**A** word that we find throughout the book of Revelation is "overcome." This word is a definite command from the throne of God. We must be "overcomers" daily for Him. In Ephesians 5, Paul tells us to "put on the whole armor of God, that we may be able to stand against the wiles of the devil." Have you noticed that the armor he described protects mainly in the front? Doesn't that suggest to you that we must be continuously moving forward as "overcomers"?

If we relax spiritually for one moment, satan can catch us off guard. This takes a lot of training on our part to keep ourselves spiritually fit for service. I sincerely believe that spiritual weakness has been a major cause of physical sickness. I know in my ministry I must daily exercise my faith in God because I know that many times I would have been defeated in His purpose for my life if I failed to do so. You may be saying, "Well, with all the problems in my life, this seems almost impossible." I know that the devil will prey on your mind — he will put fear on you if he can. He will make you afraid

that you are going to die — that you will never get rid of that disease! He will make you think that you are never going to be delivered, that loved one is never going to be saved, or that you will be poor and in poverty the rest of your life! You can go through life with a long face saying, "Nothing good is ever going to happen to me here on earth, but maybe someday, somewhere, somehow, everything will be okay." And you will be exactly right. Nothing good is ever going to happen to you here on earth. You are going to be sick, tired and defeated every day of your life if you will not accept any of God's promises on faith.

You have to see it before you believe it. Well, the Bible says **BELIEVE IT AND THEN YOU WILL SEE IT!** It's time we started trusting God and believing His Word instead of everything else — everything we feel or hear — every circumstance the devil is able to change. **HOW ARE YOU GOING TO ENDURE TO THE END IF YOU DON'T BELIEVE GOD?** Some of you just go right on doing the same thing

over and over again. You say Amen and sometimes you shout Hallelujah! But you believe everything the devil says instead of what God says.

Now God doesn't need someone to go on and on, over and over again about the same thing. The devil has got thousands of people doing that. He wants someone who will believe his word and act accordingly. You can keep on praying for something until the cows come home if you want to, but God hears you the **FIRST TIME**. Your prayer is answered when you pray if you believe what God says in His Word. And if you do not believe, you can pray about the same thing until you are blue in the face, but it will not do you a bit of good.

Do you realize there are thousands of people in the world who are church members who would be lost if the Lord were to come today because they do not believe what God says? They have been taught, or trained, or raised in a certain religion, and because their mother, father, husband or wife believe a certain way, that is the way they believe too. They

## Trust in God, and He will help you

won't believe the Bible, but they will believe everything else.

I would like to tell you of an experience I had several years ago during a crusade I was conducting in Daytona Beach, Florida. It was a near defeat. Through physical fatigue, I had contracted a very infectious disease. A close friend of mine, who is a medical doctor, told me that I was going to have to discontinue my ministry of evangelism or drop dead at any time. I had heard the expression from a dear old saint one time that went something like this, "I'm not a'gonna rust out, I'm a'gonna burn out for my Lord." Well, you know how I feel about this ministry — I intend to "burn out" too. I took spiritual inventory of my life. and I knew that if God did take me home, I was ready to go. Then I started checking on my attitude towards the ministry and the people I came in contact with personally and in meetings. I was shocked to face the reality that I had let my guard down. Many problems and burdens were facing me, as they usually do with anyone in this type of ministry. Somehow, I had

allowed people to "get to me" and their attitudes and negative ideas had rubbed off on me.

I carefully traced this back to the time this illness had come upon me; and sure enough, I had found the source of my trouble. I had stopped being the overcomer that God wanted me to be. I guess you think that after I discovered my condition that I braced my shoulders, gritted my teeth and started back on the right foot again. Well, you are wrong. I had allowed myself to get to the place and say aloud to God, "Take me home, Lord. I've had it!" But God wouldn't put up with this because He had called me to a particular job and He was going to make sure that I did that job. I had become so weak that I could hardly stand before a congregation. Just before service time one night, the Lord spoke to me and told me that He was going to heal me right then and there. Power and strength surged through my body greater than I had ever experienced before. I went to the service that night and preached and ministered until long after midnight. This was the second greatest miracle of my

life! Praise His Wonderful Name!

I am sharing this personal experience with you to show you how the devil fights and tries to defeat us, and also how God takes control of our lives even when there is no will of our own left to defend and overcome. This experience has become a great light of warning to me. We need to always be aware of the satanic pitfalls that are surrounding us at all times.

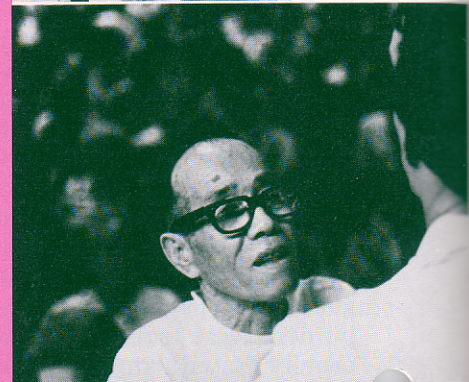

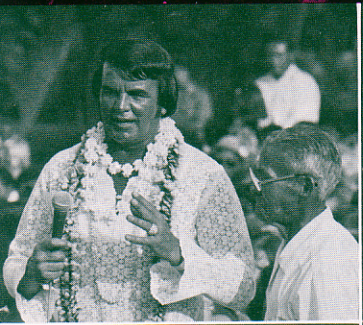

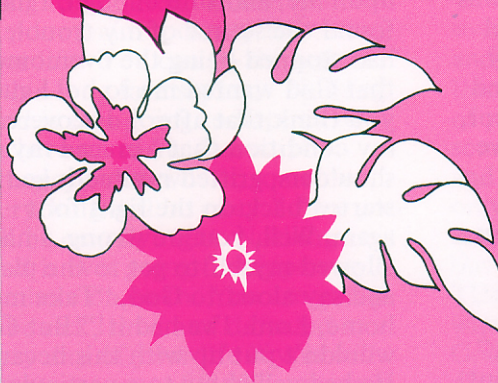

God is trying to speak to you today. He wants you to believe what He says, because if you don't, then you will not last. The only way to defeat the devil is by standing on God's Word. When the devil realizes that you are standing firmly on the Word of God, then he and all his hosts will flee. You will be delivered by God!

God has admonished us to be "faithful unto death", and the only way I know how to do this is to be an overcomer daily. God's Word tells us to "take no thought for tomorrow", but to take one day at a time. I trust that you will take this hint from my experience, and that you, too, will be an "overcomer" for Him.

# Hawaii Crusade REPORT

**THOMAS GREEN,  
KIHEI, HAWAII**

Christmas began early on the morning of December 24th when I received a phone call from Rev. Jenkins' office advising that he would be able to spend the evening of February 11th on our island of Maui in conjunction with the Hawaiian crusade scheduled for February 13 in Waikiki, Hawaii, on the island of Oahu. I originally had written Rev. Jenkins earlier in December, as a representative of our local Maui Chapter of the Full Gospel Business Men's

The beautiful people of Honolulu, Hawaii, brought a spirit of relaxed and eager receptiveness to the crusade held at the Waikiki Shell on February 13. The sick, crippled and addicted came eager to be healed and delivered. That's what they came for!! Rev. Jenkins moved with quiet ease among the people when he ministered to them.

Guests of the crusade from the islands were performer Eddie Kekaula and the wife of the late Duke Kahanamoku.

Ministers of the islands, who were so helpful in spreading the news of the crusade and in setting up two meetings on other islands, had also arranged for a section for the deaf that they could receive the message through hand language for the deaf.

Toward the close of the service 500 drug addicts RAN to the platform behind Leroy Jenkins to be delivered and find a new life in Christ Jesus! At least 95% of the people in attendance stood when Rev. Jenkins invited those who wanted Christ to be master of their lives. God was truly glorified in this glorious setting.

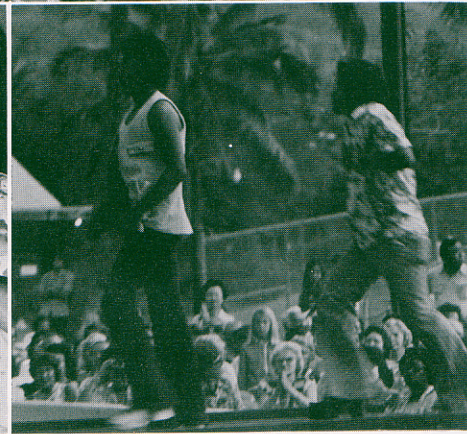

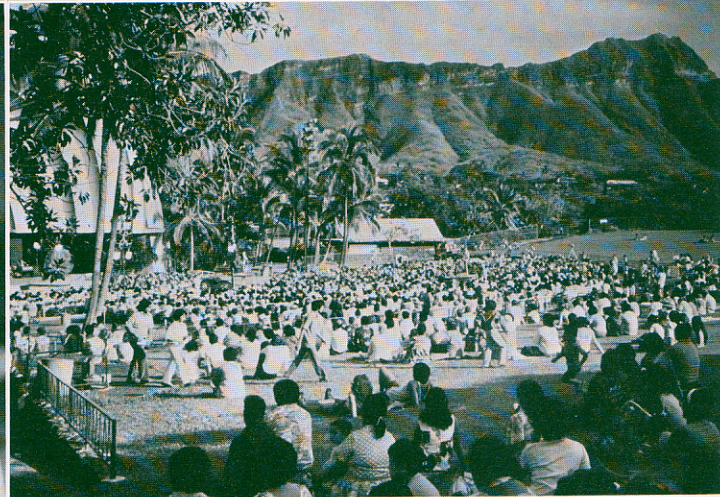

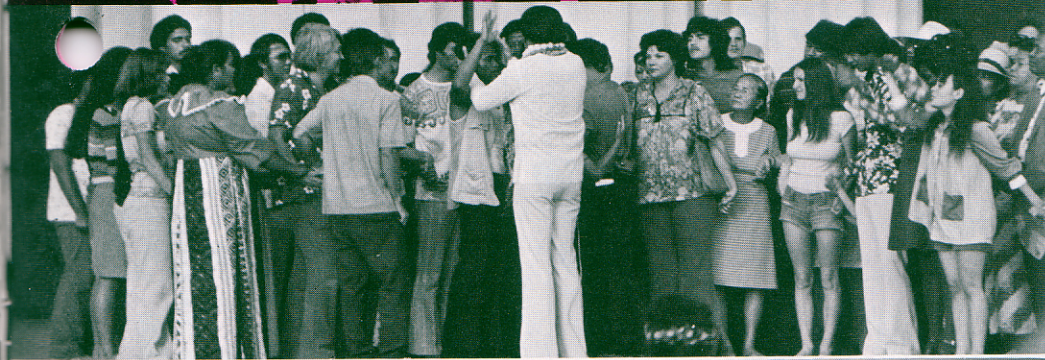

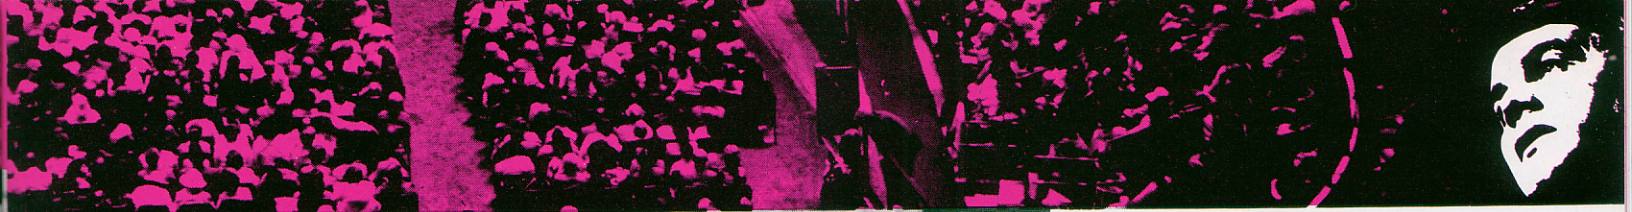

Fellowship, to suggest a service on Maui. Not knowing if a Maui visit might be worked into his trip, since crusade plans, schedules and preparations must be made far in advance, we turned all this over to the Lord for His perfect plan.

Praise God that all things are possible with God and the way was made clear for Rev. Jenkins to come to Maui. Anticipation of the service was high in the community and all planning and preparations fell perfectly in place as God directed. The evening of the service resulted in our auditorium being filled to overflowing, which has rarely

occurred for any event and I feel sure has never happened here before for a service glorifying God.

The service was a glorious time of praising God and being in the Spirit as Rev. Jenkins brought God's message and was used mightily by the Lord in the performance of many miracles of healing to body, spirit and soul. We saw the crippled leave the wheel chair, ears opened and pain relieved as Christ's Aloha was ministered. Hearts opened and salvation came as many troubled young people accepted Rev. Jenkin's invitation to come forward and accept Christ.

In the time since the service, the glow of the Spirit has shone brightly in reports from local ministers telling us of people now attending their churches who met Christ for the first time through the service. Some of these people had been Buddhists as there is a large Oriental population on Maui.

All of Rev. Jenkin's friends here eagerly await his return and ministry and until then, are uplifted and encouraged through the weekly "Revival of America" telecast. Our only concern is to have a facility large enough for the next crusade, but we know, as always, the Lord will provide the perfect place at the right time.

### CHUCK FAUGHT, KONA, HAWAII

In the four years as president of the Full Gospel Business Men's Association the Leroy Jenkins Crusade held on Kona last month drew the largest crowd to ever attend a religious meeting here. The 1,800 people represented nearly four times the amount who usually come. I saw more people miraculously healed than I had ever seen and more people accepted the Lord than I had ever seen.

The people are waiting for Leroy Jenkins to return to these islands of Buddhism and pagan gods and ministers who do so little to combat false religions.

### AFTER THE LAST SONG AND THE FINAL "THANK-YOUs" ...

February 14, 1977

Aloha, Reverend Jenkins . . . greetings from Hawaii!

On 13 February, 1977 you appeared at the Waikiki Shell in Honolulu. You laid your hand upon my wife Faith (she had rheumatoid arthritis — the excruciatingly painful kind for five long years) and healed her!

Faith and I are thinking of the story of the ten lepers who had been healed by Jesus (Luke 12:12) but only one returned to give thanks to the Lord. Ergo, this letter.

You probably don't remember us, Reverend Jenkins, but we will never forget the event. Faith was sitting in her wheelchair way over to your right under a small palm tree, barely able to see you on center-stage. It was 7 p.m. You were closing down your one-day crusade in Honolulu. You had sung your last song. You had said your final "thank-yous". The TV camera was off. The band was picking up their instruments. The huge crowd of about 10,000 was beginning to disperse. You put down your microphone and started to exit towards the right wing of the sprawling stage that was the Waikiki Shell.

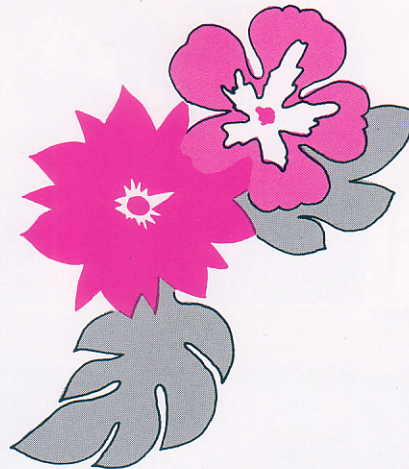

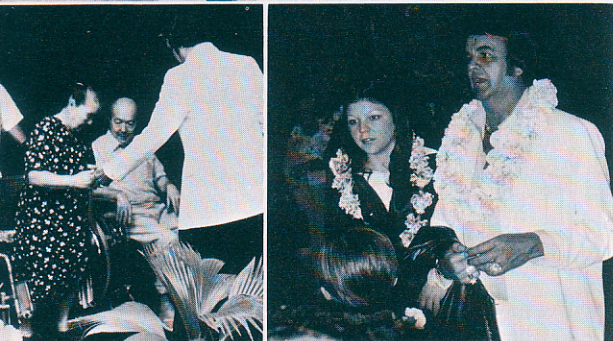

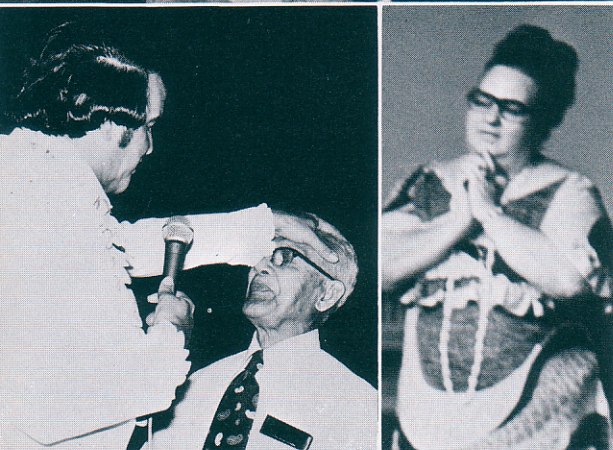

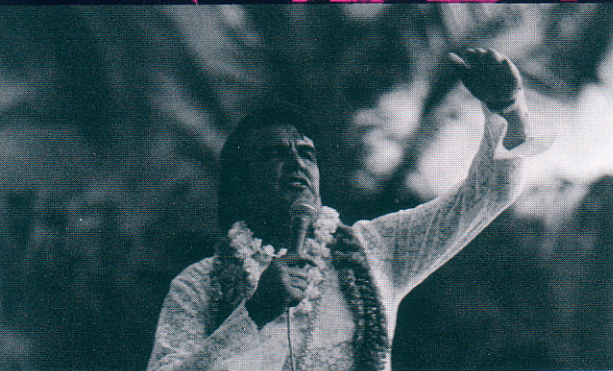

At that moment it happened. Through a hundred feet of intervening space, your eyes met my wife's. Just for one brief instant.

. . . And you did something I can never explain in logic. You headed . . . not for the exit . . . but straight for my wife. Somehow you knew! You knew she had been waiting three long hours to catch your eye. You knew she needed healing. You knew she was ready to receive her healing. Surrounded as she was by others in wheelchairs, on crutches and canes and braces, she was veritably lost in the

*continued on page 6*

# Hawaii Crusade REPORT

crowd. She was already thinking she didn't have a chance for a miracle healing that day. Maybe next time, she thought, if and when you come to Hawaii again.

But Jesus was with you Leroy Jenkins! The Holy Spirit had indeed given you the gift of knowledge too! You knew. You came swiftly and unerringly to my wife. You jumped down from the elevated stage. You were now eye-ball to eye-ball with her. And like Jesus at the Pool of Bethesda (John 5:2) you asked my wife one simple question: "Do you need to be healed?"

My wife said yes. You laid your hand upon her head and in Jesus' name, "Done!" you said. "Get up and walk!"

My wife got up from her wheelchair and . . . Praise be unto God! . . . she walked. Indeed, Jesus is the same yesterday, today, and forever!

Again, thank you very much . . . mahalo nui loa!

## I HAVE A REBORN CHRISTIAN FOR A HUSBAND

Dear Rev. Jenkins,

My husband took me to the Shell last Sunday and if you know Jim, he is quite conservative and reserved. But he was so awed by what he witnessed, that, Praise the Lord, I believe I have a reborn Christian for a husband. He has such plans for us to move along with Jesus in our corner. I am so happy for that.

God bless you in your mission.

## CAN'T REMEMBER BEING SO HIGH

Dear Mr. Jenkins:

Along with my family and friends we came last Sunday to see you at the Shell in Waikiki. I can't remember ever being so high. The Spirit of the Lord just lifted me. I am a free-lance writer and am very inspired to write about what took place last Sunday.

## SKEPTICAL HEART CHANGED

Tonight at the Lagoon you touched my father's and mother's hand — and mine. And you prayed for me. My Dad was skeptical about coming tonight to your crusade, but Mom and I watched him and he was clapping his hands and singing and praising God. He even stood up when you prayed for those who wanted to be saved.

That alone was a "miracle" to see. Tears came to my eyes when I saw Dad clapping his hands. Even before you came on stage, he went and bought two of your books on his own.

I'm very happy tonight that you brought Jesus into our hearts.

## A BEAUTIFUL EXPERIENCE

Dear Rev. Jenkins,

You can't imagine how important it was for Gilbert and I to see you. We watch your TV program, "Revival of America," every Sunday and enjoy it very much.

My husband and I could never express such an inspiration we both felt when we had the pleasure of meeting you. You prayed for me, and I am most thankful.

I felt the Holy Spirit going through my body and so did my husband. We want to thank you from the bottoms of our hearts for such a beautiful experience we both felt — and not only for my physical healing, but for my spiritual healing, as well.

# VOICE God's PART I

Even as a child I heard the voice of God. I didn't always know it was God speaking to me. I knew that a voice would tell me certain things to do. I knew I had a great desire to be a preacher, but I never thought I could do it. I was always told that preachers have to go to school and study and must attain certain accomplishments in their life before they could preach the Gospel or be a minister.

I could never get my mind on school or study. I know from my early childhood this call of God possessed my life. I would listen to this voice and I would do things that He told me to do. Of course, there were times I listened to the wrong voice and would do things the devil told me to do.

## HOW I HEAR GOD'S VOICE

There is no doubt in my mind that the greatest single problem is in trying to mix the world with God. Our own reasoning drowns out the Still Small Voice. We try to hold God in our hands, instead of placing ourselves in God's hands. I have learned to recognize God and to submit myself to Him. I listen to His voice. I rely on Him. I look to Him for what to do next. Then I do it.

If any of us will dare to trust and believe God, He will come into our minds and into our hearts and into our bodies by His Holy power and use us in a way that we have never thought possible. He wants to talk to us; He wants to commune with us. He wants us to share His love and His goodness. That is why He created us—that He might have a people, who by their own will and their own free choice will serve Him and live for Him.

Now while we are living in the mortal body, this earthly

tabernacle, as Paul said, we can not look upon God face to face and live. But we can look at Him through the Holy Spirit as the Spirit dwells within us. Sometimes we hear a voice seemingly audible; other times we just seem to know things. Sometimes we dream a dream, and at other times we have a vision. But whatever way God speaks to us He will always be telling us things that will be a blessing to our lives and to the lives of those around us.

For God to use you or me, we must surrender to His will and to His way. Now remember God doesn't use me, nor does He use you, nor does He speak to us because we are perfect. You see, we have no righteousness nor perfection of our own. Christ is our perfection. God uses us and speaks to us because we are submissive to His will; because we love Him; because we have a tremendous desire to talk to Him and to walk with Him.

Don't ever think because God talks to you or uses you in some fashion that this makes you good, because if you ever think that, you'll lose your dependence on Him. You'll lose your contact with God. Purity will get you to heaven and humility will make you useful while you are here. God can only speak through the humble, simple vessel.

*Father, I ask that you look upon the heart of this reader. I ask that you answer any hunger in this heart to draw closer to You and to hear Your voice. I ask that You reveal Your mind and Your will to this loved one to be a blessing to those near who might be in need of Your guidance and Your blessing.*

*In the Name of the Father,  
In the Name of the Son,  
In the Name of the Holy Ghost.  
Amen!*

# Crusade REPORT

## LOS ANGELES, CALIFORNIA

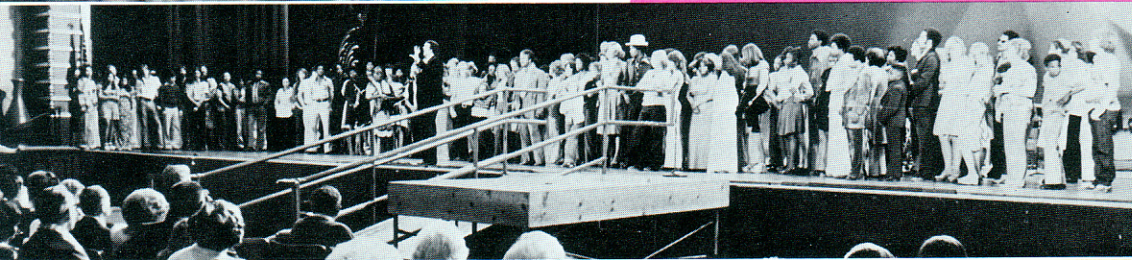

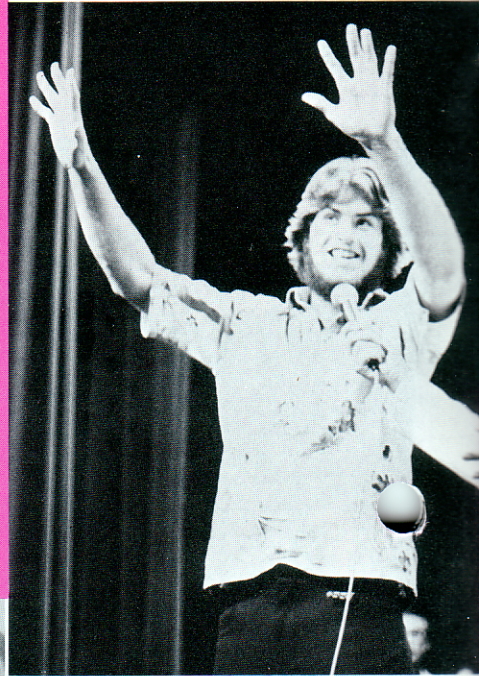

The ministry of Leroy Jenkins reaches an increasing number of drug addicts with the good news and the power of Christ Jesus. The Los Angeles Crusade at the Shrine Auditorium was no exception.

On February 6th toward the close of the crusade — after God had glorified His Name among the people, hundreds of addicts from ten years old and up gathered on the stage. The devil and his drugs had been a cruel task-master. They had become well-acquainted with agony and torment.

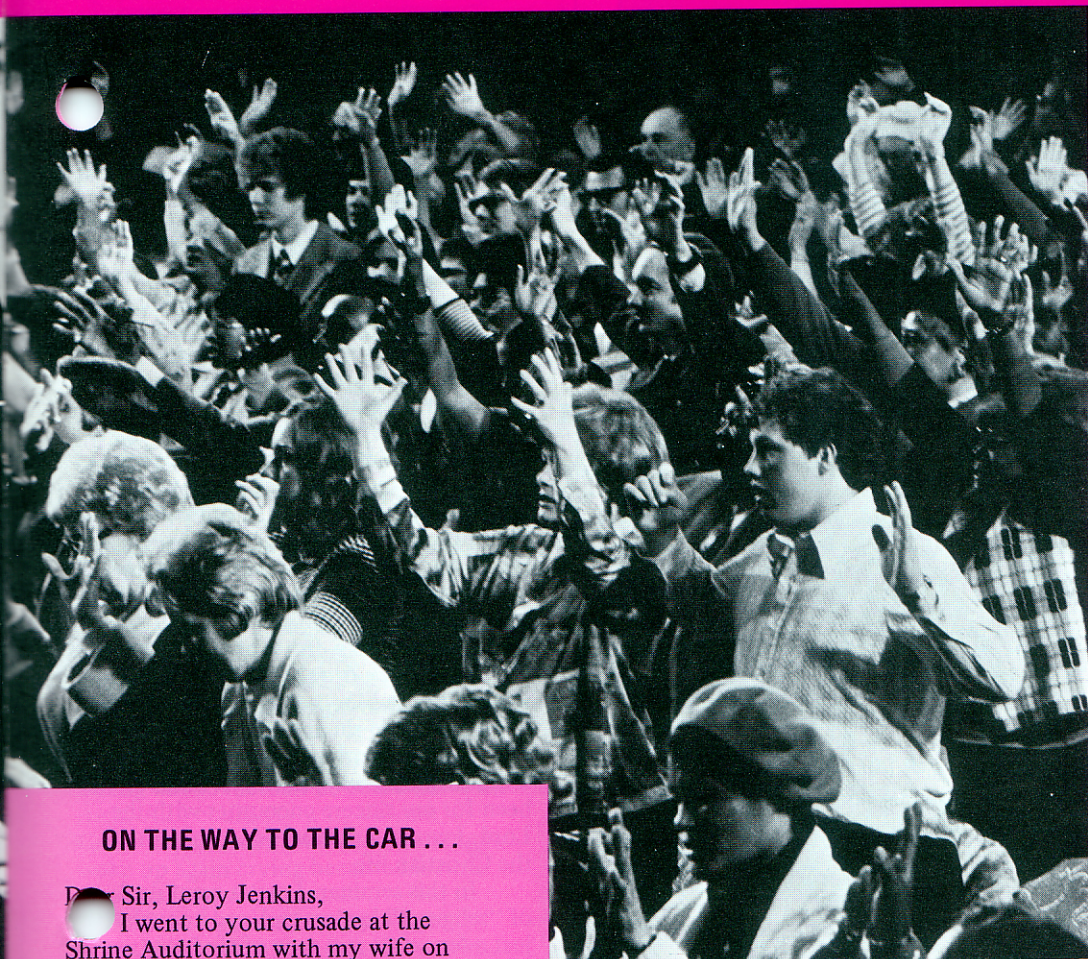

But the Master of life itself, had given them hope. They wanted to try Jesus. Rev. Jenkins asked them to show their earnestness by kneeling where they were and asking Jesus to touch them and set them completely free. The thousands of people attending the crusade knelt at their seats to join them in prayer.

And deliverance came!!

Then everyone wept together as the "new baby Christians" went into the congregation to embrace their new-found brothers and sisters in the Lord! The power of God had been mighty to deliver.

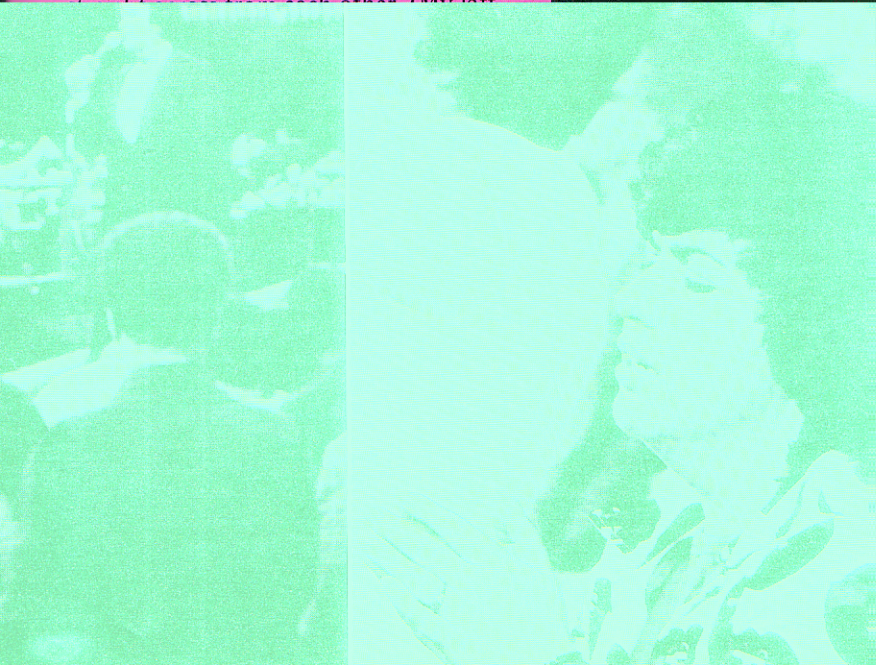

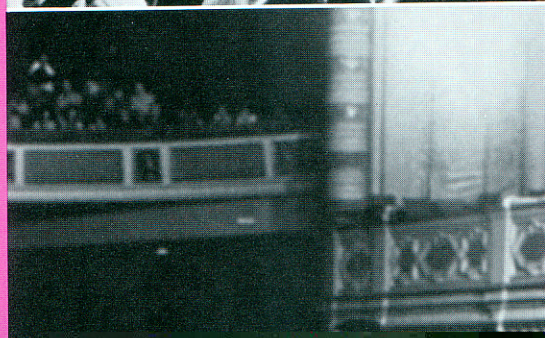

### ON THE WAY TO THE CAR . . .

Dear Sir, Leroy Jenkins,  
I went to your crusade at the Shrine Auditorium with my wife on February 6th. My left leg was  $\frac{3}{4}$  of an inch shorter than the right for more than 40 years.

When you had the lady on the stage with the shorter leg, my wife told me to listen to you very carefully and to have faith.

Would you believe — as we walked to our car in the car lot across from the Shrine Auditorium, my wife was walking behind me, and she said, "Bob, you are not limping! Your shoulders are

### WONDERFUL TO BE A CHILD OF GOD

February 14, 1977

Dear LeRoy,

Isn't it wonderful to be a child of God and to know the joy of spiritual blessings! He gave me a double portion at the last Shrine meeting. I am walking on air and my heart is so free. I can really breathe free and easy. My heart is beating so sweetly. I feel a real happiness coming over me. The anointing keeps sweeping over me. I am rejoicing to high heaven about something. The peace I feel is really deep down inside me. I praise God for this wonderful touch.

I am praying for you and your ministry. I'm so happy to be a part of this great move of God. The Lord lays a burden of prayer on my heart for you many times. God bless you and meet your every need.

straight across from each other. (My left shoulder always leaned some.)

When we got home, I took off my shirt and looked in the mirror. Where one hip bone had been lower than the other, it was now straight. My wife said that my shoulders looked as if I had exercised to build them up!

I had just taken a pair of boots to the shoe maker to be repaired and to have a  $\frac{3}{4}$  inch heel put on the left boot. When I went to pick them up I told the shoe maker to please take off the extra  $\frac{3}{4}$  inch heel.

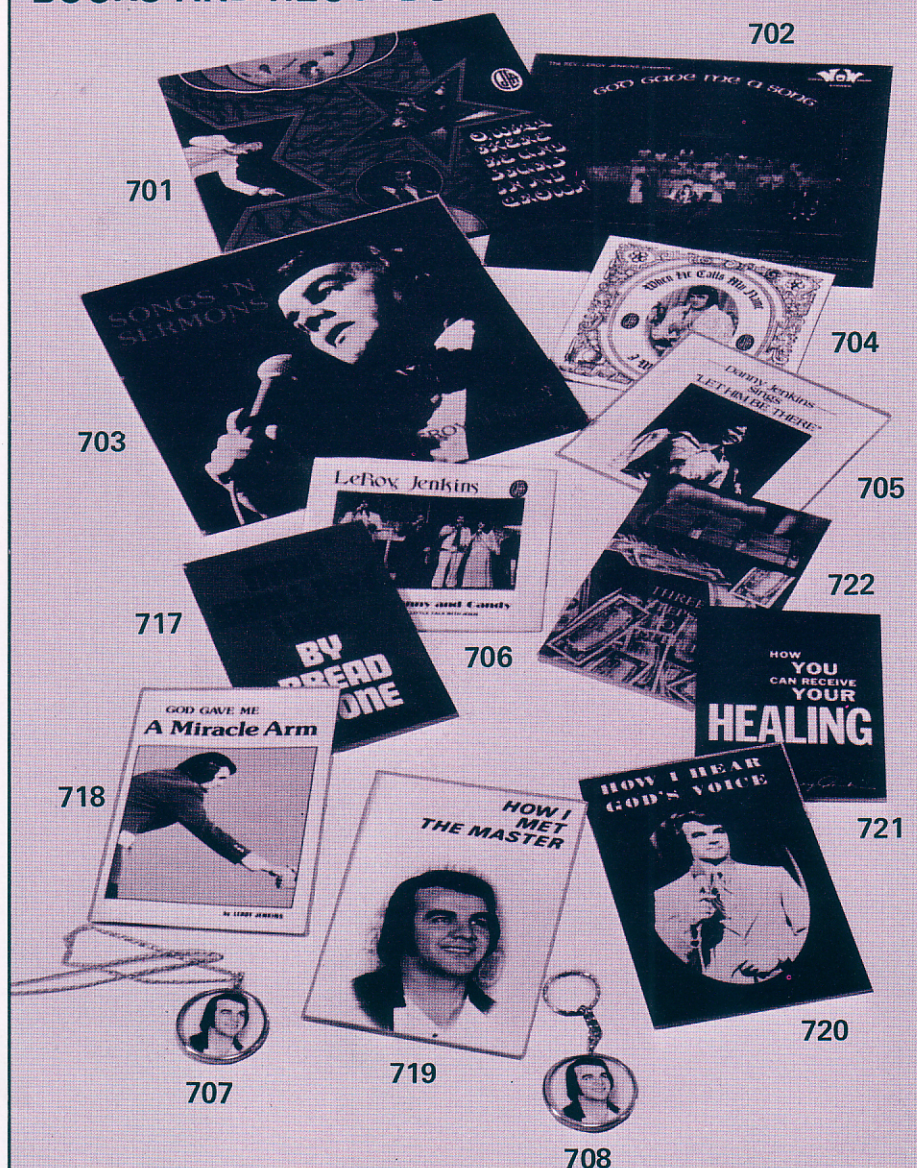

I thank God for you every day, for through you, God has healed me and my wife.

Sincerely sent,

## I WANT TO BE A LOUD SPEAKER FOR THE LORD

Dear Brother Jenkins,

First, I want to thank you for praying for me in Chicago the last time you were at McCormick Place. I was the young man you called out to pray for my wife which I had left at home ill. I didn't understand English, but through the Spirit, I *understood everything!* It was a tremendous experience. While you were praying my wife got up and I found her washing dishes at home.

I am an ex-drug addict who is now washed in the blood of Jesus. After my liberation from sin and drugs, I went to a Bible seminar where I was taught the Word in such a way, that, if it hadn't been for my sincere encounter with the Lord, I would not have gone on with the Christian life.

In this seminar, I met a great deal of "religious" leaders and, sad enough, just a few were real sons of God.

I have a calling to work for the Lord. I want to be a "loud speaker" for the Lord. I want to go to Puerto Rico and Latin American countries. My wife and I are both in this together and God knows that this has been our desire for years.

## TESTIMONIALS

### I GOT SO WORRIED I COULDN'T PUT MY PRAYING WORDS IN THE RIGHT PLACE

Dear Bro. Leroy and Associates,

I called in on Tuesday, November 23rd, for prayer for my seven-year-old son who had been hit by a car on Monday. When the ambulance attendant picked him up from the side of the road, he said that my son had a broken leg and arm. I prayed with other friends and when they took X-rays they couldn't find any broken bones.

He got a hard lick on the head also. So they sent him to another hospital for head X-rays and said he had blood clots.

That's when I called you because I got so worried that I couldn't put my praying words in the right place. All I could think of was to call Bro. Leroy.

I went home 36 miles to make the call. The lady prayed immediately. When she finished I felt like a burden had been lifted off my shoulders. She told me not to worry.

About 12:30 that night he woke up calling out to me that he could move his neck. All I could say was, "Thank God." Then about 3:00 that morning he woke up again crying because his nose was bleeding.

At first, I got frightened. Then something came to me that this was the blood clots.

At 7:10 they took him down to X-ray his head and do a brain scan. After three hours they brought him back and the doctor said that there was nothing to worry about — they couldn't find any blood clots.

My son was watching TV Sunday morning when your telecast came on and his little brother was talking to him.

He told his brother to wait awhile and he would talk to him later, because he had to watch Bro. Leroy; because Mommy had called them and they prayed for him over the phone.

Thanks again and I pray God will ever bless you and your associates.

### NO MORE CANCER

Rev. Jenkins,

Some time ago I wrote to you and asked you to pray for my son. He was in the hospital at that time with cancer in his throat. The doctors said he would have to stay there for six weeks.

I wrote to you and asked you to pray for him. He didn't have to stay six weeks. Thank the Lord and you. He is doing fine. The doctors say there is no more cancer.

Thank you for your prayers for my son. I am praying that God will continue to bless a man of God like you.

Yours in Christ

### I WAS AT THE END OF MY ROPE TRYING TO PLEASE MAN

I have often wondered, and been in despair because I could not understand why that whenever we get settled and working in a church a certain length of time, then out of nowhere it comes to me — no more in this place. It is enough.

About three weeks ago on your telecast I heard you for the first time give a message in tongues and interpretation. It helped me much in understanding this situation, and why I could not be satisfied in whatever work or church I was in.

It helped me to see that I was at the end of my rope of trying to please man. That I no longer could bear being boxed up in a small place, among a small group of people that were always falling apart and not doing much — other than defeating their purpose of reaching others for God. There is a higher goal and I want to reach out.

I know I have failed God many times because I have been bound, but I want to be free so that I can and will know what God wants me to do and when and where and how!

I'm glad you DID obey God that day, for if no one else received anything from it — I did!
