoughts. And you need His thoughts while you wait because you may have some very important decisions to make in the near future.

It's a fruit called Mangosteen

I would like to introduce you to a incredible product called Xango™. Xango™ is a special juice made from a fruit called Mangosteen which comes from the rain forests of Southeast Asia. Xango is so prized with inhabitants of the tropical rain forests that it is universally known as the "Queen of Fruits" and the "Fruit of the Gods."

At about the size of a Tangerine, the ripe Mangosteen has a smooth, dark purple ring encasing the snow white fruit. Unlike other tropical fruits that are so unusual and obscure that eating them requires an "acquired taste," Mangosteen has a sweet, mild flavor that appeals to everyone, beginning with the first bite. Limited to tropical habitats with abundant rainfall, the Mangosteen Tree takes 10 years to mature and bear fruit. Fully mature trees can be up to 80 feet tall, and may produce up to thousands of individual fruits each year. In Southeast Asia, where the Mangosteen is predominantly grown, the people value the exceptional fruit for its premium taste and heavenly flavor and best of all its health benefits. So many people have been living better and longer lives, and feeling better everyday since introducing XANGO™ juice into their everyday life.

Here is a short list of some health problems people are testifying to being helped with by drinking Xango™.

- Over Weight
- Shingles
- Indigestion
- Psoriasis
- Diabetes
- Teeth & Gums
- Poor Circulation
- Gout
- Chronic Headaches
- Fibromyalgia
- High Blood Pressure
