"IF YE HAVE FAITH AS A GRAIN OF MUSTARD SEED . . ."

MUSTARD SEED

We don't have to have a mountain of faith, but the Bible describes it as a "mustard seed" of faith to be healed. The mustard seed is one of the smallest seeds known to man, but when it is properly taken care of and becomes full grown, it is one of the largest. Jesus Christ used the mustard seed in a parable to explain to the people what He was talking about. "The kingdom of heaven is like to a grain of mustard seed, which a man took, and sowed in his field? Which indeed is the least of all seeds; but when it is grown, it is the greatest among herbs, and becometh a tree, so that the birds of the air come and lodge in the branches thereof." (Matt. 13:31, 32)

Christ went on further to teach the people that even though the mustard seed was small, if they would have faith as a grain of mustard seed, nothing would be impossible to them. "If ye have faith as a grain of mustard seed, ye shall say unto this mountain, remove hence to yonder place; and it shall remove; and nothing shall be impossible unto you." (Matt. 17:20)

NOTHING IS TOO HARD FOR GOD

I like to observe people from all different backgrounds – the Catholics, the Methodists, the Baptists, and others – who attend my crusades all over the country. And they have faith, too. You only have to have a little bit of faith for God to do a great big miracle for you.

So many people are going at the thing wrong which is the reason they never get anything. They go at it in a big way, and think that they have such a great problem that they don't know if they can make it or not. But let me tell you something. The very hardest thing in the world for man to accomplish is so easy for the Lord that it is insignificant. It is just nothing in the eyes of the Lord.

Begin to let God do the things for you that He has promised you. Turn your faith loose and let it be simple, like the Lord intended it to be. And let those crippled legs of yours stretch out there and those blind eyes begin to see again and those deaf ears begin to hear and that mouth begin to talk.

YOU DON'T HAVE TO BE SICK

The Bible says because you are sick it is not because you have sinned, but rather that the glory of God might be manifested in you. (John 9:3) God wants people who will turn their faith loose so that He can do the impossible to let the world see.

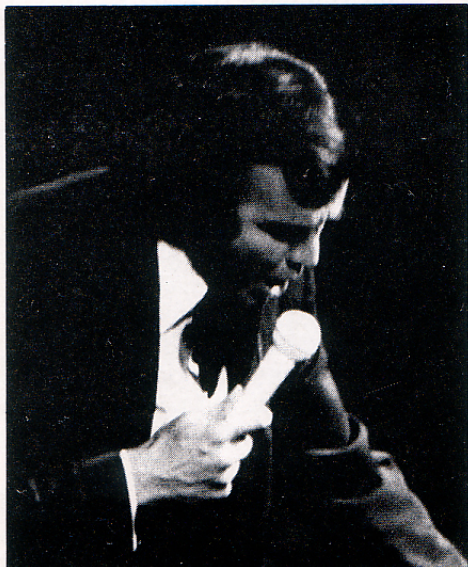

D FAITH

In the Bible days they did not observe anyone getting saved and cause them to get saved. Rather they watched the miracles Jesus performed on the sick and the afflicted. And because they watched and saw miracles, they turned to God.

JESUS CHRIST – THE SAME YESTERDAY, TODAY, AND FOREVER

I believe we ought to emphasize divine healing. We ought to let people see what God can do and is doing today. I believe it ought to be put up on the platform where people can see it. I don't think a good thing like this should be hidden.

There are many people in the world today who do not know that God can heal them. They have never seen God perform a miracle, and they do not know that it could happen to them. That is why I am trying to reach as many people as I can through the means of television, radio, and publications to let the world know that Jesus Christ is the same yesterday, today, and forever. What happened in the Bible days can happen and is happening in the world today. But you must have faith.

THE DAYS OF FEAR ARE OVER

Jesus Christ said, "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father." (John 14:13) This indicates to me that we are supposed to see the same things happen today that happened when Jesus walked on this earth and taught the people. If people were saved, healed, and delivered when Christ was here, then the same things should be happening today, but in an even greater way. Praise God!

The days of fear are over. If you have fear, then you don't have any faith. If you have faith, then you don't have any fear. And if you have God, then you have faith and you should not fear. Can you say Amen?

We are not supposed to fear. We are not supposed to let fear take over in our lives. Many

people go to the doctor and he tells them that they have cancer and they break down and fall to pieces and die half the time because it frightens them – it gives them fear. But if you hold onto that faith that God has given you then you won't die with that cancer! You won't die with those blind eyes! You won't die with those crippled legs! God will raise you up again!!

GOD IS THE ONLY ONE WHO CAN HEAL YOU

In the Bible days there was a lady who had an issue of blood for 18 years. Why didn't she get healed before the 18 years? Because she had to realize who the Lord was. People had to read about it and realize that things don't just happen the next day after they get sick. You have to realize that you are sick, and that doctors can't do you any good. You have to realize that your pills, shots, and everything else won't do you any good. You must realize that God is the only One who is going to do you any good at all. And then you can be healed.

We are not supposed to trust in doctors, when the Lord is our doctor. We are not supposed to trust in pills, when the Lord is our pill.

(Continued on page 4)

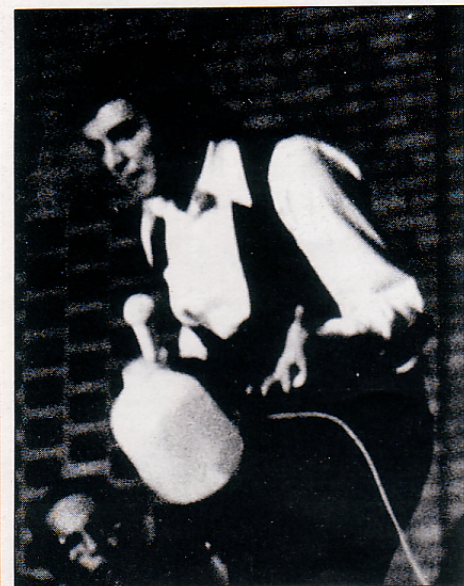

MUSTARD SEED FAITH

(Continued from page 3)

You can speak in tongues all you want to, but tongues is not going to heal you. You can prophesy all you want to, but prophesy is not going to heal you. There is only One who is going to heal you, and He isn't going to heal you because you are white or black, Chinese or Mexican, or for any other reason. He is going to heal you simply because He loves you. And if the Lord loves you, then you must love Him. And if you are sick, He is your Father and He will heal you.

IT TAKES TWO TO AGREE

I don't care what people say and I don't care how many prayer lines you have been in and how many people have prayed for you. It is not their fault that you didn't get healed. It is your own fault that you didn't get it, because you have to turn your faith loose along with the evangelist or whoever prays the prayer of faith before it will do any good. There has to be two people agreeing before it will ever do any good. Jesus said, "Again I say unto you, that if two of you shall agree on earth as touching any thing that they shall ask, it shall be done for them of my Father which is in heaven." (Matt. 18:19)

One of the signs that will follow the believer is that "they shall lay hands on the sick, and they shall recover." (Mark 16:18) Why do you think the Lord said to lay hands on the sick? It isn't the hand that is going to heal the people. He said to lay hands on the sick so that there would be two people agreeing. Laying a hand on someone won't do any good, but when you agree, something happens.

I believe we are serving the same Jesus Christ who walked along the shores of the Sea of Galilee. And I believe He will do whatever we believe Him for. I don't care how silly that might seem. I believe we are serving that kind of God today in the year 1977.

TOO MANY PEOPLE LOOK FOR EXCUSES

There are too many people saying well "if" and "and" and "but" and "this" and "that" and "the other". There are no ifs and ands and buts in the Kingdom of

God. You either believe God or you don't believe Him at all. You either turn your faith loose and reach out and claim it or you don't get it at all.

One lady told me that if she didn't get healed in my meeting, that she would go to someone else's meeting. They fly backwards and forwards and go all over the country, following man, trying to get healed. You can get healed on your own faith if you will turn it loose and quit being so stingy. Some of you people are so stingy you won't even pay your tithes. And then you wonder why God doesn't do anything for you.

KEEP YOUR EYES ON THE LORD

You have never seen God or Jesus in your life, but you have faith and confidence in them. If you don't have confidence in this ministry and in a person that you can see, then you don't have faith in God whom you have never seen. Now don't use the excuse that there have been so many people who went off the deep end, and you got carried away with them. That is your fault. Don't blame me for something somebody else did to you, because there were people in the Bible days who slipped and went to hell, and there will still be some more. That is the reason you need to keep your eyes on the Lord and not on man.

"Father, we pray to you this day. And you see that mother, that father, that boy and girl. You know the needs before we even ask. And we ask that those needs be met. Heal those crippled legs and open those blinded eyes. Set those people free who have faith in you, as they release their faith using this media as a point of contact. Heal them right now, Oh Lord we pray. We believe that this need has been met. We accept it and we thank You for it. For we ask it in the Name of Your Son, Jesus Christ, Amen."

I very seldom write a letter to my entire mailing list. I do not like to trouble you by asking you to help support the work I am doing for God. But a few months ago I felt led by God to write such a letter, sharing with you the tremendous burdens that come with a ministry such as I have. Many times I feel lonely and I feel like I am standing alone in the work God has given me to do. I have been criticized and talked about. But please remember this one thing — when God calls you, He also qualifies you. I have tried to let my light shine before men that they might see the works that are done through the power of God.

You might not realize this, but I really appreciate my many

friends and partners God has given me all over the world. Without your prayers and support of my ministry, we could not continue to reach many thousands of people each week through our television and radio programs, telling them of the saving and healing power of our Lord Jesus Christ.

I received many thousands of letters of support in response to that letter. I would like to share a few of these letters with you. Please remember that I covet your prayers for my ministry as we endeavor to reach the entire world with the message of God's love and miracle-working power before the soon return of His Son, Jesus Christ.

than they are to what you are preaching and praying for the sick — Well, I think they are sick spiritually and we need to pray for them.

I certainly will be praying for you and your ministry, and I know you will pray for me and my loved ones. God bless you and your church.

Dear Brother Jenkins:

Thank you for your letter. In my opinion, you are standing head and shoulders higher than most of us. There is no need for apology for your education, dress, etc. Peter, who was selected by Jesus, did not have these attributes. Rarely a day passes that I don't pray for you and your ministry.

I watch your program every week. One day about three months ago you stopped in the middle of what you were saying and said, "Someone out there in the television audience has a trick knee." Although my knee was not so bad that I could not live with it, I seemed to know that you were talking about my knee. For several years it would jump out of socket suddenly and almost dump me and sometimes it did. It would take several minutes to maneuver it back into place so I could bear my weight on it. Since that time my knee has returned to normal strength without any weakness. Although I had not prayed about the knee, I praise the Lord that He has healed it!!

Dear Brother Jenkins,

On Sunday, April 24, 1977, your letter of March, 1977 was read to our assembly. Because of your words, and in obedience to Jesus, our Lord, who has said, "This is my commandment, That ye love one another, as I have loved you," we hereby express our love and say we love you and them that are with you. Accordingly enclosed is a check for \$1,000.00, which, it is believed, is an act of a bit of God's love moving in the hearts of His children.

Yours,
in the Name of Jesus,

Dear Brother Jenkins,

I received your letter and I have been in many of your services down through the years. I was healed of a pinched nerve in the very first service I ever attended 12 years ago. I never knew as a Methodist anything about the nine Gifts of the Spirit. You called me out and told me about the trouble I was having in my neck which was caused by a pinched nerve in my back. And praise the Lord, it is still healed and always will be!

You are one of the very few who still tell it like it is. I love to watch your TV programs.

About your clothes and other things people talk about, well we need to pray for them because if they are paying more attention to those things

Dear LeRoy:

This is very strange, for the last week you have been on my mind, and I have no idea why.

I am glad you are going on with, and for, God. I, too, think we are in the end times. All signs point to the soon coming King.

Yes, God had His hand on you even before you were born. I, too, must have been in His will.

Why would you not want to tell me of your burden? I seem to remember when you would let me know about them, and God so beautifully answered our prayers. I haven't changed my lifestyle one bit. And why would you think that I would think that you aren't human? Don't you remember one time over 17 years ago that I recognized a need you had? What did I do? You can feel free to tell me your problems at any time. I am so glad God answers my prayers, too.

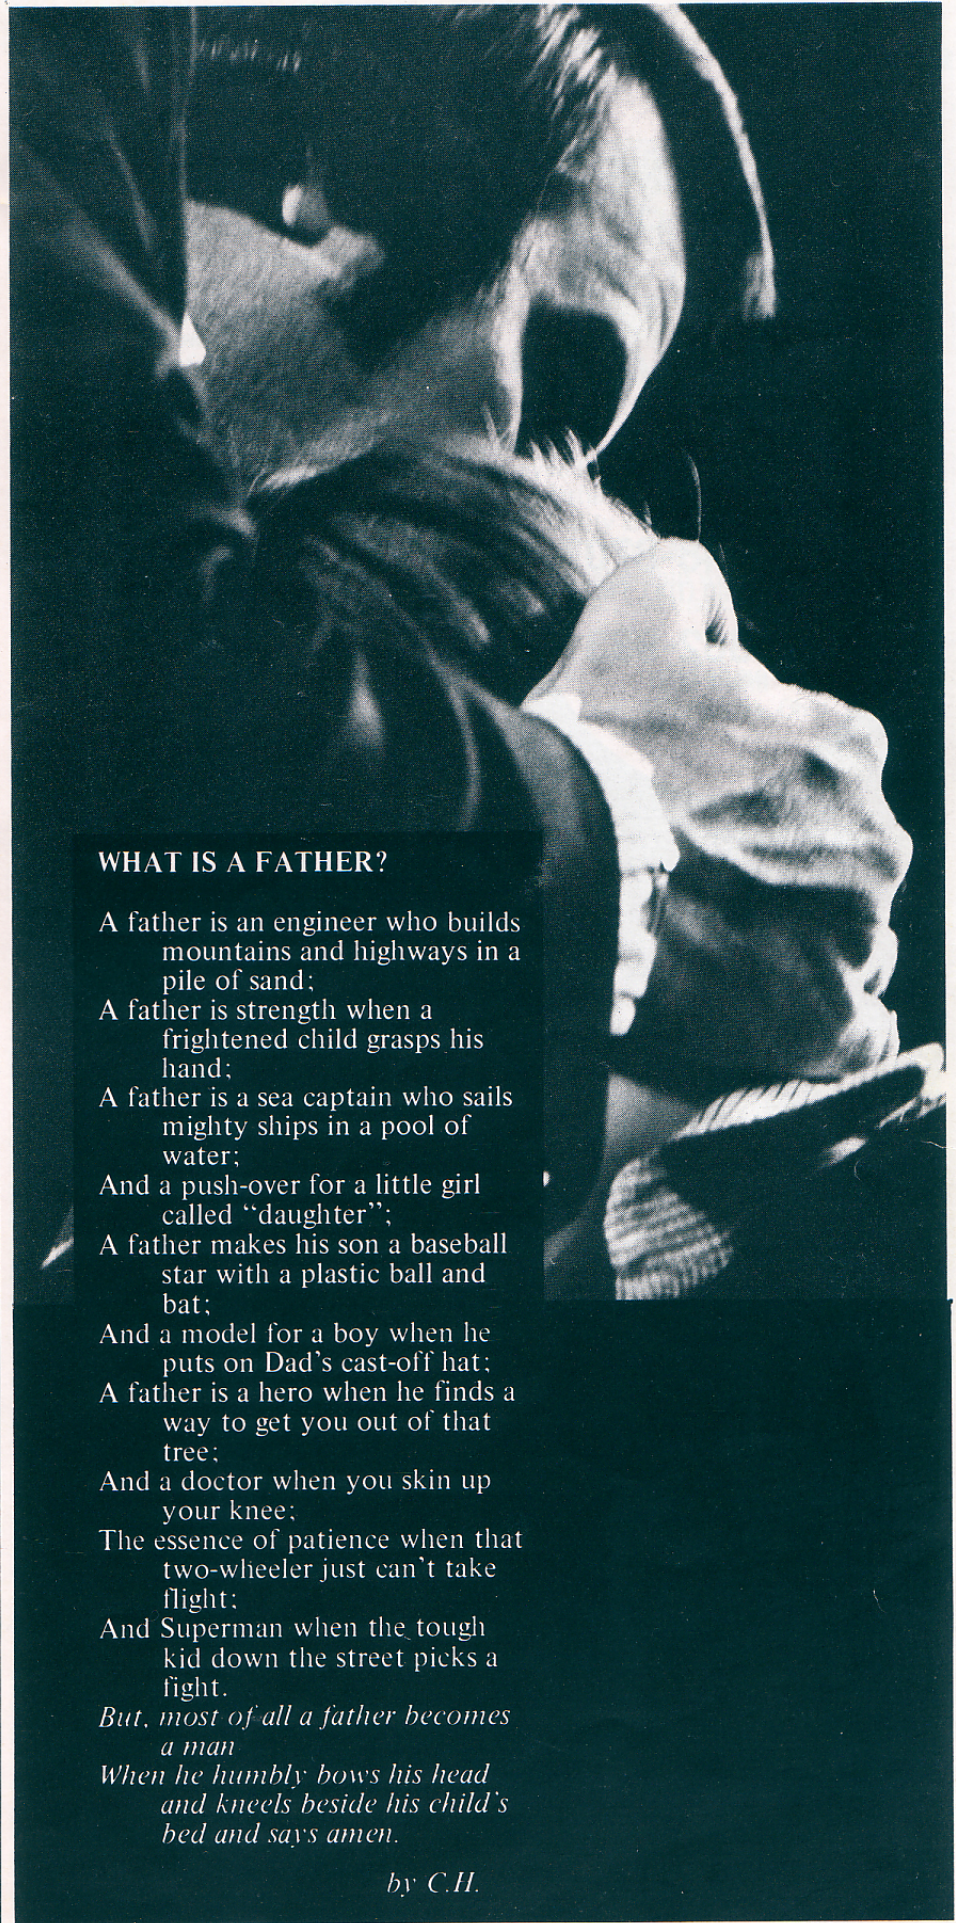

Keep true to Jesus, and victory, under any and all circumstances, is yours. You say they criticize you. Remember our Lord and Saviour Jesus Christ of Nazareth. They crucified Him on a tree, and we must be a part of Him. And that is a part. Just cheer up and think of the reward — Life Eternal.

No, the devil sure wants nothing of God's Word on the air. And any of his own will and do lie to hinder God's program for the people. So when you were taken off the air, it was just some of the devil's work. But greater is He who is in you than he who is in the world. Cheer up, God is on His throne and all is well with the world.

God bless you abundantly is my sincere prayer.

(Editors Note: The above letter was written by the lady who was instrumental in me receiving my healing. She is the lady who used to work for me when I had my piano shop in Atlanta, and she walked 12 miles to my home after my accident to tell me that God could heal me. She told me about a tent meeting that was in progress there in the city, and she told me that if I went to the crusade, I would be healed. I will never forget her.)

WHAT IS A FATHER?

A father is an engineer who builds mountains and highways in a pile of sand;

A father is strength when a frightened child grasps his hand;

A father is a sea captain who sails mighty ships in a pool of water;

And a push-over for a little girl called "daughter";

A father makes his son a baseball star with a plastic ball and bat;

And a model for a boy when he puts on Dad's cast-off hat;

A father is a hero when he finds a way to get you out of that tree;

And a doctor when you skin up your knee;

The essence of patience when that two-wheeler just can't take flight;

And Superman when the tough kid down the street picks a fight.

But, most of all a father becomes a man

When he humbly bows his head and kneels beside his child's bed and says amen.

DIABETES VANISHED BACK TO NEGATIVE

Dear Pastor LeRoy Jenkins,

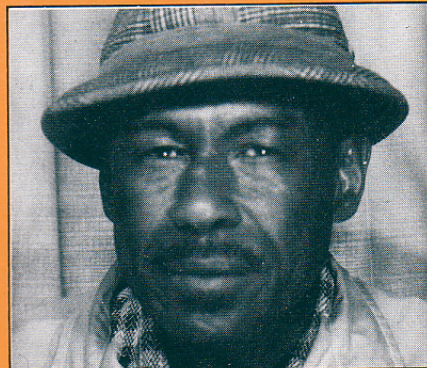

My wife and I are writing to thank you for the prayers that were administered for her and myself over the Prayer Line a few weeks ago. They were so moving.

My wife called because of her blood pressure and diabetic condition. When we went back to the doctor, the diabetes had already vanished back to negative and the blood pressure back to normal!

My heart hasn't been giving me the trouble it did. I have been doing chores that I was not able to do before.

Thanking you and Jesus for helping us,

"I KNOW THAT YOU ARE TRULY GOD'S PROPHET"

I am truly thankful to God just to be able to write this testimony. It make me feel good to tell others what God has done for me.

Last September, as I was leaving my job in the village of Oak Park, I entered a bar for a beer. As I was leaving the bar, I was stung by a bee right under my right eye. It began to hurt really bad. I prayed and said, "My Lord, if I am your servant in Christ, and if LeRoy Jenkins is a true prophet (and I do believe that he is), please don't let my face swell from the sting of that bee." Right away I could feel the pain leaving from my face down through the right side of my body in a mysterious way. Until this day my face has never swollen from that bee sting.

I know that you are truly God's prophet!

LIBERACE PRAISES MIRACLE DRINK

I start out each day with the "MIRACLE DRINK," and after only a few weeks, I have noticed a change in my weight. My energy level seems to be at its peak. I don't seem to require as much sleep as I did before taking this wonderful drink. I find that it is even more delicious if you add a small amount of shaved ice. It tastes like a wonderful milk shake. It's a lot healthier for you. I highly recommend it to everyone.

THANK GOD FOR THE PRAYER LINE

On May 6th my four month old son, Cory, woke up early in the morning feeling very hot. I took him to the doctor and he said he had a temperature of 103°. His diagnosis was some sort of viral infection, but he could not treat it until some other symptoms developed. He said it would likely be chest or ear infection. I came home and called the prayer line and asked that Cory be healed from the fever and also a rash that had developed about a week earlier. The next morning the fever was gone and the rash was looking much better.

The next day my two year old son, Billy, started feeling hot and also started vomiting. My husband called the prayer line that evening and by the next morning the fever was gone and no more vomiting.

We thank God that through Rev. Jenkins the prayer line is available, and that our prayers were answered. Praise the Lord!

"I FELT LIKE I HAD THE STRENGTH OF A LION"

I was sitting in the balcony of the Dayton Hara Arena when Rev. Jenkins asked the audience to stand and place their hand on their body where they were having problems. He began praying and the power of God electrified me to the extent that I had to sit down. A surge of life flowed through my chest, and I felt like I had the strength of a lion. I wouldn't exchange that experience for a million dollars.

When I returned to my doctor to have him check me once more for asthma and bronchitis, he stated that my lungs were as clear as they could possibly be.

I was born and reared in a Christian home and have always accepted God as my source. But since that experience, I have much more "eternal optimism." I have ceased being negative and have become positive in my whole being.

AFTER SIXTEEN YEARS AND THREE OPERATIONS...

I was to the Norfolk crusade at Chrysler's Hall when I got a miracle from God. I was cured from cancer. I haven't taken any medicine since that day, and I am telling everyone what God has done for me.

I can't begin to tell you how I felt. It was as if I had been lifted up. I couldn't stop crying and praising God.

I had had cancer for 16 years and had three operations. The last time I was in the hospital the doctor said it had gone into my bones. He was not able to give me much hope.

I am so thankful to God for touching me that day.

"I HAVE DECIDED TO FOLLOW JESUS, AND I'M GLAD I DID"

Dear Rev. Jenkins,

I am a Mexican-American. I have always believed in God and His power because of stories I would hear about Him. But I felt I was a failure after having two broken marriages.

My mother told me about your program on television. I started watching your program, and then I attended your crusade in Los Angeles on January 6th of this year.

I really got blessed at the crusade. I felt a warm feeling going from my neck to my head, and then I felt like someone was lifting my neck up and then setting it back in place again. The bad headache I had come to the meeting with disappeared!

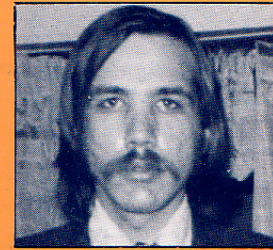

I no longer feel lonely, depressed, unloved, or nervous anymore. And the lumps I used to get on my neck and head have disappeared. I know that God loves and cares for me, and that He listens to me when I pray. I have decided to follow Jesus, and I'm glad I did!

"I WAS AT THE END OF MY ROPE"

My mother and grandmother had told me about Rev. Jenkins, and I had watched him several times on television. Then on Sunday, March 6, I went to his church in Delaware, Ohio.

During the service he asked for all those who were on drugs to come forward because he wanted to pray for them. I went forward because I knew if God didn't do something for me, I wasn't sure what would happen. I was at the end of my rope. My wife had just suffered a nervous breakdown from using drugs, so I know that God was my only hope.

After Rev. Jenkins told me about myself, he laid his hands on me and prayed for me. I felt so good and wonderful all over. Now I am able to face reality and see things the way they really are. And I have a much closer relationship with God. I truly thank God, and thank you, Rev. Jenkins.

HEALED THROUGH A MASS PRAYER

When I was 12 years old I had severe earaches off and on for about a year. Soon after that I noticed that my hearing was not as good as it used to be. For many years the hearing in my right ear was poor.

I attended one of Rev. Jenkins' crusades in Chicago. When he prayed a mass prayer for everyone, I put my right hand over my right ear and prayed: "Dear God, please improve the hearing in my right ear. I know that you can do it if you want to."

Two days after the meeting I tested my hearing by listening to the ticks of my watch. I could hear with my right ear just as good as with my left ear. Before the healing I could not hear my watch at all with my right ear.

I am grateful to God for my healing.

VOICE God's PART IV

When Jesus came along in the Bible days—New Testament days—we find that He not only preached the Gospel of repentance, but He stressed healing. In fact, He spent about one third of His time praying for sick people. He worked many miracles, He even raised the dead. The reason Jesus could do these things was because He did what the Father told Him to do. He heard the voice of God. Jesus said, "Of myself I can do nothing. I can only do the things that my Father instructs me to do and allows me to do."

This is the same way we must operate even today. Sometimes people become distressed because I don't pray for them personally during the service. The fact is, some even get angry. I've had them to even curse me!

They think *I* can heal them. They think *I* can do the miracle outside God and without the help of the Holy Ghost. But I can do only what God tells me to do when He tells me to do it. That's . . .

HOW I HEAR GOD'S VOICE

Whenever anyone in need will have the humility and the faith to reach out and touch God, the blessing will be his. You cannot get your eyes on the *man* that does the work. You *must* keep your eyes on Jesus, who is the Healer, the Saviour, the Baptizer, and the soon-coming King. Jesus, through the power of

the Holy Ghost or Word of Knowledge, was able to tell the people around Him about themselves. He told Nathaniel what he was doing under the fig tree. He told the hypocrites around Him what they were thinking. Jesus was in contact with the Father. He didn't rush over to pray the prayer of faith for Lazarus. Mary and Martha became very upset and discouraged because Jesus prolonged His visit to their house to pray.

Many times this happens. People call for the preacher to come and pray and they get very disturbed when it doesn't work out just the way they want it to.

But you must remember that as we walk with God, our steps are ordered of the Lord. Jesus knew exactly the sequence of events that were to take place. His Father had already told Him how to handle the matter, and of course, it worked out just like He knew it would.

HOW I HEAR GOD'S VOICE

Father, I ask that You order the steps of this reader. I ask that You teach and tell this one how to handle matters so that they will work out just right.

And most of all, Father, I ask that You help them to keep their eyes on Jesus, the Healer, the Saviour, the Baptizer, and the soon-coming King.

*In the Name of the Son of God!
Amen!*

A DAY IN COURT. . .

HOLY HILL

The Attorney General's Office for the State of Ohio filed a suit against me saying that my church was a "public nuisance". They also said that I did not comply with their building codes by having a permit to build my church. I told them it would be a cold day in hell before they would close the doors to my church. Amen!

Can you imagine the government calling a church a public nuisance? If they want to close any doors down, they ought to go down to those adult bookstores and movie houses where you can go in and see anything you want to see. They ought to concentrate their efforts on stopping the use of grade school children in pornographic movies and preventing their addiction to drugs. They ought to make our streets safe to walk on. And then if they have any time left, they can come and close my church.

I know of some buildings that were built without a permit, and some of them are state buildings. I took a tour of the Ohio State Fairgrounds and pointed out to reporters some rotted boards, rusted columns, hanging wires, and broken wood. I think that they ought to make all those places safe for the people, too.

The response to all the publicity we received was greater than ever before. I am glad to

know that there are still some people left who will stand up for what they believe in. I received hundreds of letters of encouragement from people who were concerned. I would like to share a few of these letters with you.

Dear Brother Jenkins,

I believe in you and I am praying for you. I believe if you will commit your church to God and say, "Here it is Lord, You do what you want with it," everything will be okay. He may have a better location for you.

He says in Romans 12:17-21 to recompense no man evil for evil, and to avenge not yourselves. For it is written, "Vengeance is mine; I will repay, saith the Lord". "Be not overcome of evil, but overcome evil with good."

Psalms 105:15 says, "Touch not mine anointed, and do my prophets no harm." When Jesus was fighting the devil, He always overcame by the Word of God and His testimony. I would hate to be the authorities in Columbus and Delaware if you commit it to God.

E.M. — Ashland, Ohio

Dear Rev. Jenkins,

I heard on the radio of your trouble, of people declaring your church a nuisance. The devil sure is working hard. Enclosed is a check to help you fight for what is right. God bless you, and I am praying for you. We *can't* let the devil have his way.

G.N. — Columbus, Ohio

Dear Rev. Jenkins,

I just finished watching your Los Angeles television program. Good! We need more like you to stand fast for the good in the world and fight the evil!

My husband and I were on vacation in Florida when the negative publicity came out on you. We didn't catch it on the TV but through oral news and people always add more.

The corruption that is in our city, county, and national government is appalling and the power people (money people, industries, etc.) get by with their evil. Such as you who are doing good are always hounded and that is because you are a threat to them. The drug people, those who manufacture and those who protect them and get rich from them, are out to "get you," so to speak. Well, just don't let them discourage you. Discouragement is the tool of the devil and when that sets in, you are gone. Remember that the Master said, "In the world you shall have tribulation, but be of good cheer, I have overcome the world."

Your destiny was to come into this world on planet Earth for just such work as you are doing. You have a special gift. Never misuse it. Keep on with your wonderful work for God.

Congratulations on your marriage. You have a beautiful wife, and you make a handsome couple.

Mrs. G.W. — Newark, Ohio

Dear Rev. and Mrs. Jenkins,

I heard your program today on T.V. from California. I heard what they were trying to do to your church.

I very seldom watch the news because there is nothing good on.

Brother Jenkins, don't ever close up the church. Keep it wide open for the Lord's work. That is what the devil wants all of God's children to do — to fold up. I am on your side all the way. I love the Lord and I am praying for you. I know that with God on your side, you will win. He will never forsake you.

I know that God's children have a hard time of it, the way the world is getting. But I know that His children will come out on top. I am praying for you and your ministry, and I am all the way with you.

I just wanted to let you know that I am praying for you and sticking by you.

Dear Rev. Jenkins,

We saw your program on T.V. and we appreciate you calling the drug addicts and praying for them.

We heard the news about your church and couldn't believe it. Keep up the good work with God's help.

I am a member of the Women's Christian Temperance Union, and we are fighting the evils of this world. Stand up and be counted.

We would appreciate hearing from you soon. We watch you every Sunday morning. May God bless you.
