EVOLUTION: A Religion  
Not A Science... (6)

*Faith Works...*

# And Jesus never fails

Although I dedicate my ministry to winning souls to Christ, I am also concerned with teaching Christians how to live by total faith.

## WHAT IS FAITH?

"Now faith is the substance of things hoped for, the evidence of things not seen" (Heb 11:1). You cannot see faith . . . or touch it . . . or experience it with any of the physical senses. It is a knowledge or conviction.

Everyone has faith. Some place their faith in the physical, or man. Others place their faith in the supernatural, or God.

Faith is God-given. "God hath dealt to every man the measure of faith" (Romans 12:3). Where man chooses to place his faith is up to him.

A person will have sufficient faith in man to board an airplane. But if the engines begin to sputter his faith in man wavers. Total faith in God will never waver. Isn't it wiser to have faith in God who is infallible than in man who is not?

Principally, faith in the supernatural is trust in Jesus Christ, the truth of His word and the forgiveness of sins for which He died. It is a radical and complete commitment to God. In other words, you cannot sit on a fence and be a faithful Christian at the same time. "Whatever is not of faith is sin" (Romans 14:23).

Doubt is the opposite of faith. If a Christian surrounds himself with nothing but gossips, non-believers and skeptics his faith can be damaged. Anything that would hurt or interfere with faith should be avoided.

All negative or skeptical thinking is the result of fear. Some of you may have noticed when witnessing to an unbeliever, that he will absolutely refuse to listen to you and may even avoid you in the future. He is afraid to face the truth, afraid of making a commitment, afraid of seeing himself as he really is, or afraid of what people will think if he accepts Jesus Christ as his Saviour.

On the other hand, the same man will gladly discuss any topic under the sun that does not threaten him or force him to think of such profound things as life, death, sin and eternity.

You have all experienced doubt. It is the negative thought or feeling that comes over you in a given situation. If you are listening to a sermon from the Bible, for example, and to everything the preacher says you have a contrasting reaction, that is doubt.

But you can know doubt is of the devil for the primary reason that it does not make you feel good or happy. Rather, it makes you feel uneasy, confused, angry, disoriented and miserable.

Some have wishy-washy faith. When they are around believers they believe. When they are around doubters, they doubt. Or when things are going well they are full of praise and when things take a turn for the worse they do nothing but whine and complain. This circumstantial, compromising faith is worthless.

Faith is a product of love. "Charity believeth all things" (1 Cor. 13). You have no problem trusting someone you love. If you love God you should have no problem trusting Him.

Contrary to a popular theory of non-believers, spiritual faith is not blind. It does not operate in a void. It is pragmatic: it works and is rewarded. If a Christian has faith for something he will receive it.

Consequently, a Christian should not know faith and fear at the same time . . . or faith and worry at the same time. Instead, he must already accept and patiently await a gift that has not yet been given him.

One day Elijah was praying for a much-needed rainfall. After he had prayed he sent one of his men outside to look for a cloud. The man returned reporting that he had seen nothing but clear sky. Elijah sent him out again but still the man returned with the

same reply; not a single cloud. Elijah sent the man out seven times in all and the last time he finally spotted one small, innocent-looking cloud. Friends, that tiny cloud caused a downpour — all because of Elijah's faith in the truth of God's promise.

Some of you think that that kind of faith is impossible for you to possess. It is not. Just as you witness the building of muscle tissue through daily exercise, you can also watch faith build. Then, each time you shoulder a heavy load, it will be easier.

### WHY DO I NEED FAITH?

God is not fickle — He never changes. God is faithful and expects man to be faithful in return. In fact, without faith it is impossible to please God.

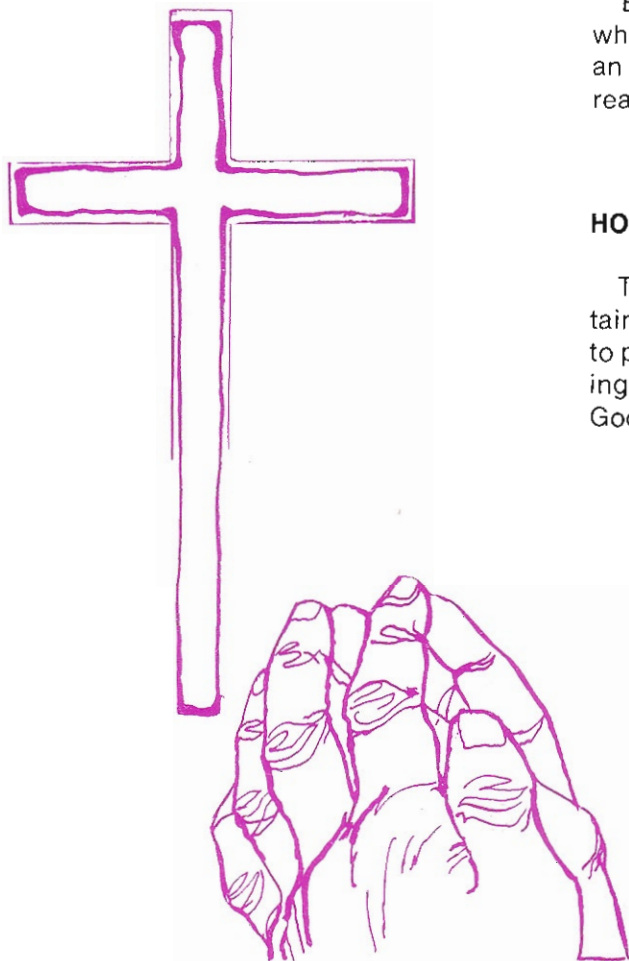

Faith produces peace, joy and hope. It sanctifies and purifies. With it you can overcome the world. You will be able to accomplish things you never dreamed possible.

You may be riding high, billfold bulging, needing nothing and no one. You might be a churchgoer or preacher. Suddenly the bottom falls out. You are stricken with poverty, illness or other difficulty. Without faith you will not be able to cope. Remember the stock market crash and the rash of suicides that ensued? Those unfortunate people had not been taught the principle of faith.

Every single one of you will reach that point in life when you will need faith. Now is the time to take out an insurance policy with God and "Be ye therefore ready. . ." (Luke 12:40).

### HOW MUCH FAITH DO I NEED?

The Bible says all that is required to move mountains is faith as a grain of mustard seed! A phone call to prayer line, asking a friend to pray with you, coming forward in an altar call — all are acts of faith and God will reward them.

# *They overcame by the blood of the lamb and the word of their testimony.*

*For approximately 2½ years I suffered from an illness diagnosed by my doctor as hypoglycemia. This condition (which in later years usually becomes diabetes) is controlled by a strict diet in which virtually all sugars and carbohydrates are eliminated.*

*Failure to follow this diet resulted in insulin shock: blackouts, shakiness, failure to comprehend, etc.*

*Rev. Jenkins prayed for me in November, 1974 and for over a year now I have eaten sugars and carbohydrates and experienced none of my previous problems.*

*I know that Rev. Jenkins is truly a man of God and I know through my own healing that God is alive.*

**Karen Grote**  
Cincinnati, Ohio

*In 1973 I discovered that I had what so many women fear – breast cancer. The doctor told me I would have to have an operation to remove the cancer.*

*Before surgery, a friend encouraged me to attend a Leroy Jenkins crusade.*

*Rev. Jenkins called me out and told me I would never have cancer again. Well, I didn't know a thing about faith healing and frankly, I was skeptical.*

*But when the doctors went ahead and operated they found absolutely no trace of cancer! They were amazed!*

*A change came over my life from that day on. Now I depend totally upon God and He has blessed me abundantly.*

**Louise Smith**  
Hamilton, Ohio

*I was operated on three years ago for a brain tumor. The doctors could only remove part of it and said I would need additional surgery.*

*As the tumor grew, it created pressure in the back of my head, causing severe headaches.*

*When Leroy Jenkins chose me out of the audience he prayed that the tumor would disappear. It did!*

*To think that I suffered so much for so long! And now I feel like a different person.*

*If only more people had faith, God could save them from needless pain and heartache.*

**Arlie E. Moore**  
Dayton, Ohio

*When Rev. Jenkins held a crusade in Dayton in 1962, I was fortunate enough to attend.*

*I had been afflicted with Bell's Palsey for a year. One side of my face was paralyzed and the doctor's treatments had done no good.*

*The crusade was held in a huge tent and Rev. Jenkins had asked the people to walk through a prayerline as he stood at the altar touching and praying for them.*

*I walked through the line and he prayed for me. I went home that evening and went to bed.*

*When I awoke the next morning the Palsey was gone and I was once again a normal, healthy person!*

*Don't ever underestimate the power of the Lord!*

**Orville W. Hampton**  
Dayton, Ohio

*On September 10, 1975, I was admitted to the Central Baptist Hospital in Lexington, Kentucky, following a heart attack.*

*After eleven days in the intensive care unit I requested early dismissal. My doctor warned me not to exert myself in any way.*

*I found that if I tried to do too much I would have to lay down and put a nitroglycerin tablet under my tongue to relieve the pain. I had to take three kinds of medication four times a day.*

*One Sunday I was watching Rev. Leroy Jenkins on T.V. and saw him laying hands on the sick and they were instantly healed. I was so thrilled to see God's power manifested that I made up my mind to go to one of his meetings.*

*I went to his church on November 16 and saw that man of God walking down the aisles praying for the sick and afflicted and God healing them. I had never seen anything like it in my life.*

*Then Rev. Jenkins called to me and told me to come to him. He knew nothing about me and asked me if I believed God could heal. Choked with emotion and the love of God I said "yes".*

*He said he didn't have an EKG machine with him. . .but then he smiled, looked up toward heaven and said "Oh yes I do".*

*He told me that my heart was missing beats and that the doctor told me I must lose 35 pounds - all true.*

*He then asked God to heal me and told me to jump up and down. This I did.*

*Suddenly, something like fingers of electricity swept through my heart and I fell upon the floor.*

*As Rev. Jenkins walked away I heard him say "God has given this man a new heart".*

*When I got home I wanted to try out my new heart so I went outside and started jogging up and down the road. I haven't had a single pain since while before I was healed I had trouble walking to the mailbox!*

*I thank God for His love and healing power.*

**Hershell Gibson**  
Jeffersonville, Ky.

*"And God said Let us make man in our own image,*

after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing. . ." (Genesis 1:26).

I am sure most of you have heard of the theory of evolution. To put it simply, evolutionists claim that all life forms evolved from a single cell; that men are merely sophisticated animals.

Evolution played a big role in the Supreme Court decision to remove Bibles from school. God was expelled and Satan enrolled.

Most students — your children — are taught this philosophy in school. Evolution is also taught in many churches by so-called "liberal" preachers. Millions of people accept evolution as fact.

Not only is it a flat denial of God's word, but it is a powerful tool of the devil to lead people astray.

That is why it is important that you and your children have a deep knowledge of and belief in Biblical teachings.

By denying God's word the evolutionist reduces man's existence to a meaningless state. He scoffs at each individual's value as a special and beloved creation of God. He denies Jesus Christ's redeeming power, the soul and spirit, the born-again experience and immortality. He replaces hope with futility.

This is so unnecessary because any study into the subject shows that the "evidence" for evolution is surprisingly flimsy and circumstantial.

Why is evolution taught and widely-accepted if it is a myth? The only alternative to the evolutionary origin of man is creation by God and creation is considered to be outside the realm of scientific study.

What evolutionists fail to admit, however, is that evolution can't be studied scientifically, either. It cannot be experimented with or analyzed. It's merely a theory — a guess!

Science does not believe in evolution, scientists do. Scientists are men. Men make mistakes. Men are sinful and prejudiced. "The wicked, through the pride of his countenance will not seek after God. . ." (Psalms 10:4).

Don't think for a minute that because you don't have some kind of degree that you can't know the truth. "The fool hath said in his heart, there is no God" (Ps. 14). I know lots of educated fools.

If scientists denied evolution they would have to say God created man and they're just too proud and self-reliant to admit it. "Knowledge puffeth up, but charity edifieth" (1 Cor. 8:1).

You have a choice. You can either stick to the word of God or you can do like the educated fools " . . . saying to a tree, Thou art my father; and to a stone, Thou hast brought me forth . . . but in the time of their trouble they will say, Arise and save us. But where are thy gods that thou hast made? Let them arise in time of thy trouble" (Jer. 2:27, 28).

## *A joyful noise unto the Lord!*

I had bronchial asthma since the age of 19 and crippling arthritis kept me from being as active as I wanted to be.

In 1968 I came down with double pneumonia and had to be hospitalized in the intensive care unit at Springfield Mercy Medical Center.

I believed in God and felt He could probably heal me but I had never put Him to the test.

A friend of mine called prayer line and Rev. Jenkins himself answered the phone. He told my friend that he had written me and that by the time I received the letter I would be healed.

Meanwhile the doctor, finding no pulse or blood pressure, was in the visitor's waiting room telling my family that it was all over — that I was dead!

Suddenly a nurse rushed in to tell him that she had felt a slight pulse. The next day I was moved out of intensive care, completely healed of all afflictions.

As soon as I regained consciousness I reached for a pile of several hundred cards and letters and the first letter I touched was Rev. Jenkins'.

Shortly after my healing Rev. Jenkins asked me to come to live and work with him in Delaware.

Everything fell into place and I moved bag and baggage into his home.

I've been running his house for a long time now and all that I can do for him is not enough.

A non-believer can call me anytime and I'll tell him about my blessing. I'm a living witness to God's power!

By the way, the doctors told me I would never sing again. But you can see me every Sunday at Holy Hill Cathedral singing loud and clear, making a joyful noise unto the Lord!

Nell Heard  
Delaware, Ohio

#### **Prayerline**

Dear Rev. Jenkins,

Thank you so much for praying with me. Your co-workers on the prayerline are really on the ball. I felt spiritually lifted after one of the brothers prayed with me.

I've never heard of a school teacher calling in for prayer about school matters. At first I started not to call, but I knew I needed a

fellow saint to help me pray because I felt weak.

Thank God, things are better. My nerves are steadier and control over my classes is coming easier to me now.

I remember when the brother prayed for me over the phone, he mentioned that God would lead me while teaching.

My method of grading was challenged by another teacher and I didn't know what to do. The principal brought it up before the school board and they voted for me to keep my system the way it is. Praise the Lord!

Pamela Tyler  
Kokomo, Indiana

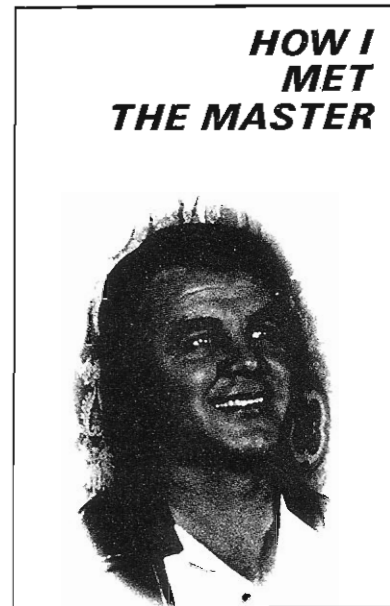

**HOW I MET THE MASTER:** *The inspirational story of Leroy Jenkins life.*

Praise the Lord! My daughter Audrey has been healed of her nervous breakdown. Last Sunday she was only going to come home from the hospital for one day but she said "Mother, I don't have to go back to the hospital. Something has come over me. I know I'm getting well".

She read your book, "How I Met the Master" and that's when things began to happen. She is a different girl.

Please tell everyone about Audrey's healing. I'd like to shout it from the rooftops!

Jessie Grab  
Leola, Pa.

**HOW YOU CAN RECEIVE YOUR HEALING:** *Marvelous testimonies of people who have been healed by the power of God.*

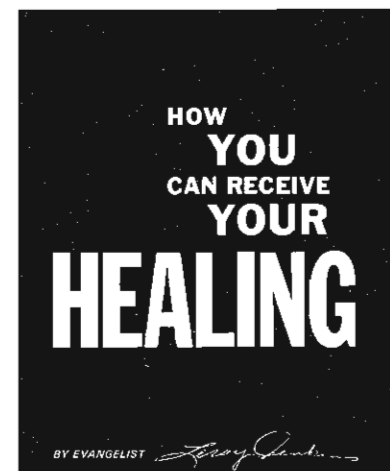

While in the hospital having a growth removed from a lymph gland, the doctors discovered that I had Hodgkin's Disease. I became terrified and hysterical. Not wanting to be a burden of anyone, I had planned to take my life.

My aunt brought me a book entitled "How You Can Receive Your Healing" and I read it. I had no alternative but to try the Lord and see if what I had read about healing was true. This is when I started trusting the Lord.

At 3:00 AM, all alone in the hospital chapel, I prayed for salvation and healing.

In the following days, exploratory surgery was performed but no evidence of cancer could be found. My surgeon could not understand this but I told him the Great Physician had beat him to it.

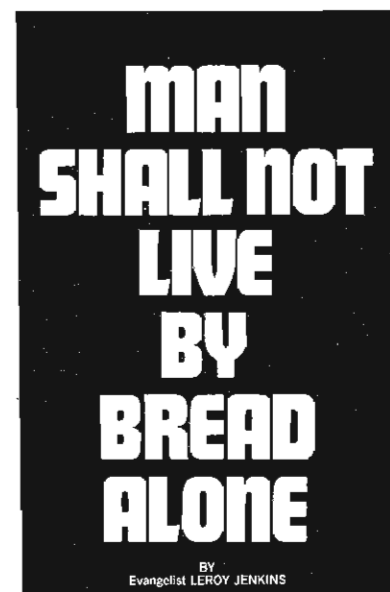

Monna Daniel  
Columbus, Ohio

**MAN SHALL NOT LIVE BY BREAD ALONE:** *Learn how a proper diet can improve your health.*

I am writing to thank you for praying for me. I sent for the book "Man Shall Not Live by Bread Alone". Praise God, it showed me a new way to eat. I have lost 15 pounds in two weeks, and I feel so much better. I drink the lemon in distilled water every morning. And I quit eating all those sweets I used to eat.

Mr. Ernest L. Hively  
Akron, Ohio

Send now for your copy of HOW I MET THE MASTER (\$2), MAN SHALL NOT LIVE BY BREAD ALONE (\$4), or HOW YOU CAN RECEIVE YOUR HEALING (\$2).

## TELEVISION MINISTRY

Just how important is a television ministry? We Christians tend to take for granted the privilege of worshipping together in the Lord's house. But do you realize that there are millions of people right here in the United States that have not heard the word of God or seen His outstanding miracles?

What better way to make the gospel visible than through television? In addition to hearing the full gospel, the viewer has the opportunity to witness all the gifts of the Holy Spirit; tongues, interpretation, prophecy, knowledge, miracles and healing.

Not only do we need T.V. shows to spread the Good News but also to counteract the smut and violence being shown our children. Let's put God in prime time — the devil has too long been the center of attention.

People who would never have attended church have discovered my program accidentally, while changing channels. Their curiosity encouraged them to watch and, subsequently, many gave their lives to Christ. "And a great multitude followed him (Jesus) *because they saw his miracles* he did on them that were diseased" (John 6:2).

Television reaches out to the bedridden, those in convalescent homes and those who live too far away to come to church. These people can "attend church" without having to leave their homes.

I have often emphasized that there is no distance in prayer. The following letter is just one example of testimonies I receive from people who have been healed while watching the service on television:

... I had pain in my back for a good many years. I have gone to many doctors but no one has helped me. So on Sunday when I was watching you and you were praying for people at home, I did what you told the people at home to do; laid my hand on my affliction. Now I don't have any pain in my back at all.

Grace O'Neil  
Reading, Pa.

Because of such wondrous miracles, God is greatly blessing my T.V. ministry. The crusades are seen in more and more cities as the hunger for truth increases.

Your support is essential in financing these programs. Not only do you help others with your donations but you receive blessings just by being a

part of the Lord's great commission: "Go ye unto all the world and preach the gospel."

If my program is not shown in your city and you would like it to be, write and let me know.

# An Act of Faith

One day, during His travels, Jesus came across a man who had been blind since birth. Had Jesus simply said the word, God could have opened the man's eyes. Instead, He spat upon the ground, made a clay of the spittle and rubbed it in the man's eyes.

Now some people might think this method of healing strange and peculiar. Nevertheless, it worked. The blind man was able to see for the first time in his life.

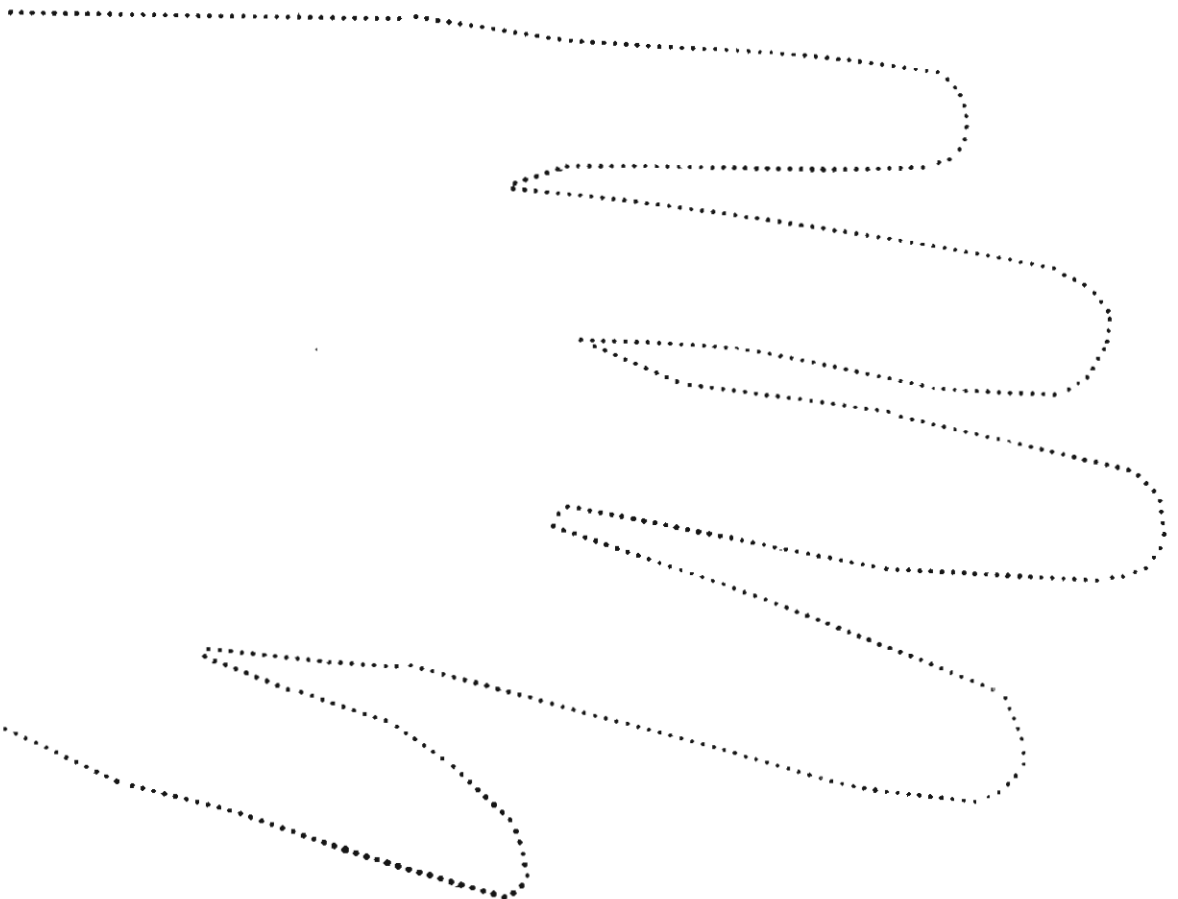

Jesus used this spitting upon the ground as a *point of contact* through which the blind man's faith could be released.

*Now is the chance for you to release your faith* as did the blind man. In the space provided below, I want you to trace an outline of your hand. Within that outline spell out your problems, whether they be illness, financial worries or family troubles. Let God know the desires of your heart.

Mail the outline to me so that I can place my hand on yours and pray over your requests.

Do it today! God will answer many of your prayers even before they get to me!

Remember, *your small act of faith can move whole mountains*. Act now!

Remove label and send in.

Place hand in dotted line and outline with pen.  
Cut out page and mail to me with written requests:  
Leroy Jenkins, Box F, Delaware, Ohio 43015.

## HOW DO I OBTAIN FAITH?

I receive many letters from people asking me to pray for them to obtain faith. You cannot pray for faith, or buy it, or grasp it intellectually. The only way to develop your faith is to try it.

First you must sacrifice your pride, squelch your rebellious nature and become as a little child, humble and believing. As a child expects love and protection from his parents, so must you expect the protection of God. "Except ye be converted and become as little children, ye shall not enter into the kingdom of Heaven" (Matt. 18:3).

"Faith cometh by hearing and hearing by the word of God" (Rom. 10:17). I advise you to stay in contact with Christian people and attend church. Read and study the full gospel. Once you are familiar with Biblical teachings you will be able to put them into practice.

Nothing can hurt faith rooted in the word of God. You will remember that when Jesus was tempted by the devil He used the scriptures as His defense and was victorious.

"Faith, if it hath not works, is dead, being alone" (Jas. 2:17). A man can justify himself by works; helping his brother and sister. Doing the works that God has ordered us to do shows Him that we have faith. Therefore, faith and works go together. If we did not practice the Bible, this would mean we didn't believe it was true. Thus, no faith.

It is fine to pray to God for something, be it health, money, whatever. But if you have prayed and prayed and have had no results it might be because you haven't started believing for an answer. Stop asking and start expecting. Sometimes you will have to take the first step but when you cast your loaves upon the water they will not return void.

Most of you have a need or a problem you are unable to solve. Don't wait until the last desperate moment. Now is the time to act upon your faith — to test and strengthen it. Instead of crying, arguing or drowning in despair, look to God and know that He will provide the answer. You know as well as I that you have nothing to lose and everything to gain.
